IA NEEDED PROTECTION BILL.

The bill recently introduced in the United States Senate, which seeks to protect the President, Vice President, or any officer in the of auccession to these offices; which also seeks the protection of all foreign rulers or chief magistrates, from persons in this country, is a much needed piece of National legislation.

And if also there might be a bill against those persons who by speech or publication seek to promote their anarchical theories, and thus influence others to deetroy lives and property, such legislation would prove of inestimable value,

For it is the Goldmans and Mosts who cause the acts of incendiarism and assassination to be committed, for "No one but a madman would fling about fire, And say that I did it in Sport."

And in connection with these flingers of fire, who incite others to deeds of crime, it is of interest to recall the words of Judge Gary, who sentenced the Ohicago Hay market anarchists in the following words.

"The law holds each man responsible for the natural and probable consequences of his own acts. It holds that who ever advises murder is himself guilty of the murder that is committed pursuant to his advise. Each man has the full right to entertain and advocate by speech and print such opinions as suit himself, and the great body of people will usually care little what he says, but If he proposes murder as a means of en-forcing them he puts his own life at stake, and no clamor about free speech or evils to be cured or wrongs to be re-dressed will shield him from the conse quence of his crime. His liberty is not a license to destroy."

NERVOUS PROSTRATION.

Miss W. Childs-Blackburn, Secretary of the Rock Island Literary and Art Society,

Writes a Special Letter to Mrs. Pinkham Telling How She Was Cured.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

DEAR MRS. PINKHAM: - I take pleasure in acknowledging the effects of Lydia E. Pinkham's Vegetable Compound. In my estimation there is no female remedy to equal it. Weakness not properly attended to, together with the close confinement at my desk brought on nervous prostration, so much so that for a year I doctored continually. I tried different remedies which only succeeded in poisoning my system, and my stomach refused food. A neighbor who had suffered with ovarian troubles and was perfectly cured, called my attention to your Vegetab le

It certainly is of great benefit to women, and I wish every poor suffering weman could have a change try it. Yours very truly, Miss W. Childs-Blackburn, 2922 Fifth Ave., Rock Island, Ill." Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling.

backache, displacement of the womb, inflammation of the ovaries and is invaluable during the change of life.

How Mrs. Pinkham helped firs. Borst. "Dear Mrs. Pinkhan:—When I wrote to you some time ago for advice I really thought my days were numbered. I was so ill that I could not stand on my feet for fifteen minutes at a time. I had female troubles in many of their worst forms; inflammation and ulceration of the womb; leucorrhoea; bearing down pains; headache and backache; nervous prostration. My kidneys were out of order and blood in a bad condition. Everyone, and even my doctor thought I was going into consumption. I followed your advice faithfully for six months with the result that I became a well woman, and it cost me much less than a doctor's bill. I feel that Lydia E. Pinkham's Vegetable Compound

saved my life." - Mrs. Samuel Borst, 7 Cozy Ave., Oneonta, N. The above letter shows how unerring is the advice which Mrs. Pinkham gives to women who write her about their sickness; as the advice is free and always helpful it is not strange that she advises more than one bundred thousand sick women every year. Her address is Lynn, Mass.
