Crops Two Weeks Late.

Frozen ground since early in November has prevented nearly all kinds of out door farm work, especially in preparing the ground for crops.

Cabbage plants set out two months ago, have practically made no growth, where they have not been killed or dwarfed by the cold.

Trucks who have planted peas are not certain as to what is to come from the planting.

Two weeks late is the general estimate regarding crops in this vicinity.

Who?

"Who befriended Uncle Sam?" "I," said John Bull. "I used you, Bull. I befriended Uncle Sam." "Who helped him look Spain?" "I," said the Kaiser. "I stood right by, sir. I helped him look Spain." "Who stood off the Powers?" "I," said the Czar. "I was right there. I stood off the Powers." "Who's his friend now?" "I," said they all. "With unanimous hawl, 'I'm his real friend now!" --Chicago Tribune.

Coffee at Confederate Reunions.

Quotation from a letter we received from The Texas Reunion Association, Dallas, Tex:

"We beg to assure you of our grateful appreciation of your kindness and generosity to ourselves and to the old Confederates who will so much enjoy your liberal donation.

TEXAS REUNION ASSN.,

By O. L. Martin, Secretary." The donation which is referred to above, was offered in a letter of ours reading as follows:

"We agree to duplicate at your Reunion at Dallas what we did for the Confederate Veterans in Memphis, serving from sunrise to dark to every Confederate Veteran as much Coffee as he could drink. What we did at Memphis was not a cold-blooded business proposition and the offer we make to you has just as much sentiment in it. We assure you it will be a great pleasure for us to bear the entire cost of the coffee and cream used, as well as furnish our own men to brew the coffee as it should be."

This means that at the Reunion in Dallas we are to serve four thousand gallons or more equalling at least one hundred thousand cups of our "Seal Brand" Coffee, the highest grade it is possible to import.

Yours very truly, CHAS. E. SANBORN, Tea & Coffee Importers. Boston.

Daughters of Confederacy.

The regular monthly meeting of the Daughters of the Confederacy will be held Wednesday, February 19th at 12 o'clock, at the home of the President, Miss Mary Oliver.

Scarcity of Water Products.

A few oysters were available yesterday, so that shippers could fill a few orders, but not enough to make them feel that they were doing any business.

Mr. Geo. N. Ives, in speaking of the fish market, said that the fishing season was fully three weeks late, and makes the outlook very bad for the fishermen.

A few mullets and trout were on the dock, but nothing in the way of receipts for the shipping trade.

WILDWOOD.

February, 17--We are having very disagreeable weather at present, some snow, a little cold wind, a lot of rain and plenty of cold weather. Some of our old men say it is the most regular weather this winter they ever saw. No warm weather since November worth speaking of. We are getting rewarded for some of those hot days last summer.

The people in our community are better prepared than ever before against the great horse disease. We have with us a man who has been studying surgery. He has a collection of old mule skull bones, and is studying the different passages of the skull. He says all the trouble comes from the head.

Farmers are getting on a hustle now, plowing, ditching, splitting rails, scrubbing, mending fences and burning off the grass. They have laid aside the discouragement of a bad crop last year, entered in again with new resolutions of making a good crop this year. Hope they will not be disappointed in their expectations.

Rev. S. H. Ialer preached in the Presbyterian church last Thursday night. Capt. Jim Pigott and Col. Daniels of Bogus spent Thursday night in Wildwood.

Mr. K. B. Stewart has just moved in our midst this week. Hope he will be satisfied with his new home. Mr. Wm. Moore has left us and moved to Broad creek. We are sorry to have him leave, but he knows his business best, so he has our best wishes.

Mr. George Latham of Riverdale spent Saturday night at Wildwood. Mr. Walter Mann of Newport spent Saturday and Sunday here.

Some of our young men went to Newport Saturday and there they saw some thing new. It was a man fight. Some of the countrymen came in town, and old corn got the best of them and they concluded they would fight it out. It took nearly all the men in town to quell the fight. BILL MAC.

That Light Cough,

and as far as that it concerned any cough or cold, could be relieved and cured with CHERRY GUYCERINE. It is an entirely reliable cough syrup which has had an enormous sale during the last few years. It seems to give better satisfaction than any other like preparation that we could get hold of. One thing we know--we had with or recommended it to our customers than any other we have in our store. It is safe to give to children. Sold only at HARRY'S PHARMACY, Cor. Broad & First Streets.

ARAPAHOE.

February 17.--The working part of our community has had a set back for the last two weeks, because of the extreme cold weather. Last Saturday morning we had a nice snow, but yesterday it was very near all gone. This morning it snowed again and the weather looks likely to continue unfavorable. The farmers are set back with their plowing. Potato seed seems to be very scarce with us this season. There will be about a usual crop planted this season. Our mail has not been here since last Friday.

Sheriff Campen seems to continue to have business among our citizens, his deputy was visiting here last Thursday. Mr. Will Miller of Bayboro was here Thursday.

Mr. Griffin of New Bern visited Arapahoe last week representing O. Marks & Son of New Bern.

Mr. W. R. Reel of Arapahoe visited New Bern last Thursday to buy goods. Our merchants seem to be doing a good business considering the hard times.

Mr. J. W. Rawls of Arapahoe lost one of his mules last Thursday, I do not know the exact cause. Mr. Rawls has about 45 head.

Mr. L. A. Land of New Bern and his wife and three little children visited Arapahoe yesterday a week ago and left for New Bern last Monday after attending to some business at their place in Arapahoe.

Mr. Whitehurst of New Bern the son of Mr. Moses Whitehurst, was in Arapahoe last Monday.

Mr. Joseph Reel one of our merchants of Arapahoe is making some improvement in the arrangement of his building and adding to his warehouse room. J. B. B.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodo Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodo Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodo Dyspepsia Cure digests your food. F. B. Duffy.

GALLIE ITEMS.

Feb. 15.--This community has been formerly known as Morgan Swamp, but we (the community) are now building a Christian church which will be called Gallie, hence we change the name of our community.

Farmers are busy in fence mending and clearing new lands. Some were disappointed this morning, concerning log rollings.

Rev. I. P. Holton filled his appointment at the school house in this neighborhood last Saturday and Sunday. We hope to have the new church ready for use by the summer.

The Sabbath School at this place is rapidly progressing. It has 69 members and a very small house. Hurray for the church house and give the Sunday School more.

Miss Parthena Stapleford left yesterday to visit friends at Askins. We are glad to relate that Mr. Wm. A. Thomas' little boy who broke his leg some time ago is mending slowly.
