### RALEIGH.

**Auditorium Matter. Removing Snow Blockade on Business Streets. Weather During January.**

RALEIGH, Feb. 19.—Only 16 counties are now unheard from in regard to the matter of State aid to their common schools. No more figures as to their calls for aid are now given out. Officials say the reason for this reticence is that publications encourage some counties to apply for larger sums.

The board of directors of the auditorium makes an offer to the Methodist Orphanage trustees of \$15,000 for the Academy of Music. The price at which the latter has been held is \$17,500. It is believed the \$15,000 will be accepted.

The Raleigh road district convict force and wagons were put to work today to aid the city force in removing snow from business streets. On streets running east and west the snow has been piled several feet in depth.  
The climate and crop service bulletin for January for North Carolina was issued today. The mean temperature for the month was 38 degrees, which is 3 below the normal. The highest monthly mean was 44, at Southport; the lowest 31, at Linville. The highest temperature was 75; the lowest 5. The average rainfall was only 3.37 inches, which is 1.83 below the normal. The average snowfall was nine tenths of an inch. The largest total 10.5 inches, was at Highlands, Macon county. Only traces occurred east of the piedmont plateau. Snow fell at Asheville on five days.

### How Prince Henry Will be Received

New York, Feb. 18.—Rear-Admiral Rowley D. Evans today issued orders to the captains of his fleet concerning their duties on Washington's birthday, the day Prince Henry is expected to arrive. First, the orders direct that 8 a. m. the vessels of the squadron will "fall dress" ship and remain so dressed until sunset. At Meridian a national salute will be fired.

When the Kronprinz Wilhelm, having on board Prince Henry, arrives the admiral and his staff will board her at near quarantine. When the liner passes Admiral Evans' squadron the vessels will man the military tops, turrets and rails. A salute of twenty-one guns will be fired by each ship; the German flag being broken at the main at the first gun. At the last gun of the salute each vessel will haul down the German flag and hoist the American flag.  
When the Hohenzollern hoists the imperial standard a salute of twenty-one guns will be fired by each ship of the squadron. After the imperial standard has been saluted commanding officers of the squadron will visit the Hohenzollern and pay their respects to Prince Henry.

The ships of the squadron will be illuminated with electric lights and motes furnished for the purpose from 7 to 9 p. m.

### Light Will Go Out.

Washington, Feb. 18.—By direction of the President, the care and control of the Statue of Liberty on Bedloe Island, New York, has been transferred from the Lighthouse Board under the jurisdiction of the Treasury Department, to the War Department. The transfer will take effect on the 1st of March when the beacon light will be discontinued and the secretary of war today sent instructions to General Brooke commanding the Department of the East, to designate an officer of his command to whom the Treasury Department could turn over the statue and adjacent land.

### Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. F. S. Duffy.

### Miss Stone Liberated.

Paris, Feb. 18.—The Temps this evening publishes a dispatch from Constantinople, which announces that Miss Ellen M. Stone has been released by the brigands, who have held her captive since September 2 last, and has been handed over in good health to the dragoman of the American legation. The dispatch adds that the "Rev. Talka" has been arrested on the charge of complicity in the kidnapping of Miss Stone.

### SUDDEN DEATH.

Of General Thomas F. Toon at Raleigh.

His Friends Shocked at the News. Contracted Pneumonia Three Months Ago on Educational Trip in Northeastern Section of the State.

Special to Journal.

RALEIGH, Feb. 19.—Very suddenly and unexpectedly this a. m., at 10:45, General Thomas F. Toon, died in this city.

The news of the sudden death of General Thomas F. Toon caused a shock here when it was known.

He was apparently well at breakfast, but afterwards complained of acute indigestion. A physician was sent for, who quickly relieved him. General Toon then said he would lie down a moment. As he did so his face became purple, and he died without a struggle.

It will not be known until tomorrow when he will be buried, as members of his family cannot all arrive before then, but it is probable he will be buried here.

It is said the remains will not lie in state, but will remain at home.

General Toon left his office here three months ago tomorrow, to go on an educational tour with Gov. Aycock in the Northeastern counties of the State, and contracted pneumonia at Washington. He had recovered from the attack of pneumonia, and expected to be in his office in a few days.

He was State Superintendent of Public Instruction, and during his short time in office, had created a most enviable reputation in carrying out the duties of his office.

Gen. Toon was a Confederate soldier in the Civil war, and was well known throughout this State.

### Strikers Prevent the Sale of Food.

MADRID, Feb. 18.—The strike movement threatens to involve the whole of the province of Catalonia. The strict censorship maintained makes it difficult to get accurate news of the occurrences. One of the chief aims of the strikers at Barcelona seems to be to prevent the sale of food. The slaughter houses are filled with meat which the strikers prevent from being delivered to the shops. Similar conditions exist in the other markets with the result that prices are rising and a famine is feared. It is believed the strikers have secreted stores of provisions.

### MILLS MAY SHUT DOWN.

Cotton Yarns Not Advanced to Meet Higher Price of Spot Cotton

Charlotte, N. C., Feb. 18.—From an interview given by several cotton manufacturers it would seem that unless there is some change in prices a large curtailment may follow among the yarn mills. A prominent manufacturer, speaking of high prices of cotton to day said that at present prices for spot cotton it is almost impossible for the mills to come out as good as even on manufactured goods, our people getting the same prices now as when cotton was selling around 7 cents. Cotton yarns have not advanced anything like the advance in cotton. Just how long the mills will hold out under these conditions he was unable to say, but certainly it will not be long.

Other manufacturers were approached on the same subject and unanimously corroborated the foregoing statement. One went so far as to say that he was afraid that if conditions did not change very soon a number of mills would be compelled to shut down until higher prices prevailed. Another manufacturer admitted that the mills he was connected with had made no money for some time and that at present prices obtainable for yarn it was losing game all the way through. Mills making the finer grades of yarns are about the only ones making any money it is said.

### By Hobson's Request.

Xenia, Ohio, Feb. 18.—"I suppose it is about all there," said Captain Richmond Pearson Hobson, when seen today regarding President Roosevelt's recommendation for his retirement, "and beyond that there is not much to say. I have not read the full text of it, but it was by my request and he follows my reasons for retirement.  
"My eyes were injured by my work and it is impossible for me to remain in that department of the navy. Until I engaged in the wrecking work my eyes were strong and gave me no trouble. There is a difference between the retirement I desire and a resignation under the rule of the department; a retired officer is released from service in time of peace, to be called upon in war."
