### ASKED TO WITHDRAW.

Lieut. Gov. Tillman Requests the President to Recall His Acceptance of an Invitation to Deliver a Sword to a Soldier.

Augusta, Ga., Feb. 22.—Lieutenant Governor Tillman, who is in this city, says that to day, in deference to requests by wire from the subscribers to the fund for the sword alluded to, he telegraphed as follows to President Roosevelt:  
 "A short while ago I had the honor to address your Excellency a letter requesting that on the occasion of your visit to Charleston, you present a sword to Major Jenkins, of the First United States Volunteer Cavalry, of whose gallant services you spoke so highly, your words being engraved on the scabbard. You accepted the invitation for which we thanked you. I am now requested by contributors to the sword fund to ask that you withdraw said acceptance."  
 "JAMES H. TILLMAN,  
 Lieutenant Colonel First B. C. Volunteer Infantry and Lieutenant Governor of South Carolina."

In explaining the sending of the telegram Lieutenant Governor Tillman said: "It is with much regret that I am directed, or rather required, to have sent the telegram I did and especially in view of the fact that I am so closely related to one who but a few days ago was subjected to an affront which was seemingly, or at least the people who contributed to the purchase of the sword, think, unwarranted."

The Best Prescription for Malaria. Chills and Fever in a bottle of GNOVA'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

### Almost Lynched American.

London, Feb. 22.—Charles Brown, an American seaman, narrowly escaped lynching at South Shields, Durham, this afternoon, after killing a fellow-sailor.

A general fight occurred on board the Liverpool steamer Beacon Light, Captain Kelley, which was anchored in the Tyne, during which Brown shot a sailor named O'Donnell. Brown escaped in the melee and got ashore. There he was captured by a constable after a hard fight on the dock, and it was with difficulty that he was protected from the mob.  
 Brown was carried to the police station, and as the constable laid the American's pistol on the table a cartridge exploded and the bullet seriously wounded another sailor.

### DOVER.

Feb. 22.—Services next Sunday at the Methodist church at 11 o'clock and at night 7:30.

Quite a number of shade trees have been set out in town which will add considerably to the appearance of things generally.

Work on farms has been suspended in this section owing to the wet weather and will necessarily cause our farmers to start late.

Mr. Bryant Fields is making the necessary preparations to commence a dwelling in East Dover. Hardly a week passes but what some one has just completed or finished building. We are moving forward gradually and substantially and before many years pass we expect to see Dover's county seat.

Prof. L. L. Hargrave has enrolled nearly seventy five pupils and the indications are that the spring session will be a successful one. The painting of the school building will soon be completed and a lot of shade trees planted around it.

Our people think Gov. Aycock made a splendid selection in appointing Prof. Joyner to Superintendency of the Public Schools of the State. Now if our worthy Board of Education will select Mr. B. M. Britson for our county superintendent we can rest assured that our educational affairs are in good hands and we need have no fears of the results.  
 Mr. C. A. Daugherty has moved from here to Jones, his former home.

### LESS WORRY.

Children will play and get over-heated get their feet wet, expose themselves in dozens of ways, and you can't prevent it. ### RALEIGH.

Survey for Water Power on Cape Fear River.

Meeting State Board of Education. Short Political Campaign Desired By Young Democrats. State Charters. Named Changed.

RALEIGH, Feb. 27.—The State Board of Education met this afternoon, especially to consider the apportionment of the \$100,000 appropriated by the legislature for specific purpose of keeping all public schools open 4 months in the year. There are so far reports from all the counties save 8. Twenty one of these say they need nothing, while the 63 say they require \$75,000.  
 It was decided to send out quickly to counties the sums they actually needed to keep their schools open four months, but they are notified that they must first exhaust all their available school funds. There is no question of the speedy payment of the money, and that without waiting for reports from the eight counties unheard from.

There was discussion of the proposition to make William B. Rodman of Washington, agent for the Board for all the State swamp lands. Action on this was deferred until the next meeting of the Board.

A surveying party has finished making a special survey of the water-power at Buckhorn Shoals on the Cape Fear river and finds that it will develop for electrical transmission 3,000 horse power with facility to increase this to 5,000. It is proposed to use this power at Fayetteville and points in that vicinity. The party is now surveying the water-power at Lockville, on the Deep river, and finds it will give 2,500 H. P., and that there is facility to increase this to 4,000. It is the purpose to use this at Raleigh. It is 38 miles from this city.

The general desire among Democrats appears to be that the campaign this year shall not be a long one. The State committee is called to meet March 27. One Democratic leader said today he thought this looked like there was to be a long campaign and added that he did not think the committee should meet until late in April.

The State charters the Oregon Chair Company of Dunn, with \$25,000 capital.

The name of the "Eks Club," at Charlotte, chartered by the State, was today changed to "No. 363, B. P. O. Eks."

Arrivals: J. O. H. Galois, New Bern; D. J. Reve, Rocky Mount.

### Biggest Cotton Cargo.

SAVANNAH, Ga., Feb. 22.—The German steamship Drychenfels, Capt Linlith sailed today for Bremen and Hamburg with the largest cargo of cotton ever cleared from a South Atlantic port. She carried, according to the official way of estimating the total by counting round bales, two for one, 19,333 bales, valued at \$304,597. In addition to the cotton the Drychenfels also took 4,100 barrels of rosin, 8,404 sacks of cotton seed meal and 2,491 tons of phosphate rock.

### Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Need, leading pharmacist of Attleboro Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to die. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. F. S. Duffy.
