State's Attorneys in South Dakota Bond Sult.

Sheriff's Settlements With State Slow. New Lodges of Odd Fellows. Rain Storm. Glanders Among Horses.

RALEIGH, February 28.—Attorney General Gilmer, ex-chief justice Shepherd, James H. Merrimon and George Ronntree leave tomorrow for Washington, where they will appear before the Supreme Court Monday to look after the State's interests in the suit brought against it by South Dakota to recover full principal and interest of State bonds issued in aid of the Western North Carolina railway.

To this date only 19 counties have made full settlement of State taxes for 1901.

Rev. A. A. Marshall, pastor of the First Baptist church here, who for three weeks has been sick, of jaundice, leaves tomorrow for Indian Springs, Ga.

The growth of the Odd Fellows in this State continues to be remarkable. The receipts this year will be 15 per cent greater than those last year and will be nearly \$11,000. There were received yesterday applications for new lodges at Jackson, Northampton county, and Wadesboro.

The State Superintendent of Public Instruction has telegraphed to Cherokee, Camden, Henderson, Madison, Martin, Nash and Robeson counties, that they must send in at once statements of their needs of funds to keep their schools open four months in the year. The money is ready for distribution, even before these reply. No county whose schools have been open four months can get any money.

There was a sharp thunder storm here this morning, lasting an hour, accompanied by a great rain. The latter will cause a further rise in the swollen streams. Neuse river near here is raging. It is near the mark of the great May freshet of 1901. On the hillsides some plowing was being done yesterday. This rain will stop farm work for perhaps another week.

Governor Aycock went to Goldsboro today.

Glanders has made its appearance among the horses and mules in the Scott land Neck section. State Veterinarian Talt Butler is there and made the diagnosis.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. F. B. Duffy.

PRINCE HENRY IN CAPITOL.

Hears Hay's Eulogy on McKinley. Very Impressive Scene in Hall of Representatives.

WASHINGTON, Feb. 27.—At noon today in the great hall of Representatives in the presence of President Roosevelt, Prince Henry of Prussia, brother of the German Emperor, the members of the cabinet, the justices of the Supreme Court, the general of the army and officers of the army and navy who have received the thanks of Congress, the ambassadors and other diplomatic representatives of foreign countries, the Senators and Representatives in Congress and a large number of distinguished guests, Hon. John Hay, McKinley's Premier, pronounced an eulogy upon his dead chief.

By a strange coincidence today was the twentieth anniversary of that on which the peerless Blaine in the same hall delivered an eulogy upon the martyred Garfield, and stranger still, the subject of today's memorial service was the chairman of the committee that had charge of the arrangements on that occasion.

Cotton Receipts Pass Million Balc Mark.

SAVANNAH, Ga., Feb. 27.—The cotton receipts at this port since September 1, 1901, the beginning of the cotton year passed the one million bale mark today. The gross receipts up to and including today are 1,001,964; net receipts 1,001,000. This is about one month in advance of the million mark last season, and the earliest the port has ever touched the seven-figure mark.

PRESIDENT MAY STAY AWAY

From Charleston Exposition. Sword Presentation Outside Matter. What Chicagoans Say.

WASHINGTON, Feb. 27.—It is reported here tonight that President Roosevelt may not go to the Charleston Exposition.

This rumored decision is said to have followed the Tillman-McLaurin episode in the Senate, the withdrawal of the invitation to Senator Tillman to attend the Prince Henry dinner at the White House, and of the latest phase of the whole affair, the request that President Roosevelt withdraw his acceptance of an invitation to present a sword to Major Micah Jenkins, of the Rough Riders, on the occasion of his visit to Charleston.

The President realizes that the entire matter has aroused a bitter feeling in South Carolina. He is not unaware that he would be hospitably received in Charleston, yet he would not care to visit South Carolina unless all the people were personally desirous of having him do so. The injection of politics and personalities into his trip would be unpleasant. Reports received by the President are that the people of the State are split over the Tillman-McLaurin affair, and that feeling runs high. The information is that the Senate episode will play an important part in the campaign this summer for a successor to Senator McLaurin.

Charleston, S. C., Feb. 27.—It is stated here today that Lieutenant Governor Tillman's action in withdrawing the invitation to President Roosevelt to present the sword to Major Jenkins will have no effect on the Exposition program for the President's entertainment.

The sword presentation was an incident only of the President's visit to Charleston and in no way connected with the Exposition program. The sword was purchased with a fund raised by subscription among the women of South Carolina and others, largely under Lieutenant Governor Tillman's stimulation.

The invitation was extended by Lieutenant Governor Tillman and a place for the ceremony was made on the program by the Exposition committee at his request. The whole matter is outside of Exposition or Charleston control.

WHAT CHICAGOANS SAY.

Chicago, Feb. 27.—Chicagoans who have been planning to take part in the Illinois Day celebration at Charleston March 11, declare themselves astounded at the telegram sent President Roosevelt by Colonel Tillman. Intimations are made that the Marquette and Hamilton Clubs will not take part in the celebration unless the management of the Exposition repudiates the action of Colonel Tillman.

Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. De Witt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. F. B. Duffy.

Wish to Withdraw Gold.

WASHINGTON, Feb. 27.—The Treasury Department has received a request from New York for the privilege of depositing \$3,000,000 in gold with the Subtreasury there, with the privilege of withdrawing it at San Francisco, presumably for shipment to the Orient.

The request also says that probably \$14,000,000 will be required before the middle of March. As this transaction is of advantage to the Government, the department having an excess of gold in San Francisco, the request has been granted.

HE RIVALED AGUINALDO.

Terror of Samar Island Captured. Filipinos Paid Tribute to Him.

MANILA, Feb. 26.—General Smith, in command of the United States troops on the island of Samar, cables that Lieutenant Streblor's scouts have captured Lukban, the notorious leader of the Samar rebels, and brought him to Laguan, capital of a small island of that name, north of and adjoining Samar.

The report has been confirmed by a cable from General Chaffee. The prisoner is confined at Laguan.

Another capture is reported in the same dispatch, that of William Dunston, said to be a deserter from Company C, Eighth Infantry, who had in his possession a lot of arms and ammunition and all of the tools necessary for the making of ammunition. He was captured by Second Lieutenant Pratt, First Infantry, at Caglayan, on the Island of Samar.

The lieutenant also destroyed the Quarrel and factory, and killed 11 soldiers, besides capturing all of Dunston's correspondence.

The officials of the War Department regard the capture of Lukban as the most important military event since Aguinaldo's capture. He was run down on the island of Samar. The place of his confinement is a tiny island in a bay on the north coast of Samar.

Lukban is one of the most energetic and ferocious of rebels. He is a half-breed, a mixture of Chinese and Filipino stock, and he has been an irreconcilable from the first. He had various fastnesses in the mountains of Samar from which he would descend upon the coast towns, and his reign of terror was so complete that the entire population of the island paid tribute to him as the price of freedom from attack.

Ordinary campaign methods failed in his case, and his capture now is believed to be the natural working out of the system of dividing the island into small squares by military garrisons and making it impossible for the insurgents to obtain food or shelter.

General Chaffee has ordered that Lukban be tried as a prisoner of war of officer's rank.
