JULIUS M. ARNOLD,

GOOD APPROPRIATIONS

For Public Works Secured By Congressman Thomas For This Section. Special to Journal.

WASHINGTON, March 3.--Congressman C. R. Thomas has secured in the River and Harbor appropriations, \$20,000 to be expended in giving an eight foot depth at low water in the Neuse and Trent river channels; \$10,000 for making a water way between New River and Beaufort. Also an appropriation for the purpose of making a survey of New River, Onslow county.

The bill for the Bogue Inlet Life Saving Station, introduced by Congressman Thomas, has been favorably reported by the Senate.

Congressman Thomas says that a Life Saving Station near Beaufort, will be built.

YOU KNOW WHAT YOU ARE TAKING When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure--no pay. Price 50c.

At Davis.

Jordan's Cough Balm, made according to formula of late Col. Jordan, is on sale at Davis' Prescription Pharmacy. This Cough Balm has always been found very efficacious, and it does not contain any harmful drug. It is especially good for children. Price 25 cent.

CANNOT AVOID TROUBLE.

Capt. Geddes' Schooner Run Into Norfolk's New Enterprises.

NORFOLK, March 3.--New Bernians it would seem are frequent visitors to this city. Numbers of them are met by your correspondent. Events are rushing by and there no scarcity of interesting news.

The schooner Magic of New Bern, Capt. R. F. Geddes, was on February 26 last run into by a raft in tow by the harbor tug Mollie. The boat stayed was carried away and head gear sprung. This necessitated a farther delay of two or three days for repairs, which was promptly attended to by the tug boat owners. The genial Captain will now resume his voyage to Washington, D. C. after being ice bound here for five weeks.

During the Magic's last trip across Pamlico sound she encountered heavy weather losing her yawl boat, davits, etc.

The Mansion House Hotel patronized by many North Carolinians, has recently changed hands, Mr. Henry Gates is at present proprietor, he will run an up-to-date hotel, he commences business by changing the name of the house, he has given the people the privilege of selecting a name for this hostelry through advertising that he will award a \$10.00 gold piece to the person successful in finding the most appropriate name.

The contest was over Saturday, and this week I will inform you of the name adopted. From Mr. Gates' past record in catering to the requirements of the travelling public, I think the comfort of his patrons will be well looked after.

There will soon be a number of new industries started in and around Norfolk.

There is to be erected at Sewall's Point a large ship building plant, and at Port Norfolk the Heinz pickling concern is about to put up an immense branch of their Pittsburg pickling and preserving house.

At Berkley there is to be operated a glass making establishment, capitalized at \$100,000, and employing about 200 men.

The Elizabeth river between Norfolk, Portsmouth and Berkley will soon be bridged over and tunneled under. There are three companies looking for franchise privileges to engage in these enterprises.

GET MAD

When Friends Tell the Truth.

Many people become coffee tapers before they realize it, and would be angry if thus described even by a close friend.

It will pay anyone to examine carefully into whether or not coffee has gained the mastery over them. A coffee taper may suspect that he or her will come from coffee drinking, but they all invariably charge the disease to some other cause, for right down in the heart they realize that it would be practically impossible to give up coffee, so they hope against hope that it does not hurt them, but it goes on with the work just the same and the result is complete collapse and nervous prostration, lasting some times for years, unless the poison that causes the disease is discontinued.

There are hundreds of thousands of illustrations of the truth of this statement.

Any person addicted to coffee can make the change from common coffee to Postum Food Coffee without trouble provided the Postum is properly prepared so as to bring out the color, flavor and food value. It has a rich black brown color and changes to the golden brown when good steam is added.

The change will work wonders in any one whose nervous system or stomach has been enfeebled or disturbed by coffee.

WAKING UP.

Looks Like State Base Ball League.

Governor Grants Respite. Penitentiary Does Not Want Money. State Charities. Complaints Before Corporation Commission. Bonds For Good Roads.

RALPHON, March 3.--Governor Aycock today respite until April 5, Henry Shaw, colored, who was under sentence to be hanged at Lumberton tomorrow for murder. It appears that Shaw was sentenced to be hanged within 15 or 20 days after conviction, and that people at Lumberton thought he ought to have more time. His attorneys also asked for a respite in order that the question of his sanity might be inquired into.

The State chartered the Henkel Lumber Co., of Statesville, capital \$80,000. There are over 100 stockholders, in a score of towns.

State Auditor Dixon was astonished today at the receipt of a pension warrant with a letter from the pensioner saying he did not need it.

There is quite a favorable turn in the base ball situation today and it is said the prospects are now bright for a State league. The president was not active enough in pressing the matter, so today there was a conference and R. C. Rivers will take the management of the Raleigh club. He will also take the active part in completing the league. He has gone to Greensboro to see if that town is coming in. If it does not do so he will go to Winston. He may visit Wilmington, Columbia and Spartanburg, S. C. He has made application for admission to the league. It is said that Goldboro desires to be in it. About March 19 a meeting will be held here at which franchises are to be awarded to the successful teams.

Before the Corporation Commission to day a number of furniture manufacturers appeared, and asked for a reduction of freight rates on furniture. There was also a hearing of a case from Charlotte in which there is complaint of warehouse charges on through freight. Another complaint heard was from Hickory where millers wish to get such arrangements as will allow through rates for grain stopped there, ground into flour or meal, and then re-shipped to its destination.

The people of Orange county will hold a "good roads convention" at Hillsboro, March 11. They are to vote later on the issue of \$100,000 of road bonds. It is said the vote will be favorable by a large majority.

Governor Aycock and some of the other State officers will go the Agricultural and Mechanical College to morrow to see the practical work of the dairy class.

Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. De Witt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. F. B. Duffy.

GUM BRANCH.

March 2nd--We had a heavy rain and wind Tuesday, a. m., another Friday a. m., and again last night a tremendous rain and wind. The land is so wet it can't be plowed now it is warm enough to plow.

Some of the farmers have taken off some of their tobacco crop and will not tend as much as intended, so we hear although it yet a good price.

Mr. James King carried the remainder of his last year's crop of tobacco to Kingston last week and it brought him something over 1 1/2 cents on an average.

We spoke something in our last letter about the high prices being charged for corn and other supplies and Messrs. W. H. & C. D. Franck's name was mentioned in connection with it, and we hear Mr. Franck seems to think that some reflection on the firm was meant, but I wish to state through the JOURNAL that no reflection was meant on any one as I only meant to speak in a general way about high prices everywhere and not only at our place.

Cow peas is very scarce and command the highest cash price. We think if more attention was paid to the cultivation of the pea crop they would not be so scarce in planting time and they are a very good and healthy diet and are liked by a good many people besides convicts.

Mr. G. F. Taylor and family of Tusculum are visiting his brother, W. L. Taylor of this city.

Miss Flossie Barber of Floy, returned home yesterday. Mr. Kenneth Scott and Miss Nellie Humphrey went with her.

Mr. Nelson Scott has an old-timey rail splitting Thursday. He had 500 rails split and enough wood cut to cure his tobacco.

Mr. John Humphrey seems to be a good turkey hunter. We are continually hearing of turkey dinners. Next time to leave them off Mr. Humphrey.

Gardens will be late this year, and no seed (for very few) is sown as yet.

THE MARKETS.
