FOUND IT.

Coffee Was Doing the Work in Good Style.

Members of the same family are affected differently by coffee drinking. One may feel the effect in a disordered stomach while another may have no trouble with the stomach so far as known, but have palpitation of the heart and finally organic heart disease, or perhaps in another the kidneys may become affected.

As an illustration, a family in Murphysboro, Ill., reports an experience Mrs. Cole discovered that the sour stomach and nervous restlessness were caused by coffee drinking. Her mother suffered from nervousness when coffee was used, while the brother of the family became a wreck directly from coffee drinking.

Mrs. Cole, in her letter, says, referring to her brother, "He went from one physician to another and his case puzzled them all until he had tried 11 different physicians. Some thought he had apoplexy others locomotor ataxia, some advised operations to relieve the pressure at certain points, altogether his case became so alarming that we were afraid to have him alone. He frequently fainted away, and was in a most wretched condition.

Finally one of the physicians suggested that possibly coffee brought on some of the symptoms, so he was persuaded to give up coffee and begin the use of Postum Food Coffee. Then he began to recover, and day by day the old troubles left. Now he has gotten entirely well, has gained about 20 pounds and is the picture of health. Of course he and his family use Postum regularly. He says he would as soon drink a spoonful of poison as of old fashioned coffee.

When we first began to make Postum it was boiled but a few minutes and none of us liked it, but since we began making it properly by having it boil long enough to bring out the flavor we all consider it superior to the old fashioned coffee. It is delicious when made right and that is easy.

A number of our friends have been cured of various ailments by leaving off coffee and using Postum. With Mrs. Cole the coffee caused a most distressing sensation bloating and serious trouble with the heart. She has entirely recovered since changing from common coffee to Postum.

RALEIGH.

A Strictly Negro Republican Party Wanted.

State Charter. State League of Base Ball Looks Assured. Pension Was Too Small. Politicians Take up Good Reads.

RALEIGH, March 5.—Rev. Dr. R. H. W. Leak, the well known negro preacher-politician, who is one of the leaders in the A. M. E. church in this county, said today that the keynote of the State convention or conference of negro leaders, soon to be held here was to cut loose from the white Republicans and form the negro Republican party. He said he was sure this result would be effected without trouble, and that for 15 years he had been trying to get the negroes to do this.

The State charter the Robersonville, Martin county, Real Estate Co., capital \$25,000.

There is great pleasure here at the news that Greensboro comes into the base ball league. This makes six clubs the number desired. A meeting will be held here in a few days and all the franchises awarded. The selection of players will then begin. Many good men from all parts of the country want to sign with the Raleigh team and have so written. The league last year was a very swift one.

A State pensioner who was sent a warrant for \$30, as annual pension has returned it to the State Auditor, through the Register of Deeds, with the contemptuous message that if this was all the State could pay he would not have it at all. It is said that this is the first instance in which a pension warrant was ever returned for this reason.

It is said that the politicians, seeing the great favor with which the good roads movement is received in this State will take it up actively in the campaign this year.

It is expected that at least 175 officers and men of the naval militia of this State will go to Charleston for "North Carolina Week" at the Exposition.

The special dairy course of the Agricultural and Mechanical College here, which lasted six weeks, ended yesterday.

Undignified.

The teaching of cookery in the English board schools is sometimes not appreciated by those who would be most benefited by it. The teacher of one of these schools recently received the following letter of protest: "My Mary Ann is not going to be a servant. I want her to be a lady, and the less she knows of how to cook victuals the better. When I sent my gal to the board school, I did not expect she was going to be taught undignified things like that."

Whistling.

As a method of prolonging life and strengthening the human frame against sickness whistling is said to be beyond compare. Development of chest and neck muscles is one of the special advantages claimed for the exercise. Long, deep breathing is an essential for a good whistler, as it is not permissible to draw in the breath except during the intervals of the sound production.

Petulant Tennyson.

Tennyson was one of the most fortunate of poets, in that he was rarely criticized adversely, yet Mr. Bram Stoker, who saw him often while his plays were in course of production at the Lyceum, said that he used constantly to complain of "the attacks made on him." He actually wound up one day by declaring that he often wished he had never written a line.

His Limit.

Wife—How did you get along while I was away?
Husband—I kept house for about ten days, and then I went boarding.
Wife—Boarding? Why didn't you go on keeping house?
Husband—Couldn't. All the dishes were dirty.
