RALEIGH.
 Each County Requested to Send Money

For Good Roads Association. Ould Blooded Murderer Committed With Axe. Beward Offered For Caten Murderer.

RALEIGH, N. C., March 8.—President Hanes of the North Carolina Good Roads Association made a request that each county would send \$10 for the fund to promote the work in the State. The following counties have sent the sum requested to Treasurer Joseph G. Brown of Raleigh, Guilford, Cabarrus, Davie, Northampton, Person, Grayville, and Craven. Pitt sends \$5. All these amounts were regularly appropriated by the counties. The letters in which the money was sent express deep interest in the good roads movement.

Governor Aycock is informed that Friday, April 11, will be "Wilmington Day" at the Charleston Exposition. He has not been requested to designate it. He was so requested in the Charlotte, Asheville and Winston Days. Raleigh it appears will not have a day, as no application has been made and no talk heard regarding the matter. It is queer that the people at the capital of the State should have overlooked such a matter.

The sheriff of this county is informed by one of his deputies of the murder of a negro, John Holloway, by Edgar Hicks, alias Edgar Smith. The details of the crime are given for the first time. It appears that Hicks and other negroes had been drinking all night. The next day they were gambling in a field, when Holloway passed. Hicks wife made a full statement of the crime, saying that Hicks and another negro among the gamblers had planned to kill Holloway. They called to him to stop and Hicks tried to get him to enter his (Hicks) house. Holloway said he understood that they had expressed an intention to kill him. Hicks denied this and declared he had nothing against Holloway. The other men left and finally Holloway went into Hicks' house. He was drowsy and sitting in front of the fire he nodded. Hicks went out and brought in wood and with it an axe. His wife was in the room. He placed some wood on the floor and suddenly swung the axe and crushed Holloway's skull. The victim fell on the floor struggling, and Hicks gave him another blow, which as his wife described it "straightened him out." Hicks left at once and went to the house of his father-in-law, where he coolly told the family that he had killed Holloway and that it required two blows with an axe to do it.

There was a queer case here today, at the railway station. A man and his wife with their seven children were on their way to a place to work in a cotton mill. The children were from two years to fifteen. The man bought two second-class tickets, declaring most positively that all the children were under 5 years of age.

Governor Aycock offers \$300 reward for the persons (moonshiners or their friends) who murdered John Caton in Beaufort county. The murder was really an assassination, from ambush.

Every Animal Is Fond of Bananas.
 The leaves of the banana, often six feet long and two feet wide, are tender, and the strong winds of the tropics soon tear them in strips, thereby adding to their grace and beauty. The banana is a fruit that beast and bird, as well as man, are fond of, and the owner, when he lives in a sparsely settled country, must protect his plantation by a fence of some thorny plant.

GOOD WORK.
 Proper Food Makes Marvelous Changes.

Providence is sometimes credited with directing the footsteps by so simple a way as the reading of a food advertisement.

A lady out in Shelbina, Mo., says, "About two years ago I was compelled to retire from my school teaching, because I was completely broken down with nervous prostration. I suffered agony in my back. My hands and feet would swell up nights. I was in a dreadfully nervous condition, irritable, with a dull heavy headache continually, had no appetite and could not digest anything if I tried. I was unable to remember what I read and was, of course, unfit for my work. Some said I had consumption, others said dropsy. One day, as if by providence, I read the testimonial of a lady whose symptoms were much the same as mine, and she told of how Grape-Nuts Breakfast Food had cured her, so I concluded to try it. I left off the old-fashioned breakfast and began with Grape-Nuts, a little fruit and a cup of Postum Food Coffee. That was 3 months ago and I have steadily improved in both body and mind. Grape-Nuts Breakfast Food has done more for me than all the medicines I have ever taken. I am now well again and able to return once more to my school duties and able to do anything necessary in my work. My mind is clearer and my body stronger than ever before. Please do not publish my name." Name given by Post-m. Co., Battle Creek, Mich.
