### POLLOCKSVILLE.

Weather Cool. Carelessness at Bridge. Marriage Coming. Personals. No Shad Yet.

March 11--Good weather and the people all busy, nothing happening. This, so far, has been a very calm month and fairly good weather, only very cool.

But for the constant whistling of the steamer we would have the blues but they keep us alive, day and night. The timber business is a big thing on this river just now.

There seems to be some badly handled logs that pass through the bridge draw at this place. Only last week the county bridge was badly damaged by a barge in tow of a tug boat, and very often the logs or rafts are very badly piled up around the bridge here. It does seem that a more skillful management might avoid lots of this trouble and confusion at the draw and bridge.

The following young folk were visitors in this place last week. Misses Isora Jones, Emma Weeks, Ada Barry, Julia Sanderson, Beale Holland, Mary Koonce and Carrie Simmons, Messrs. J. T. Hood, E. J. Houghton, Grayham Koonce, Clyde Sanderson, Sheriff Matt Harrell and Silas Beaman.

Cards are out for the marriage of Mr. D. W. Whitford of Jones county, to Miss Katie May Williams of Duplin county, on the 19th inst.

Mrs. Lillie Bell and Miss Almada White left for the Exposition at Charleston last week.

Miss Mamie Weeks who has been visiting here left Monday for a week's visit to relatives in Onslow county.

Mrs. Annie Hart of New Bern is visiting her parents at this place this week, Mr. and Mrs. J. W. Shepard.

The hunting season is about over for this winter, I want to take one more day shooting this week and then retire for this season leaving an abundance of partridge to multiply and replenish for another season.

This is time for the shad to run, but I have not heard of a single one being caught in Trent river this season. There seems to be a small run so far as heard from.

Rev. Mr. Tyndall preached an able and very interesting sermon last Sunday night here in the Disciple church.

Rev. Mr. H. H. Isler will fill his appointment here next Sunday the 16th at the Probyterian church.

Rev. Mr. S. E. Garner will preach at the Baptist church here on the 4th Sunday, the 23rd.

### WIFE'S INGENUITY

Saves Her Husband.

The author of the "Degeneration of Dorothy," Mr. Franklin Kinsella, 226 W 25th St., New York City, was the victim of a little by-play—but he can beat the story himself. "I must confess that I have been the victim of an innocent deception which turned out all for the best however."

I had been reading under the belief, for some years, that coffee served as a lubricant to my cerebral convolutions, in other words, "made the wheels go round," and I had no idea that I could not work without it as a stimulant.

I soon paid the penalty in nervousness, loss of flesh, insomnia and restlessness, none of which troubles would yield to any or all medicines. I finally got in rather a bad way and my wife, took a hand in the affair all unknown to me. She purchased a package of Postum Coffee and first gave me one half Postum and one half coffee. In a little time she had me down to clear Postum, and I was none the wiser.

I noticed that I was getting better, my nerves were steadier, and I began to gain flesh and sleep nights. My work was performed far better than in my old condition.

Commenting upon my greatly improved health one morning I was told the truth. "To be high, so I submitted gratefully and joined the Postum ranks."

Experience teaches that boiling is essential to the game. When the directions are carried out the result will be a cup of rich, fragrant coffee as ever delighted the senses without ruining the nerves."

### DISASTROUS BRITISH ROUT.

Methuen Wounded and a Prisoner. Three Officers and 38 Men Killed.

LONDON, March 10.—It was announced today that General Lord Methuen and four guns had been captured by the Boers commanded by General Delarey. The news came like a thunderbolt to London. The extra editions of the evening papers, giving an account of the disaster, were eagerly bought up and their readers hurried through the streets with anxious faces, and bitter remarks were passed on the subject of the government's declaration that the war in South Africa was over.

The news came too late to affect business on the stock exchange, but excited curb dealings quickly followed the closing, in which South Africans slumped heavily. The news caused much excitement in the mine market. Throckmorton street was thronged with South African operators anxiously looking for details and watching the effect of the announcement. Shares were offered freely at first; by 6 o'clock the excitement had abated and the curb tone had ended.

The news was received in the House of Commons amid great excitement. The reading of Lord Kitchener's telegram by the War Secretary, Mr. Brodrick, was listened to in deep silence, which was broken by loud Irish cheers. Instantly there were cries of "Shame!" "Shame!" from the government benches. Then the Irish members seemed to think better of their outbreak and suddenly subsided. The subsequent eulogistic references to General Methuen were received with cheers. In brief, Lord Kitchener announced that when General Methuen was captured, three British officers and 38 men were killed and five officers and 78 men wounded. In addition one officer and 200 men were reported missing.

### This Climate is Good

enough for anybody with weak lungs. The patient need not travel. He can get well here with the help of Allen's Lung Balm, taken frequently when coughing and shortness of breath after exercise serves notice upon him that serious pulmonary trouble is not far away. Allen's Lung Balm is free from any form of opium.

### Roosevelt Thrives on Work.

WASHINGTON, March 10.—President Roosevelt is getting fat. His cheeks are fuller than when he became President. He has a suspicion of a double chin. His frock coat strains a bit across the abdomen. He has put on 20 pounds in the last six months.

The President thrives on hard work and the problems he has tackled have not caused loss of sleep or loss of appetite. He takes as much physical exercise as he can get. He goes horseback riding four or five times a week and slips away for long walks on the country roads. He is not able to live the outdoor life to which he has been accustomed, and this undoubtedly has the effect of causing him to gain in weight.

From the scores of persons who have dined with him come constant stories of the President's appetite. He is as valiant a trencherman as Washington has seen in years. He enjoys his food. His digestion is perfect. He likes beef balls and roast beef, plenty of plainly cooked vegetables. He is particularly partial to corn beef and cabbage.

He likes to surround himself with those who are as capable with a knife and fork as he is. There have been some famous eating bouts in the White House when the right kind of people were around his board.

### Anti-Saloon Movement.

As other cities and towns are forming societies, auxiliary to the State Anti-Saloon League, and feeling the great need of such a movement being inaugurated in our city, therefore, all citizens who are interested in such movement are earnestly requested to meet at the court house, on Friday, March 14, at 7:30 p. m., for the purpose of organizing an Anti-Saloon League of New Bern.

### RALEIGH.

#### Establishment of a Refrigerating Plant.

State Charters. Convicts For Pen. Rumored Railroad Sale. School Figures. Walter Raleigh Fund Growing Slowly. National Roadway.

RALEIGH, March 11.—There was a rumor last night of the sale of the Raleigh and Cape Fear railway. It was denied by those in a position to know the facts. Some Pennsylvania men have expressed a desire to buy it. The owners will begin a survey this week for a considerable extension towards Fayetteville.

The widow of the late William C Kerr gives \$1000 of the price of the organ at the First Presbyterian church here. It is the best organ in Raleigh.

Armour & Co., have arranged to establish a large refrigerating plant here, at the cotton platform of the Seaboard Air-Line. It will be the only plant of the kind in the State. Raleigh will be made a distributing point for both meats and canned goods.

The State charters the Oster Company of Winston-Salem, capital \$100,000. It will manufacture liquors, etc. Mark B. Spear owns nearly all the stock.

The State dissolves the charter of the Belmont cotton mill, at Shelby. The capital was \$60,000, of which \$50,000 was owned by A. C. Miller and the remainder by E. G. and Hugh G. Miller.

A lady here today had a letter from the wife of Maj. Waller of the United States Marine corps, saying that she had received a cablegram from her husband in the Philippines in which he said he had been misrepresented in regard to the charges of cruelty against him and that he was all right. He also told her not to worry.

Three convicts from Jackson county and one from Henderson county were brought to the penitentiary today. The sheriff who brought them said the reports of the immense destruction wrought by the recent floods in the mountain region were by no means exaggerated.

Only two shade trees remained in the business part of Raleigh. To day they were cut down.

Officials say that if the city engineer will quickly furnish his survey and estimates of cost for the roadway from Raleigh to the National Cemetery the bill making the appropriation can be put through at this session of Congress.

A survey is now in progress for a sewerage system connecting the penitentiary with the city sewers. At present the sewerage passes out from a wall into an open ditch and then pollutes a fine stream.

The State University sends \$54 as its contribution to the Sir Walter Raleigh statue fund. The fund grows very slowly.

At the request of President Winston of the Agricultural and Mechanical College the State Superintendent of public instruction has compiled some figures which show that 486 more public schools were open last year than during 1900 and that only 78 white districts were without schools. There were in all 7899 schools, of which 5411 were white, 2418 colored.

### Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. De Witt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. F. S. Duffy.

### DIME CATARRH SHUFF

loosens up the tenacious viscid mucus in nose, clears out the head and stops catarrhal headaches due to cold-congestion in the front of head. The cost is only 10 cents and the benefit arising from its use is worth dollars—health too. Mfg. by Bradham's Pharmacy.
