Alum is used in some baking powders and is most of the so-called phosphate powders, because it is cheap, and makes a tender crumb, but it is a corrosive poison which, taken in food, acts injuriously upon the stomach, liver and kidneys.

## RALEIGH.

### Criticism Regarding Gov. Aycock's Frequent Pardons.

On Trial For Murder. State Swamp Lands. Commuting Jackson's Sentence. Adjutant General's Report. Barn Burners For Pen.

RALEIGH, March 14.—George R. Gay, the white man charged with the murder, or rather the assassination of Aycock in Wilson county, and who was put in the penitentiary to save him from threatened lynching, has been taken to Wilson for trial. The sheriff and a deputy took him. It is the first case in which a prisoner under charges was placed in the penitentiary.

Joseph Blake, the surveyor of this county, died in a hospital here last night of congestion of the lungs. His age was 63. He was in the rain several hours last Saturday in Johnston county and did not change his clothing. He was a member of one of the most prominent families in the county and was greatly esteemed.

It is decided that Col. W. B. Rodman of Washington, N. C., shall be the agent of the State board of education for all the lands in its control, known as "swamp lands." The position does not carry with it any salary or expense to the State.

There is a good deal of criticism of the exercise of the pardoning power by Governor Aycock. There is this to be said in his connection, that the number of pardons he granted during the first twelve months of his administration was the same as the number granted by Gov. Vance during his first year and only 4 more than the number granted by Gov. Jarvis during the first year of his regular term.

There will no doubt be criticism of the commutation of the death sentence of Andrew Sherman Jackson, the white man convicted of burglary in Lincoln county. It is asserted that public opinion was in favor of execution. It is also alleged that Jackson's family is revengeful and that the house of a witness against him was burned. But the Governor is confident that he took the right course, with new evidence, in shape of affidavits, before him. It is stated Jackson was sure he would be hanged and that his mind was so wrought up that when he was placed in the penitentiary the sheriff who brought him told the officials he would be worthless so far as any work was concerned. The annual report of Adjutant-General Royster was issued to-day, and is very complete.

Many white men are falling to pay their poll tax, and great pressure is being brought to bear to make them pay it, as otherwise they will be disfranchised. The last arrivals at the penitentiary are two barnburners from Orange county, to serve 30 and 21 years. The State Superintendent of public instruction today issued a formal order in the Cumberland county school fund apportionment case, directing that the fund shall be apportioned per capita by townships. This rule is imperative. The law so requires. D. H. Crawford, who was so badly injured by a bull on the streets here, will recover. The bull's horns were so spread that the animal could not pierce Crawford with them, but his body is bruised from head to foot.

Dr. Bull's Baby Syrup for Teething Babies. Price, 25 cts. Cures Wind-Colic, Diarrhoea, Dysentery, Cholera Infantum, Sour Stomach, Fever, Griping Pains, and all the ailments of Infants. Dr. Bull's Baby Syrup promotes the digestion and soothes the baby.

That Light Cough, and as far as that concerned any cough or cold, could be relieved and cured with CHERRY GLYCERINE. It is an entirely reliable cough syrup which has had an enormous sale during the last few years. It seems to give better satisfaction than any other like preparation that we could get hold of. One thing we know—we had rather recommend it to our customers than any other we have in our store. It is safe to give to children. Sold only at HARGETT'S PHARMACY, Cor. Broad & Fleet Streets.

YOU PAY NO MORE FOR Huxley's Candy than for the "just as good" kind and you are satisfied—80c. PER POUND. Exclusive Agency, BRADHAM'S PHARMACY, Cor. Pollock & Middle Sts.

### A. & N. C. R. Freight Wreck.

Goldboro Argus 13th. The Atlantic and North Carolina Rail road had a few freight cars damaged and one man injured just as the incoming freight train was nearing this city last night. The accident was caused by two cars being uncoupled about the middle of the train. The engineer had put on the air brakes and was slowing down to enter the switch near the cotton mill. He did not know of the uncoupled cars until he felt the jar occasioned by the latter half of the train coming against him.

John Smith, a colored train hand, was standing on the front part of the shanty car when the jar occurred. He was thrown forward against the car just ahead and would have fallen on the rails but for the fact that the bumpers were stove up and the two cars too close together to permit him falling between them. As it was, the brakeman was injured right badly. The exact extent of his injuries could not be learned, but it is feared that he is injured internally. He was taken to his home in New Bern this morning.

The bumpers on several of the freight cars were broken and it took the force of train hands all night to pull the cars with chains into the city and place them on the sidetracks. The work was done, however, without any delay to traffic and the morning trains left on time this morning as usual.

### Anti-Saloon Movement Meeting.

In accordance with previous announcements, a meeting was called to order at the Court House, at 8 p. m. March 14, 1902, to consider the matter of organizing a local auxiliary to the Anti-Saloon League of the State. Rev. M. S. Spear called the meeting to order, and Rev. J. A. McKaughan was made chairman. After the object of the meeting had been stated, Mr. J. C. Whitly made remarks appropriate to the occasion.

The following resolution was then offered and unanimously passed. Whereas, A State Anti-Saloon League has recently been organized with a view to the establishment of auxiliaries throughout the State; and

Resolved, That a committee consisting of seven or more be hereby appointed to confer with the State League organization, to adopt or devise a plan of action, and to recommend the same at a meeting which they shall call at their earliest convenience.

The meeting adjourned to meet again at the call of the committee.

### To Investigate State Suffrage.

WASHINGTON, March 13—Representative Crumpacker, of Indiana, today introduced a resolution authorizing the Speaker to appoint a special committee of 13 members to investigate the suffrage laws of several States and whether the right suffrage is abridged or denied in any way.

A somewhat similar resolution was agreed on by a House Republican caucus at which a majority of members was not present, but no action was taken on it by the House Committee on Rules.

### "If I Could Get Rid

of this abominable cold," exclaimed the sufferer, when the end of a spoon of coughing gave him a chance to talk. The way out of the trouble is plain. Take Allen's Lung Balm before the merciless grip of the cold has fastened upon throat and lungs. After a few doses the cough is easier and less frequent, and a complete cure is but the question of a little time.
