VALUE TO MUNICIPAL ADVERTISING.

The fact that a town or city spends money in advertising its advantages to outsiders, indicates that its officials are alive, have something that they believe in, and are progressive.

For any municipality to remain unadvertised, as to its advantages, to the outside investor, means a dead place.

Municipal advertising has the most and value beyond the individual advertising, in that it gives greater results.

Individual advertising, means the calling of public attention to the goods of one person, while municipal advertising means the attraction of the outside public to everything within its borders.

This means, when the advertisement has proven its success by bringing in the outside investor, that both the credit and standing of the community has been advanced.

The effect of this is to increase property values of every kind, stimulate and increase all commercial trade, and promote industrial and trade development.

The officials of a municipality may deem the expenditure of money in advertising their city's advantages, as something beyond their jurisdiction.

If such advertising shall be to promote the interests of the community, it cannot be classed as outside of their official action, for certainly men elected to public places of trust are expected to do within their ability everything for the people whom they serve.

As with the merchant, who seeks to save by not advertising, so with the officials of a municipality who refuse to make public the advantages of their community when opportunity offers.

There is money not spent, but it is the saddest thing that could be devised.

It means obscurity for both merchant and municipality, with a constant retrogression towards an unmarked oblivion.

Would Smash the Club.

If members of the "Hay Fever Association" would use Dr. King's New Discovery for Consumption, the club would go to pieces, for it always cures this malady, and Asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from Consumption, Pneumonia, Bronchitis owe their lives and health to it. It conquers Croup, saves little ones from Croup and Whooping Cough, and is positively guaranteed for all Throat and Lung troubles, 50c. and \$1.00. Trial bottles free at C. D. Bradham's.

War Tax Repealed.

Washington, March 21.—The Senate passed this afternoon the bill repealing the war tax measure. There was no opposition to the bill.

Danger of Colds and LaGrippe.

The greatest danger from colds and LaGrippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of LaGrippe in less time than any other treatment. It is pleasant and safe to take. For sale by F. S. Duffy & Co.

GREAT LOAD OF MONEY.

The Swatara Once Carried \$11,000,000 in Cash.

"I notice that the newspapers have recently spoken of the carrying of \$7,000,000 of bullion to a foreign country by one of the ocean liners as the greatest amount ever transported," said a man who has been with the navy for years to a Star reporter. "It is entirely wrong. In 1885 there was brought from the mint in New Orleans to the treasury in Washington \$11,000,000, and it was brought in a steamer."

"The government decided to transport \$15,000,000 from New Orleans. It was first thought best to bring it by rail, but this was assuming a great risk. The cabinet discussed the matter carefully, and it was finally decided that the safest way would be by water. The members of the cabinet saw that there was a chance for a hold-up if the money was brought by train."

"The United States ship Swatara was first designated to carry the money, but it was found that she would be inadequate to transport the whole amount, so the wooden sailing steamer Yantic was pressed into service to help out. We removed from the Swatara her magazines. The shells from the shell room were removed, as were also the sails from the sail room, so that all available space was utilized for packing the coin. The only weapon of defense was a Gatling gun."

"The money was conveyed from the mint to the vessel in wagons. A squad of secret service officers watched the work. The two vessels were in tow, and the trip from New Orleans to the Washington navy yard occupied a little more than four days. Considerable wind was encountered off Hatteras, but otherwise the trip was without incident. The money was carried from the navy yard to the treasury by an express company."

"The money was in boxes of \$2,000 each and in bags. My recollection is that the money was in silver dollars, or the greater part of it, for while unloading at the navy yard one of the bags, rotten from being in storage so long, gave way, and a large number of the silver dollars were scattered about the wharf."

"The Swatara was a historic craft. John Sarrett was brought back from Malta in the Swatara. The Prince of Wales, now King Edward, paid her a visit once when she was with the American squadron at Villefranche, in the Mediterranean. She was then the flagship. The prince when he saw her said: 'Is this a yacht or a man-of-war?'"

"The Swatara is now in Rotton row in the navy yard at San Francisco waiting to be surveyed. The \$11,000,000 carried by the Swatara from New Orleans to Washington was the greatest amount of money ever carried by a single craft."—Washington Star.

A "Smart" White Horse. Commenting on the "smartness" of the Roosevelt administration, a writer in the New York Press says: "Illness prevented both Mrs. McKinley and Mrs. Harrison from giving brilliancy to the White House social functions during the administrations of their husbands. Mrs. Cleveland's entertainments, though everybody admired her, were simple and somewhat homely. You might expect fruit dishes filled with apples and squashes at her dinner. President Arthur's entertainments were up to date. Mrs. Hayes served dull and dry. Mrs. Grant was queen. The Roosevelt receptions, dinners and other entertainments have the New York tone—dash, brilliancy and extravagance. This is the best 'smart' White Horse since the civil war."

FOREIGN FACTS.

Germany's new postage stamps will be issued on April 1. Venice has a German school which, however, has more Italian than German children.

Belgian census returns report a population of 9,000,000. Only about one-half the adults can read or write.

Italy's exportation of silk has increased within five years from 250,000 pounds weight a year to nearly 2,000,000.

Baltimore's memorial to the late Victoria will soon be finished. It consists of a gray granite obelisk and stands on the rising ground before the castle.

The Tyrol pays a bounty on the heads of poisonous snakes. Last year 732 heads were received, of which 695 were found to belong to poisonous varieties.

The oldest French magazine, the Revue Britannique, founded in 1825 and consisting mostly, though not exclusively, of translations from English reviews, has just ceased to exist.

While making some excavations in the porch of a convent school at Poltera, France, workmen came upon a magnificent statue of Minerva, five feet high, in white marble, dating from the second century.

Marvelous Elixir of Life Discovered by Famous Doctor—Scientist That Cures Every Known Ailment

Wonderful Cures are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy is Free to All Who Send Name and Remedy.

After years of patient study, and delving into the dusty records of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, 3861 Baltes Building, Fort Wayne, Indiana, makes the startling announcement that he has

surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim, as the remarkable cures that he is daily effecting seem to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It does nothing to try his remarkable "Elixir of Life" as he calls it, for he sends it free, to anyone who is a sufferer in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures effected are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, hiccups, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

How to Cure the Grip.

Remedy quickly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the real danger. Among the tens of thousands who have used it for the grip, not one case has ever been reported that did not recover. For sale by F. S. Duffy & Co.

Rheumatism

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood.

Swiss S.S.S. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains. S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment. THE SWIFT SPECIFIC CO., Atlanta, Ga.

Amsterdam, March 21.—It is announced that Queen Wilhelmina will not pay her customary visit to Amsterdam this year, presumably on account of her health, but really from a fear that the populace will demonstrate against the Prince consort.

La Grippe Quickly Cured.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says F. L. Hewitt, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take too which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by F. S. Duffy & Co.
