TWENTIETH YEAR

RALEIGH.

Signs of Another Senatorial Primary.

Title to a Town. Seven Aspirants For Senatorial Honors. Acquitted of Assault. Safe Crackers Nearly Cut Out of Jail.

RALEIGH, N. C., March 26.—The Supreme Court decides a case of peculiar interest, involving the title to the land on which the town of Star, Montgomery county stands. The title of the case is Scott vs. Ingram. A married woman now living in South Carolina, sold the property at a very small figure. The town was later built on it, and it is said the sum involved is about \$70,000. The Supreme Court decides in her favor and the property-owners lose.

To day Johnson Caswell lodge of Masons, at Warrenton, chartered in 1773, and dormant for more than 50 years, was revived.

There is little doubt, it seems, that there will be a senatorial primary this year to settle the question as to who shall be the Democratic nominee for U. S. Senator. The people have had a taste of the primary system, which puts them so close to the choosing, of a senator, and they will hardly desire to return to the old method of election by the legislature. The primary plan arouses interest, to a vast degree. It brings out the vote. Every candidate spurs on the voters to turn out. It is therefore, declared to be the best possible plan for the Democratic party, by people of very sound judgment.

The Democrats will of course work very hard this year not only to get their voters registered and poll-tax-paid, but also to get them on the permanent rolls, under the new constitutional amendment. It is to be a very heavy year. There is hard work ahead and plenty of it.

The editorial campaign may be said to have already begun. The are about seven aspirants and it is asserted that some of these, at least, have for weeks been doing 'missionary work.'

The warrants for the State aid to public schools were today sent to the counties which called for them. With each warrant was sent a letter from the State superintendent saying, "You are earnestly requested by the State treasurer not to present it until it is absolutely needed by the schools. This money is legally usable only to maintain the public schools 4 months in each year. You are urged to use every endeavor to have the intention of the legislature and the pledge to our people scrupulously carried out by so using this money as to secure a four-months school in every district specified as needing aid in the application from your county on file in this office when this has been done the county superintendent and chairman of education board are requested to certify that fact to the State Superintendent."

In the Superior Court here, Robert L. Gray, a young lawyer, indicted for assaulting Mayor A. W. Powell, was acquitted, the jury being out only three minutes.

The fire-bug Hauser, convicted at Wilmington and sentenced to the penitentiary for ten years, will be brought here in a day or two. He appealed to the Supreme Court but has withdrawn his appeal. The Supreme Court says the Superior Court can now send him on to

THE NEW WOMAN.

Made Over by Quitting Coffee.

Coffee probably wrecks a greater percentage of Southerners than Northern people, for Southerners use it more freely.

The work it does is distressing enough in some instances; as an illustration, Miss Sue W. Fairall, 517 N. 4th St., Richmond, Va., writes, "I was a coffee drinker for years and for about six years my health was completely shattered. I suffered fearfully with headaches and nervousness, also palpitation of the heart and loss of appetite.

My sight gradually began to fail and finally I lost the sight of one eye altogether. The eye was operated upon and the sight partially restored, then I became totally blind in the other eye.

My doctor used to urge me to give up coffee but I was willful and continued to drink it until finally a last case of severe illness the doctor insisted that I must give up the coffee, so I began using Postum Food Coffee, and in a month I felt like a new creature.

I steadily gained in health and strength. About a month ago I began using Grape Nuts Breakfast Food and the effect has been wonderful. I really feel like a new woman and have gained about 25 pounds.

I am quite an elderly lady and before using Postum and Grape Nuts I could not walk a square without exhausting fatigue, now I walk ten or twelve without feeling it. Formerly in reading I could read one or two lines but now my memory holds what I read.

Several friends who have seen the remarkable effects of Postum and Grape Nuts on me have urged that I give the facts to the public for the sake of suffering humanity, so, although I dislike publicity, I am publishing this story and my name if you like."

the penitentiary without any further delay.

It is intimated that the Republicans will hold their State Convention at Greensboro also.

George Ellsworth and J. H. Travers, two professional safe-crackers, blow the express company's safe here a year ago then went to Wadesboro, blew a safe and got \$900. They were convicted and sentenced there, but appealed. Their appeal was argued yesterday, but at the very time they were trying to cut out of jail. They had sawed through two steel bars when the sheriff detected their work. On their persons he found ten burglar saws. In the cover of a book which they had were found twelve more of these saws.

Could Not Breathe.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucus, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." F. S. Duffy.

A fine lot of hog brains at the Oaks Market today.

POLLOCKSVILLE.

Tobacco Crop Outlook Fine. No Shad. Personal. Important Court Case.

March 26.—The weather is very fine, though very cool, but the farmers are forging ahead plowing and planting. It seems there will never be any end to the increased demand for fertilizers. Home-made manure is a thing of the past.

The tobacco farmers report the outlook in this section very good as they are fully up and well prepared to set and cultivate as soon as plants are large enough. Some are up and doing nicely, some now three and four leaves.

Everything is very backward this year. All nature seems very much subdued by the long cold winter.

Those who look forward to the shad season with bright hopes and anticipated pleasures of the jolly night's sport on the Trent are gradually growing despondent as there seems to be no shad this season and the time is about half gone in which to catch them.

The following parties left here last Tuesday, the 25th, to attend the Charleston Exposition. Dr. George R. Hughes and wife, Mr. Daniel W. Whitford and wife and also Miss Laura Whitford who is home from Greensboro on a visit.

Mr. John Pearce left on the 25th, inst, for Atlanta, where he goes to take his little grandson, Carl Chadwick, to the National Surgical Institute and Sanitarium, for treatment for spinal trouble. Little Carl is a lovely, bright little boy, but has been a sufferer for the last four years with spinal affection caused by a severe fever. We hope he will be fully cured by the proposed treatment.

Miss Lena Jarmon of Jacksonville and Isora Jones of Cedar Point are visiting friends and relatives near here this week.

Miss Katie Kinsey of New Bern is the guest of Mrs. Carrico Pearce of this place this week.

Miss Lillie Koonce of Trenton, was visiting her brother, Dr. S. E. Koonce of this place last week as was also Miss Sallie Cox this week.

We are sorry to have to report Mr. William Koonce of this place very low and not expected to live long, he is gradually sinking daily, so we are told.

Jones County Superior Court convenes next Monday the 31st with a full docket the most important case is that of Mr. Cyrus Dixon for the murder of one Mr. Webber, this is a case similar to the Wilcox case, so far as the facts of the killing goes, it is all circumstantial and some times circumstances are very misleading and people are executed unjustly on such evidence.

ZORAH.

March 25.—The weather has been so bad that farmers are badly behind with their work. But they are hustling, and if the good weather continues will soon be ready for planting.

Some oats are up and looking nice, while others are just planted.

Mr. Morris Whitford took a trip to Birmingham, Ala., about two weeks ago, leaving on Monday and returning on Saturday.

Mr. O. C. O'Neal was visiting relatives at Zorah Sunday, but has returned again to his work in Jones county.

A number of our people attended preaching at Macedonia Saturday and Sunday.

Mr. G. A. Whitford is logging 10 acres of swamp land this spring. He has already had three 'floods' and is not doing so yet.

Mr. J. B. Harrington is building two tobacco barns and a peck house near here.

Since the "Sanctified Flight" reported about 5 years ago, there has not been any sanctified preaching in our section until recently.

Miss Jessie Price and her brother, Kenneth, of Ashe, visited their sister at Zorah, Sunday.

From a Stranger.

While I was looking yesterday at different places of business in this growing little city I was much impressed with the Trent river warehouses. They were as busy as bees. Numbers and numbers of carts, busy bringing and carrying freight but on my way up the wharf, I ran against another enterprise, it was a saw mill cutting cord wood in stove lengths and there I found four carts taking it away. It was indeed a surprise to see how quickly it was cut and how many loads were carried in a day. Am now thinking of locating here, excuse me for writing you as I am only a stranger in your city. I forgot to say that upon inquiry I found the wood was at Moore's Wood Yard.
