

## You may Snap your Fingers at Dyspepsia

There is a quality in Royal Baking Powder, coming from the purity and wholesomeness of its ingredients, which promotes digestion. Food raised by it will not distress. This peculiarity of Royal has been noted by hygienists and physicians, and they accordingly recommend it in the preparation of food, especially for those of delicate digestion.

ROYAL BAKING POWDER CO., 109 WILLIAM ST., NEW YORK.

### School Closing at Wildwood.

The closing exercises of Miss Beattie Willis' school at Wildwood took place Friday night, the 28th inst. Miss Beattie had arranged a very beautiful and entertaining program for the occasion, as well as a beautifully decorated house. It was trimmed with flowers and evergreens, everything was fixed with great taste.

The girls were all dressed in white, with long sashes of suitable colors for their dresses. Some of the boys had yellow suits trimmed in white to act in. Their motto was, "Education the hope of our Country."

They opened the exercises by singing the Red, White and Blue. Miss Beattie Tolson sang a solo, Miss Gena Collins and Miss May McCabe acted well in a dialogue. Miss Hamie Howell acted well in several pieces. Mr. George Pelletier acted well as old year—a dialogue. Mr. Johnnie McCabe and Albert Tolson acted as a negro preacher in a congregation of negroes; the former preached a sermon from the book of Luke, and the latter preached a funeral of a chicken thief.

These all deserve special mention as well as the fair drill. Eight beautifully dressed young ladies came out on the stage with their fans, and facing the audience, and went through an exercise with their fans. They turned and marched with the accompaniment of the organ around and across the stage several times and then off the stage to their seats.

Mr. J. H. Bell furnished music with his harp, accompanied by his guitar. Mr. Bell played well. Then came the closing song by the school, "We'll never say good bye."

Then Miss Beattie made some striking remarks on education and morality; after she had finished her talk, she called on some of the school patrons to speak.

Messrs. T. J. Tolson and T. T. McCabe both spoke very encouragingly about education and the necessity of an education.

Then Mr. T. J. Tolson dismissed the audience with prayer. We had several visitors from Newport, Morehead City and Bogus. We hope they were not sorry they came. We were glad to have them with us.

Miss Beattie has made many friends in our place while with us, although she has gone and left us, she has our best wishes. So ends one of the most successful schools ever taught at old Belmont school house.

One Who Was There.

### RALEIGH.

#### Educational Object Lesson at Greensboro.

#### Music Teachers Association Meeting Cold Weather For Crops. Important School Raising. Lumber Company Dissolves. Ar. rials.

RALEIGH, April 1.—The second annual convention of the North Carolina Music Teachers Association began here this morning in the Academy of Music, about 150 members being present. The first meeting was held at Durham last year, when 44 were present. Gov. Aycock this morning made an address of welcome, to which Gilmore Ward Bryant of the Durham Conservatory of Music responded. Clarence Brown read a paper on "Music in the Public Schools," and John A. Simpson of the school for the blind, and who is also blind, one on "Mind in Technique and Expression." This afternoon there was an illustrated lecture by A. K. Virgil and Miss Florence Dodd, and this evening a piano recital by Richard Burmeister.

Mrs. H. S. Robinson, daughter of editor Robert M. Furman of the Morning Post, is extremely ill here.

Only the high wind which continued all last night, prevented frost this morning. The temperature was 37 degrees. The air was very free from moisture; the percentage of humidity being only 46. This was also the case during the severe cold snap in March, when the very dry atmosphere prevented much damage. The cold wind is unfavorable to the truck crops. Since Sunday at noon the wind has blown at a velocity of from 20 to 32 miles an hour.

The Secretary of State today allowed the Enfield Lumber Company to dissolve. Its capital was \$100,000.

Up to this time the graded schools in this State have never reported to the State Superintendent, and officially he does not know they exist. Under section 66 of the new school law all schools which receive public funds are required to make reports. He is now preparing report blanks which will solicit all the desired information as to these schools, and he will require direct reports.

The State Superintendent makes an important ruling as to these schools which through private receive public funds and charge for education in the higher branches. He rules that under section 64 of the school law no school which receives any State funds in any way can make any charge. The particular ruling is as to a school at Waxhaw, Union county, but it applies to a number of counties.

Arrivals: J. H. Moore, Wilson; W. P. Bynum, Jr., Greensboro; Platt D. Walker, Charlotte; C. B. Watson, Winston-Salem; R. K. Kling, Greensboro.

Giv. Aycock will go to Greensboro Thursday evening, and will directly after his arrival attend a meeting of the society formed among the students of the State Normal and Industrial College for the purpose of improving the rural public schools in the State. Twenty county superintendents will be present and they will tell the society of the condition and the needs of the schools in their respective counties. Friday the State Superintendent will hold a conference with the 20 county superintendents. Governor Aycock, Dr. Charles D. McIver and others will speak and take part in the conference. In the evening there will be a rally, with speeches by the Governor and the State Superintendent. After this date there will be formed an association for the improvement of rural public school houses in Guilford county, and to present to the people an advance along three lines—Consolidation of school districts, the levying of local taxes for rural schools and the improvement of buildings and grounds. Guilford proposes to set the pace in this State in this matter and to give an invaluable object lesson.

### GALILEE.

April 1.—March left us with fine weather. Yesterday was pretty cool, but some of the farmers planted some corn just the same.

We were pleased to have such a fine day for our Easter entertainment given by the Sabbath School at this place. We had a good many visitors from the surrounding schools which were gladly welcomed.

It is reported that Mr. A. A. Kyrington is going to leave shortly.

Mr. T. M. Daykin has been very ill, but is improving.

Mr. T. A. Stiefelord is now making preparations for his new home on Newport river.

Mr. J. W. Kyrington's dog met his fate one day last week, by a strange passing through the neighborhood, who lodged a pistol ball in the dog's brain.

Ray A. J. Hughes passed through Raleigh today.

Cold Headache Powders

contain no Anilines, Morphine or other injurious drugs. They do not depress—but stimulate the stomach and increase its secretions. Give one or two for Headache and Sour Stomach. Price 17c. Made and sold by Bradburn's Pharmacy, corner Pollock and Middle Sts.

### Trade of \$2,000,000 a Day.

Washington, April 1.—The manufacturers of the country are now importing more than \$1,000,000 worth of materials for their workshops every day in the year, and are exporting more than \$1,000,000 worth of their finished product each day. The imports in the eight months ending with February, 1902, were, according to a statement just issued by the Treasury Bureau, \$370,808,774, and exports of finished manufactures during the same period were \$307,907,480. The importation of manufacturers' materials has been greater in the eight months just ended than in the corresponding period of any preceding year.

Within less than a decade the importation of manufacturers' materials has more than doubled, and the exportation of manufactures has also more than doubled.

Pray-Balloon Stops the Tickling, and quickly allays inflammation in the throat.

Pretty Slow.

When a girl pins a flower on a man's coat, she always tilts her chin up and looks at it sideways, and the man who doesn't tumble is slow enough to get run over by a horse.

Nothing worries a person so much as to tell him that he talks in his sleep and then not tell him what he says.—Aitchison Globe.

No woman will ever reproach her husband for flatterer her even if it is badly done.

### Supreme Court Opinions.

Special to Journal.

Raleigh, April 1.—The Supreme Court filed the following opinions today:

Thompson vs Railroad from Pender affirmed.

Tucker vs Winders from Duplin, no error.

Ballenger vs Perry from Beattie, error.

The following cases were disposed of by per curiam order:

Barnes vs Railroad from New Hanover, affirmed.

Mears vs Whitehead from New Hanover, affirmed.

The Best Prescription for Malaria.

Chills and Fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

Man's Conscience Awry.

"The average man's conscience," said the Tobaccoist to the Wooden Indian, "is that still small voice within his breast which tells him he wouldn't be an ass as his wife's relatives are even if he knew how."—Syracuse Herald.

Heavy Bombardment.

Sam—'Yo' say dat de bride an groom hadsto be sent to de hospital soon after de marriage ceremony. How was dat? Remus—Why, some ob deh frien's thought it would be luckier to throw old horseshoes.

When fortune turns a man down, people turn up their noses.—New York Herald.
