## RALEIGH.

### Gossip on Associate Justiceship Nomination.

### Negro Mass Meeting a Failure. Great College Game of Base Ball, Republican Claims. Penalty too Severe.

RALEIGH, April 15.—The State mass meeting of negroes held here yesterday was a flat failure in point of numbers. Only a dozen or so were here from other places. Senator Pritchard was, as predicted, roasted for allowing so many, in fact almost all, the negro postmasters in the State to be removed. Once there were scores of them; now there are only half a dozen.

The negroes say that all the talk of the white Republicans about the benefits that will result from the dropping of the negro is mere bores; that the white Republicans claim that with the negro eliminated their party will get white voters to join it, but that this will not happen, and that the negroes have really created and kept alive the white Republicans.

Auditor W. Q. Cole of Mississippi is here. He was asked why his State had few or no cotton mills and said it was because the banks made so much money and the interest rate is unlimited. He says some banks pay .88 per cent dividends a year and that there is no state supervision of them.

One of the special events of this week here will be the base ball game between the University of Virginia and the University of North Carolina next Saturday. It will be played at the State fair grounds. All the games here this season are to be played at the fair grounds. The Republicans say they have no chance of carrying the State this year. From Greensboro eastward there is practically no organization.

So far no one but Walter Clark is in the field for the democratic nomination for chief justice, but it can today be said to be entirely probable that he will have opposition before the date of the State convention.

As to the associate justiceships it is asserted by people on the inside that H. G. Connor will defeat George H. Brown for the nomination for what may be termed the "eastern judgeship." For the "western judgeship" there are four aspirants, all with a strong following, these being Platt D. Walker, J. A. Lockhart, C. H. Armfield and C. A. Moore. Walter W. Mills of Blasco, today gave the Methodist orphanage here \$1000. The Supreme court returns to the Superior court the case of Ed. S. Battle who was sentenced to the roads for assaulting Mayor Powell, of Raleigh, holding that the penalty imposed was too severe.

### Insurance Men Quit Vicksburg.

Vicksburg, Miss., April 15.—The special agents of all the fire insurance companies doing business here met today, and later all the local fire agents reported that they had suspended business. The trouble grows out of the failure of the city to reorganize the Fire Department, which it is claimed is incompetent.

### Another German Courtesy.

Washington, April 15.—An invitation has been received from the German Emperor asking that three army officers be detailed to witness the autumn maneuvers of the German Army. Secretary Root will accept the invitation. Adjutant-General Corbin probably will be one of those assigned. The courtesy has never before been extended this Government.

### SWEET BREATH When Coffee is Left Off.

A test was made to find if just the leaving off of coffee alone would produce an equal condition of health as when coffee is left off and Postum Food Coffee used in its place.

A man from Clinton, Wis. made the experiment. He says, "About a year ago I left off drinking coffee and tea and began to use Postum. For several years previous my system had been in wretched condition. I always had a thickly furrowed tongue and foul breath often accompanied with severe headaches. I was troubled all the time with chronic constipation so that I was morose in disposition and almost discouraged."

### For Him to Pay.

"Do you suppose women will ever be sent to the legislature, Wilkins?" "You'd be surprised. My wife's included that way now."

### Family Petio.

"Quick, George! the wife screamed. 'Hurry to the baby! She's trying to swallow the rattle!'"

### Dismissed.

"This is the church where you hold your services, I suppose?" "We used to call it a church, but we have outgrown all that. It is a temple of progressive thought now."—Chicago Tribune.

## BEEF TRUST UNEASY.

### Don't Like Government Interference With Their Business.

Kansas City, Mo., April 15.—The local packers showed evidence of alarm to-day over the instructions from the Department of Justice to United States District Attorney Warner to begin proceedings against the Beef Trust.

For the first time in over a year they failed to-day to issue a uniform schedule of prices. The Ouday Packing Company, Bolvanschild & Sulzberger, the Armour Packing Company and Nelson, Morris & Co. all increased the price of beef in the carcass 1 cent while the Fowler Packing Company and Swift Packing Company made no change.

The same concerns which raised beef 1 cent raised provisions—that that is ham, bacon, lard, etc., 1 cent while the other two issued no new schedule of prices.

The butchers believe that it is merely a ruse for the purpose of making the public believe that there is no agreement regarding the prices, and think that Fowler and Swift will soon follow in the footsteps of their competitors.

United States District Attorney Warner is still secretive on the method of the fight against the Beef Trust. A confirmation came from Washington yesterday of the report that Major Warner has been instructed to make a fight to break up the Trust but the District Attorney declines to make any statement which would indicate what measure of relief may be hoped for by the public.

"The Grand Jury will be in session in two weeks," said the Major, "and it would be unwise for me to say whether the jury will or will not take up the so-called Beef Trust."

### Confessed He Killed Mail-Carrier.

Cincinnati, April 15.—Mumford Craft, alias "Jack" Collins, aged 19, was brought from Wise, Va., to Covington, Ky., today, and later confessed that he and a companion, whom he refused to name, killed a rural mail-carrier in Magoffin county, Kentucky, January 29, and secured \$800 in ridding the mail-sack.

### Russian Discipline.

During the review of the army recruits in Vinnitsa some years ago the general in command, turning to one of the new soldiers, asked him, "What is military discipline?" "It is that a soldier has got to do just what he's told by his superior officer, only nothing against the czar," was the answer.

"All right, then. You take your cap, bid your comrades goodbye and go and drown yourself in that lake there. Look sharp!"

### Years glistened in the soldier's eyes.

He gazed earnestly and physically at his commander, turned suddenly about and rushed off to the lake. He was on the very brink before he was overtaken and stopped by the sergeant sent to prevent the involuntary suicide.

### An Irish Fishing Story.

There is a good fishing story in an Irish contemporary. Two enthusiastic anglers arranged a fishing match to decide the respective merits of the worm and the minnow as bait. For hours they sat patiently on a bank without getting so much as a nibble. At last the proprietor of the worm suddenly said that he had got a bite, and jerking his line out of the water, discovered at the end of it the other man's minnow, which, having by this time grown hungry, had devoured his worm.

### Just What He Needed.

A man went with his wife to visit her physician. The doctor placed a thermometer in the woman's mouth. After two or three minutes, just as the physician was about to remove the instrument, the man, who was not used to such a prolonged spell of brilliant silence on the part of his life's partner, said: "Doctor, what will you take for that thing?"—New York Times.

### Italians Eat Much Flour.

The Italian peasant probably consumes more flour than the peasant of any other European country, because the manufacture of flour into various forms of macaroni is common in all the poorer Italian households. Italians are peculiarly ingenious also in their treatment of dough, which they make into many curious and appetizing forms.

### Wrote Himself Down.

"The prisoner knocked me down, calling me a scarecrow, a wall-eyed old fool, a reforming rooster, a doll and an idiot."

"This was the conclusion of the deposition. He affixed his signature, which was preceded by the formal entry, 'All of which I swear to be true,' and left the court."—New York Herald.

### For Him to Pay.

"Do you suppose women will ever be sent to the legislature, Wilkins?" "You'd be surprised. My wife's included that way now."
