THE PEOPLE'S GREATEST TAX.

The full amount of the annual waste to by fire in this country, is seen by stimate that \$150,000,000 has been e average loss during recent years.

In round figures this is one per cent of the taxable property in this coun-

And further this annual fire tax means that the people once every ten years pay a sum equal to their national

This tax for protection against fire comes high, yet it is paid voluntarily, quite different from other taxes, which have to be dragged from the people by the tax collectors.

The flimsy character of the buildings in the United States makes the fire tax higher in this country than in any other civilized nation.

The French people have the lowest fire losses of any country, it amounting to six cents on the \$100. In England it is nine cents on each

\$100. loss. In the different States in this country the loss varies, as the character of build-

ings change. a New York it is fifty eight cents; in Massachusetts sixty cents; In Texas

\$1.10; in Arkansas, \$1.31 on the \$100. The range in this country is a notable one, but from the six cents in France to the \$1,31 in Arkansas, the vastly increased rate of loss shows how different | 25 and 50 cents. must be the buildings and the sum of the proportionate total losses.

Deafness Cannot be Cured

by local applications as they cannot h the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. frees is caused by an inflamed conin of the muces lining of the Eus-Man Tube. When this tube is in d you have a rumbling sound or ot hearing, and when it is enlosed, Deafness is the result, and the inflammation can be taken out Is tube restored to its normal conhearing will be destroyed fornine cases out of ten are caused by tarch, which is nothing but an incondition of the mucos sur

The skirt, plaited over the hips, is trimmed at the bettom with rows of velvet ribbon in graduated widths.—Costume Elegant.

SIEK AND ALING WOMEN

Should Write to Mrs. Pinkham, Lynn, Mass., for Advice—It is Absolutely Free and Has Restored Thousands of Women to Health.

All Letters Are Secredly Confidential and No Names Are Published Without Special Permission of the Writer-All Letters Are Received, Opened and Answered by Women Only - During the Last 20 Years Mrs. Pinkham Has Gained a Greater Knowledge, Regarding Female Ille Than Any Other Person, and is Consequently Better Qualified to Advise and Guide Sick Women.

Mrs. Pinkham's Standing Invitation.

In addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience in treating woman's diseases is greater than that of any living physician-male or female.

You can talk freely to a woman when it is revolting to relate your private troubles to a man-besides a man does not understand-simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It s unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is greater than any local physician. The following invitation is freely offered; accept it in the same spirit.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and inswered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very know-ledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. rely any women, rich or poor, is very foolish if she does not take advantage of this generous offer.

Four Letters Shewing the Result of Mrs. Pinkham's Advice. — Thousands More of the Same Kind Are on File in Her Office at Lynn, Mass.

"DEAR MRS. PINKHAM: - I have been for some years a great sufferen and thought I would write and explain my case to you as you had helped so many others. Menstruation is irregular and very painful. I have suf-fered with painful periods for ten years but the pains grow worse as I "I suffer most with my back, lower part of abdomen and left side.

have been flowing all the mouth and a part of August, not constantly, but will stop for two or three days and then begin again.

"The doctor says I have misplacement of the womb. I have bearing down pains when passing urine, and my abdomen is very badly swollen and sore. Please advise me at your earliest convenience."—Mrs. A. V. Soorr, 21 Page St., Kingston, Pa. (Sept. 20, 1909.)

"Dean Mas. Pinkelam: — When I wrote to you asking advice no one could describe my suffering. The doctors said I could not be relieved unless I had an operation performed, but thanks to you and your medicine I got along without having the dreaded operation. I have taken ten bottles of your medicine and am once more well and happy. Lydia E. Pinkham's Vegetable Compound is a fine medicine and a God-send to suffering women. I trust my letter may be the means of bringing many of my suffering sisters to accept your kind aid." — Mas. A. V. Scorr, 21 Page St., Kingston, Pa. (Jan. 30, 1901.)

21 Page St., Kingston, Pa. (Jan. 30, 1901.)

"DRAR Mis. PIRKMAN:—Some time ago I wrots you that my regular physician had made an examination and told me I was afflicted with a tumor in my womb. I had backsche, headache, bearing-down pains, and very profuse menatruation. My limbs would ache so I could not sleep, and I was very weak and nervous. I was bleated from my head to my feet. After receiving your letter I took Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and followed all the rest of your advice as near as I could, and the tumor was expelled in pleess, and I regained my natural size. I continued taking your Vegetable Compound for a while longer and felt like a new woman. I cannot thank you enough for your kind advice, and what your medicine did for me. It certainly saved my life. — Miss. Parkmy B. Wittles, Vershire, V.

"DRAN MES. PERCHAN; — One year ago I read a latter in a paper talling ow much good one woman had derived from Lydia E. Pinkham's longestable Compound. I had been sick all winter and was nearly discussed as the madicine the doctor gave me did me ne good. I had kidney omplaint, leucorrhose, itching, bearing-down seeling, and painful mentruation. I wrote to you describing my trouble and soon received an asswer telling me what to do. I followed your instructions, and have those aids pour mine bottles of Verstable Compound, and used one package of Sanative Vash, and one box of Liver Pills. I am well now, do not have those aids palls at the monthly period, set can work all day, and that I never could out il I began taking the Compound. I cannot praise the Compound to ighly. I do hope every suffering woman will learn of your remedies and a carred, as I have been. I wish all success to the Compound; it has done conders for me and I am so thankful."—Kue Geam Kritoge, Berlin telephy. Only
