RALEIGH.

Tobacco Dealers Welcome Imperial Tobacco Company.

Corner Stone Laying. Marry or Not Marry. State Charters. Important Meeting Corporation Commission. Soldiers' Home.

RALEIGH, April 19.—Great interest is manifested in the entry into this State of the Imperial Tobacco Company. Its attorneys here when asked whether it would do a retail business, said he did not know, that he only knew it would buy leaf at all points where there are warehouses and would be an active and complete competitor of the American Tobacco Company. Of course the latter is the most cordially hated of all the trusts which do business in the State. Hence the growers and the sellers of leaf will be delighted at the entry of the big English company, which proposes to put up so great a fight.

J. Richard Young, insurance commissioner, leaves for New Orleans tomorrow. He is to be married there next Wednesday. J. Crawford Biggs, who is to be his best man, accompanies him.

Tomorrow afternoon at Nazareth, two miles from here, the corner stone of the "Church of the Holy Name of Jesus" will be laid by Rt. Rev. Leo Hald, O. S. B., D. D., Vicar Apostolic of North Carolina. The church will form part of the group of buildings at the Roman Catholic Orphanage. The corner stones of two other buildings, one a school, will also be laid. Contractor Jacob S. Allen is at work on all these. The orphanage is admirably located and is on a hill which looks down on Raleigh. There are 400 acres of land in the tract.

A very amusing incident occurred at the Supreme Court this morning. A young man not over 20, over 6 feet high, and weighing about 135 pounds, with shoes of at least No. 12 in size, made his appearance, accompanied by an equally gawky woman, fully twice his age, and said he wanted a marriage license. The marshal of the court told him he must go to the court house. This the young man could not understand. The direction of the court house was pointed out. He said "I am thinking of marrying." The woman giggled. Then he said "we've walked 100 miles." He appeared to have walked 100 at least. As he was going out the door he said "well I don't care much whether I marry or don't."

The State charter the Rhodes School Company of Winston, capital \$6000; also the Whitaker-Harvey Tobacco Company of Winston-Salem. The latter will deal in leaf tobacco and make and sell plug and smoking tobacco. Its capital stock is \$350,000. W. A. Whitaker and William L. Harvey are its principal stockholders.

The corporation commission will have an important session on Wednesday. At this several cases will come up for hearing.

Arrivals: S. B. McLean, Maxton; A. W. McLean, Lumberton; G. B. Patterson Maxton; H. L. Lyon, Whitesville; Walter Brown, Charlotte; Donnell Gilliam, Tarboro; J. E. Corbett, Wilmington. A gentleman from Winston who arrived here today says that yesterday a member of the naval militia there, named Mewborne, took a cartridge from a one pound rapid fire gun to a tinner named Moore, to see what was in it. They both made the discovery and

Moore is minus all the fingers of one hand. Mewborne had cut the metal part away from the shell. From the base of the latter a little pin projected and Moore was trying to find out what this pin was. He was striking it with a hammer. The shell exploded. One part tore off his fingers, while a fragment cut Mewborne's face. One part went through a wall, another through a window and into a wall.

The Soldiers Home today had 108 inmates. By May 1 twelve more are to be admitted. It can give room to only 120 at the most.

Chicago World's Fair Dividend.
CHICAGO, April 18.—The \$450,000 which remains in the treasury of the World's Columbian Exposition Company probably will be divided next week among the 30,000 shareholders. The dividend, it is estimated, will be about 45 cents a share. Shares were sold for \$10. About one-fourth of the 20,000 stockholders held one share each. The city will get about \$335,000 as its dividend on the \$5,000,000 bond issue.

Split Among Boer Leaders.

London, April 18.—Serious differences it is said, have arisen between the Transvaal and Free State delegates who are discussing peace terms at Pretoria. General Botha and acting President Schalk-Burger, it is reported, have given the Free State representatives until April 21 to come to a decision, threatening that thereafter the Transvaal delegation will continue the peace negotiation independent of the Free State delegates.

It is further declared that Botha and Schalk-Burger had practically agreed upon terms for surrender prior to their visit to Klerksdorp; but out of consideration for their allies they insisted on a conference, though with slight hopes that their views would be shared by General De Wet and the other Free State leaders.

London Fears Meat Famine.

London, April 17.—A meeting of representatives of the entire retail meat trade of London were present unanimously petitioned Parliament to remove the existing restrictions on the importation of cattle from Canada and Argentina. The petition declares that, in view of the reduction in the American supply, the action was imperative in order to prevent a meat famine during the coronation festivities.

Killed On Rail Road.

Washington, April 18.—The Interstate Commerce Commission has issued a bulletin showing for the three months ended September 30, 1901, a grand total of 725 persons killed and 2,622 injured in train accidents of all kinds in the United States. The total number of train collisions was 1,947 and derailments 1,002, causing damage aggregating \$1,842,224 to cars, engines and roadway, exclusive of damage to merchandise.

Cuban Planters Sugar Loaded.

Washington, April 18.—The Secretary of War today sent to the Senate a communication from General Wood again asserting that the planters and Cuban sugar dealers hold the bulk of Cuban sugar. The amount held is so great, he says, that they must unload very soon. He says this large amount, when thrown on the market, will greatly reduce the price and that delay of action toward reduction of the duty on sugar in the United States is playing directly into the hands of the sugar combine.

LOSE AGAIN.

North Carolina Defeated By Virginia in a Bull Game.

Special to Journal.
RALPHIGH, April 19.—In the game here today, between North Carolina and Virginia University clubs, North Carolina was defeated by a score of 9 to 7. The game began an hour late and was dull on both sides, the Virginians outplaying the Tar Heels.

The University of North Carolina team made a poor impression. The playing today did not compare in the slightest with that of the State League.

Lending Money To England.

New York, April 18.—J. B. Morgan & Co. and Baring, Messers & Co. announced today that the \$35,000,000 of British consols secured jointly by them for sale in this country have been oversubscribed fully 10 times. In the opinion of Cecil Baring applicants are not likely to receive more than 5 per cent, of the amounts of their subscriptions.

Found \$30,000 Worth Of Ambergris.

Bangor, Maine, April 18.—William Storey and Robert Mitchell, of Lubec, a fishing town on the Eastern Maine coast went to Campobello Island, in the Passamaquoddy bay, to shoot ducks recently. While there they saw floating in the water a dirty white substance, much resembling a lump of wax. They waded out and brought the object to shore. Now they find it is a lump of ambergris and they have just sold it, clearing \$15,000 each.

A Wonderful Cure.

Some charitable women were recently inspecting the wards of a Baltimore hospital when they chanced to see a poor fellow, the expression of whose face melted their hearts. "My poor man," said one of the women sympathetically, "you seem to suffer agonies." "Sure, mum," he answered, "I have the rheumatism." "Is there anything I could do for you?" asked the kind hearted woman. "We-I," slowly muttered the patient, "I would like to have my face shaved, but I haven't the coin."

The women held a hasty consultation, and one of them finally drew a crisp \$2 bill from her purse. Turning to the patient, she said, "There, take this, and may you soon get better." Her wish was evidently gratified, for the next day when she called at the hospital to see the good effects of a shave on the rheumatic patient she was told that shortly after she had left on the previous day he had shown such marked improvement that he said he was able to get up and hurriedly left the hospital before a barber had been summoned. It was evident that the \$2 bill had wrought the wonder.—Baltimore Sun.
