Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Balm cures such cases. M. B. Smith, Butterfield, Mich., says: "DeWitt's Little Early Balm is the most satisfactory pills I ever took. Never gripe or cause nausea." F. S. Daily.

Saved Many a Life.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A box of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Never cures for coughs, colds, croup, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, New, Ill. "It is the very best cough medicine on the market. It has cured me many a severe spell of asthma and I warmly recommend it." The children's favorite. F. S. Daily.

TRACKS BLOCKED.

By Railroad Wreck Of Freight Trains.

Air Brakes Failed to Work. Railroad Commissioners View the Wreck. Great Council of Red Men Meeting.

RALEIGH, April 25.—At 5 o'clock this morning there was a great collision of freight trains at the gateway to the penitentiary and a quarter of a mile west of the city boundary, which proved a spectacle to thousands of persons who went to the scene.

A freight train on the Seaboard Air-Line coming this way had stopped at that point to get signals from the block station. Another freight train, also coming this way came up behind it. The grade is very heavy. The engineer, Harding, gave his train the air, but found it would not answer. He and his fireman jumped 100 yards from point of collision and are unhurt.

The engine, No. 659, one of the big new Richmond consolidated locomotives plowed through the caboose and six other cars, mainly loaded with lumber and when it stopped the smokestack rose high in the air, the front of the engine being elevated by a great mass of iron and woodwork. A car loaded with lumber was almost suspended in the air, one end resting on the front of the engine, the other extending entirely across the track of the Southern railway, which is only eight feet from that of the Seaboard Air-Line, and resting inside the penitentiary enclosure, having entirely torn away the penitentiary's great gate. Other cars were merely splinters. Of the caboose there were a few fragments. At the point where the engine stopped a high hill ends and a cutting begins. Down the side of the file was a great heap of debris and in this were three tramps. All these were injured, one a negro named Simmons, who was at the bottom of the hill being so desperately hurt that he died not long after he had been placed in the penitentiary hospital. These tramps were in the cars just ahead of the caboose.

The wreck like the one at Auburn, three weeks ago today, blocked both the tracks of the Southern and the Seaboard. The big engine leaned far over towards the Southern track as if ready to topple.

It was stated by a railway official that the "air" was on only three of the cars of the train which ran into the other, and that the air had been cut off at Cary, eight miles west of here.

Chairman McNeill of the corporation commission and H. O. Brown, its secretary, were at the scene of the wreck by 9 o'clock, and a little later Dr. Abbott and J. L. Rogers, the two other commissioners went to the scene and made an inspection. The commission met at 10 o'clock to consider the matter of making an investigation. The law gives

them power to make investigations into all accidents. It is understood that the commission will investigate. The Southern railway had to build a track around the wreck, and the Seaboard and the Southern had to use this temporary track for their trains, between Cary and Raleigh. It is asserted by the S. A. L. people that some one cut out the air at Cary.

It is found that the State overpaid Montgomery county \$171, for the public schools. That county was today ordered to refund.

The handsome office building of the Central Trust Company here is almost ready for occupancy.

Many subscriptions to the stock of the proposed railway between here and Washington, N. C., are being received here. Ex-Congressman Woodard of Wilson says the road will traverse one of the best sections in all North Carolina.

Elaborate preparations are being made here for the annual meeting of the Great Council of Red Men May 9th. A barbecue is to be a feature, at the park.

A CARD.

To the Democratic Voters of Craven County:—

I desire to state that while I have every admiration for the present incumbent of the office of Register of Deeds, I would strongly recommend as his successor another sterling young Democrat of equal ability and character, Mr. Geo. B. Waters. He has had ample practical experience in the office to make him perfectly able to discharge its duties with thoroughness, is well known in the city, no less than in the country, and is a young man of worth and character and I believe, would be most acceptable to the entire Democratic constituency of Craven county.

You Can't Do It!

It is bound to be seen. You have been holding on to that old threadbare suit all winter, because you could cover it with an overcoat. But you can't do it any longer! A few warm days like this will send that overcoat to the wardrobe and, my dear fellow, that shiny, threadbare, buttonless and shabby suit will be exposed. But never mind, we can help you out in fine shape for \$5.50, \$8.00 or \$10.00. A job-suit for \$12.50. If your Spring Suit comes from here, it will be right.

SUFFERED THREE YEARS. CATARRH OF STOMACH.

Miss Evelyn Morse writes from 681 Adams Street, Minneapolis, Minn., as follows: "I suffered for nearly three years with catarrh of the stomach which no medicine seemed to relieve, until a friend advised me to try Peruna. Although skeptical, I tried it and found it helped me within the first week. I kept taking it for three months, and am pleased to say that it cured me entirely, and I have had no symptoms of its return. I am only too glad to recommend it."—EVELYN MORSE.

Adia Bivins, of Sackets, O., writes: "After using your wonderful Peruna three months, I have had great relief. I had continual heaviness in my stomach, was bilious, and had fainting spells, but they all have left me since using Peruna. I can now get around and do my household, and think Peruna the greatest medicine I ever used."—Adia Bivins.

Brittain. Mrs. Lizzie Bivins, 102 Boliver street, Cleveland, Ohio, writes: "I candidly feel Peruna was the means of saving my life, for I suffered for months from catarrh of the stomach. Two bottles of Peruna cured me."—Mrs. Lizzie Bivins.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
