NEW BERN, N. C., SUNDAY MORNING, APRIL 27, 1902.

TWENTY-FIRST YEAR

RALEIGH.

Cotton Mill Trust Not Likely in This State.

State Charters. Inquiry on Freight Wreck. Land Grants. No More Money For Oyster Claims.

RALEIGH, April 26.—Governor Aycock returned this morning from Athens, Ga. He expressed his deep gratification at the personnel and the work of the educational conference there and said he never heard a better speech than that of president Robert C. Ogden.

Monday evening the governor will make a speech at an educational rally at Marshallberg, Carteret county.

The State charters the Pythian Realty Co., of Concord, capital \$50,000 to deal in real estate; the D. McEachern Grocery Co., of Wilmington, capital \$10,000 and the Waynesville Brick Co., capital \$10,000.

The corporation commission has begun its investigation of yesterday's collision on the Seaboard Air Line here.

The Secretary of State is advised that one of the State's record books of land grants in 1774 is found in Perquimans county and will be sent to him. He has no original grants prior to 1730 and thinks these must be in the counties of Halifax, Craven, Orange, Chowan and New Hanover. He specially desires information regarding them.

It is quite well understood here, that no more money will be paid by the State on account of the oyster claims. The widow of a claimant has sued the State in the Supreme court. It turns out that only 84 cotton mills are represented at the Underwood meeting at Charlotte Thursday. In these mills are 574,000 spindles, but 24,000 of these spindles are in weaving mills which have no idea of joining the yarn mill trust. Only 75 mill men were present. It is asserted by a well known mill man who was present that the trust will not be formed. He so told your correspondent at today.

At Thomasville today the trial of a negro barber, Roy Edmonson began, on the charge of incendiarism. The chief clerk of the insurance commissioner went there to appear against the man. He says the evidence is very strong. Thomasville has had a dozen fires in the past few weeks.

Neglect Means Danger.
Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." F. S. Duffy.

A CARD.
To the Democratic Voters of Craven County:—
I desire to state that while I have every admiration for the present incumbent of the office of Register of Deeds, I would strongly recommend as his successor another sterling young Democrat of equal ability and character, Mr. Geo. B. Waters. He has had ample practical experience in the office to make him perfectly able to discharge its duties with thoroughness, is well known in the city, no less than in the country, and is a young man of worth and character and I believe, would be most acceptable to the entire Democratic constituency of Craven county.
A DEMOCRAT.

FOR PUBLIC BUILDINGS

In North Carolina. Congressman Thomas' Good Work.

WASHINGTON, D. C., April 26.—Congressman Thomas has secured for North Carolina public buildings, for Durham, 70,000 Goldsboro \$25,000 and an increase of \$30,000 for Elizabeth City.

The Best Prescription for Malaria.

Bogue Sound Notes.
April 24.—The farmers are very much behind on account of late spring, many of them, have only half planted their corn, a few only have planted melons, Mr. K. N. Bell and his tenants, are about in the lead so far as planting is concerned, a few have corn up a little. Dr. J. W. Sanders has a few acres in corn that was three blades high last Saturday the 19th inst., but the cold nights during the week past, made it look like gold, mixed with snow drops. Col. A. H. Dennis is still single handed, so far as a partner is concerned, but think all will turn up right pretty soon. S. B. Holland & Sons, have lately adopted some new tenants from Onslow county. Bro.

Steve and boys are workers and those around them must work too. Mr. F. M. Russell & Sons are good farmers, and have their ground in apple order, as the saying is. Capt. Jim Pigott has rented out his nice farm to Mr. Lon Weeks, and Capt. Jim has departed for a season, trying to keep up with Col. Dennis, we guess he is looking a partner too, may they both succeed soon. Mr. W. W. Weeks has a fine prospect for a farm now, only late a little. Mr. Ell W. Sanders is farming and mill engineering both, besides running a large sawmill in the fish and clam business. B. F. Sanders and brother Jack are farming and merchandising, besides dealing in fish and clams, they have a large store of goods. Dr. J. W. Sanders don't farm very much, has about all he can do to attend to his practice in medicine.

Mr. Shepard Bell is one of our old citizens, he is over 75 years old and can ride horseback as upright and straight, and jump up, knock his feet together twice, run about almost as lively as when a boy.

Mr. Bell & Son, George, have good farms.

Messrs. Sam'l & Shepard Bell, Jr., are thrifty farmers, while Mr. C. C. Parker & Sons are not far behind.

The Smiths, father and brothers, six in number, are farmers, merchants and fishermen, they also deal in fish and clams.

We had the pleasure of visiting that section last week and attending an entertainment at Welcome school house, near Dr. Sanders' residence; the entertainment was of the minstrel kind, gotten up by some young men on Bogue sound, called the Russell troupe, or Bogue Sound Musical Club. The performance took place last Friday night.

The 18th inst, in presence of over 300 people, in the large and spacious school house belonging to Dr. Sanders. We have been to, and seen many shows, minstrel troupes, concerts, etc., but the one last Friday night was far the best local talent we have ever seen in the country. The music and acting was good, the dialogues, comedies, comic songs and speeches were excellent and kept the house in roars of laughter all the time. The instruments of music were violins, guitars, banjos, tamborines, drums, bones, triangles, etc. The concert was for the church benefit and though the admission fee was small, about \$30.00 was realized for the purpose. The troupe will continue to organize better, and will show again in May or June at the same place, after which they will travel a little. The B. S. M. C. is the name they have taken and expect to visit New Bern, Beaufort and other towns during the fall and winter months providence permitting.

Mr. G. W. Ward of Swanboro, now teaching school at Salter Path, Bogue Banks, was visiting here last week. Mr. Ward says the railroad he thinks is about busted, so far as connection with the W. & N. road is concerned, but Fretzmann & Co. will build a tram to connect with White Oak river, above Swanboro, and 8 miles in the country to his timber lands. MAYSVILLE.
April 24.—The weather has been fine for the past few days and is for the present as good as we can desire to have it. We hope that it may be as good all the year.

Some of our farmers are planting cotton others are trans-planting tobacco. We hope that they are not too early about it. We had a nice shower of rain this

morning which will be of benefit to oats and other crops, also to the flowers (we want some nice ones for Sunday.)

Free school is being taught here now by Miss Annie Koonce, she has a very large attendance.

Henry Foy who has been very sick for some weeks is reported to be improving slowly. We hope to see him well in a few days. Dr. Koonce, of Pollockville, and Dr. Jones, of New Bern, have been attending him.

Mr. D. J. Watson has begun work on his dwelling and is making right rapid progress.

Mr. Herbert Ward will soon have completed his residence on Main St.

The foundation and frame work of the Methodist church here was erected last week. The carpenters have suspended work until more money can be raised so that they can finish when they begin again.

Mr. A. C. Foscoe is building a nice picket fence around his dwelling.

Mr. John Watson says he is going to

the Exposition next. We hope he will have a good time.

Messrs. L. T. Gillett and Robt. Weeks made a flying trip to New Bern Wednesday.

Rev. Vaughan made a Temperance lecture last night. He went to Trenton today.

Miss Lula Everett of Belgrade paid us a short visit Wednesday afternoon. Come again, always glad to see you.

Mrs. Sallie Beecham left today for Georgetown, S. C., to join her husband who has been there some time in the employment of the Georgetown Lumber Mills.

Patt's Parrots.
Two parrots belonging to Mrs. Patt are a source of constant amusement to every one near them, and there could not be a greater contrast, for, while one talks and sings all day long, imitating its mistress' trills in a weird, thin voice, the other is constantly silent. The former only cost \$100 and the latter \$1,000, for he was represented to be the finest talking parrot alive.

You Can't Do It!

It is bound to be seen. You have been holding on to that old threadbare suit all winter, because you could cover it with an overcoat. But you can't do it any longer! A few warm days like this will send that overcoat to the wardrobe, and, my dear fellow, that shiny, threadbare, buttonless and shabby suit will be exposed. But never mind, we can help you out in fine shape for \$6.50, \$8.00 or \$10.00. A top-notch for \$12.50. If your Spring Suit comes from here, it will be right.
