FOR NEGRO EDUCATION

Nearly Five and One Half Million

Dollars

Paid by North Carolina in Twenty Years. Grand Lodge of Odd Fellows Reports. Rain Needed. Corporation Commission Hear Complaints.

RALEIGH, April 28 .- The State superintendent of public instruction is preparing figures to show the amounts paid by this State for negro education. The sums paid negroes and whites were not 1880 the amount for negroes was \$596,-000; from 1880 to 1890 it was \$1,916,000; from 1890 to 1900 it was \$1,848,00. For 1900 it was \$255,000 and for 1902 it will be \$250,000. All this is for the rural public schools, not including graded schools, or normal schools, the estimate for these for the past 20 years being \$820,000. The grand total is \$5,881,-

The annual reports of the officers of the Grand Lodge of Odd Fellows for the fiscal year are completed. The gain of the order is great; for example 1400 mem bers this year, that is since January 1. and poor stands are indicated in other The receipts are in round numbers \$11,-500. A CARD.

To the Democratic Voters of Craven

County:—

I desire to state that while I have every admiration for the present encumbent of the office of figurer of Doeda, I would strongly recommend as his auccessor another sterling young Democrat of equal stillty and character, Mr. Goo.

B. Waters. He has had ample practical experience in the office to make him S. Waters. He has had ample practical experience in the office to make him perfectly able to discharge its duties with thoroughness, is well known in the city, no less than in the country, and is a joung man of worth and character and I believe, would be most acceptable to the entire Democratic constituency of Courses country.

The Ellsworth troupe came Grove Hall. Their main act, "The Turn of the Tide", is a good temperance piece, and was fairly rendered by most of thos taking part in it. A few of the farcical acts were very good, but in a few instances had some tinges of vulgarity that should have been left out. With this exception they deserve patronage and comsendation as their cause is a good one. They are trying to raise funds to finish the Elisworth church, between Streets Ferry and Vanceboro.

The Outlook.

There are several notable pictorial features of peculiarly timely interest and also others of an artistic flavor in the Magazine Number of the Outlook for May. In the first class may be named that describing District Attorney Jerome's official home on the east side of April 28 .- We learn that the Swans- New York, and that on the King of boro Lumber Co., expects to enlarge Spain, who this month becomes the King f Spain. Art and Music, along many other articles of interest will be especial features. Mr. Ray Stannard Baker has a very readable article on the "Commerce of the Great Lakes." Mr. John Burroughs a little out-of-door essay and poem entitled "A spray of Arbutus." Mr. J. H. McFarland is the author of 'A Story of Some Maples," which is strikingly illustrated by some cantitul photographs.

ROYAL ROBES.

The Princess of Wales was once ener of her present husband. When Queen Alexandra recently cel brated her thirty-ninth wedding day,

her eight bridesmalds sent their con gratulations, not one having died. Duke Karl Theodor of Bayaria, th oculist prince, recently performed his at his clinic in Munich. His wife acted

Bye Strain Cause of Sore Byes.

Inflamed eyes, styes, and headache are symptoms which point conclusively to eye strain, and to oure yourself you must seek the cause, correct it and then your trouble will disappear, you can stimulate and helpjuature in curing the symptoms by various ways, but still the cause is there and liable at any moment to break out again; it seems like pouring water on the smoke to put out a fire, to pursue any other course than the proper adjusted glasses to correct the strain.

A normal eye is one which when in repose the rays entering it are brought to to Ayden Friday to see a game of base a focus on the retina, when they are not ball between Ayden and Greenville, the this way an extra amount of nerve force is demanded to make them focus correcty, the result, an overflow of blood caus-

ing congestion, styes, the leakage of nerve force, the headache; it is not hard O W Gaskins went to Ayden Friday to understand how a severe strain can soon exhaust enough nerve force to cause a general breaking down of the whole nervous s stem.

By the aid of the latest instrument we can adjust glasses to any one, children especially, letting them go about their studies without being seriously handicapped on account of eye trouble.
