ONE NECESSARY CROP.

If there is any one crop that see more necessary to be raised them a other, in this section, corn could be named as that one.

The various demands which are mad upon corn, cause it to be a profitable crop to raise, both for consumption by the farmer who cultivates it, and as a

marketable crop, for moneys It may appear strange, yet there are many farmers who fall to value enough corn each year for their own farm and housabold needs.

The result is that the amount neede must be bought by the farmer in th open market; and usually at the highest price of the season.

In the local market in this city, -cor is now selling at 85 cents per bushel and this with several months to pas before a new crop of corn can be rais to supply the needs.

Local dealers say that corn is likely to sell-st one dollar per bushel before the Best orap mrives."

The serious part of this matter is to find many farmers having to pay this advanced price for corn, when they should have the corn on the farm for their own needs.

Cotton and tobacco are good crops fo the farmer of this section to mise, but to raise these crops at the sacrifice of a corn crop, or a hog supply, means a loss to the farmer who gives these money crops plies, the chief of these supplies being COLU.

Corn is not only a most imperatively crop from which money can be quickly free. realized at any time.

At this seases, every farmer should give carnest heed to putting in a good corn crop.

Why the Church Was Crowded, A certain little Flemish watering bloc much frequented by English and Applicate visitors has the attraction American visitors has two attractions Prospyterian church and a roulette table. At a recent service in the church

it occurred to one of the "pillars" that it might be lucky to play the number of the hymn after the sermon at the posisite table. So he stole out of the church and did so. It happened that the number of the hymn did turn up, and the lucky coup became the talk of

the village for the rest of the week. Next Sunday the church was crammed to the door. The plong pastor was rejoiced in heart. After a powerful address he gave out "hymn No. 27." The moment the words left his lips, to his termition, there was a rush to the

door, and he was left with a faithful handful to upraise their agitated strain of praise

"DEAR MRS. PINKHAM : -- I suffered four years ago with a tumor in my womb, and the doctors declared I must go to the hospital and undergo an operation, which I dreaded very much and hesitated to submit.

"My husband consulted an old friend who had studied medicine, although he was not a practising physician, and he said he believed that Lydia E. Pinkham's Vegetable Compound would cure me. That same day I took my first dose, and I kept it up faithfully until twelve bottles had been used, and not only did the tumor disappear, but my general health was very much improved and I had not felt so well since I was a young woman.

"As I have suffered no relapse since, and as I took no other medicine, I am sure that your Compound restored my health and I believe saved my life."-MRS. D. ARNOLD.
