RALEIGH.

Memorial Hall A. & M. College. Marriage.
Public Request. Rain Needed.
Arrivals.

RALEIGH, May 6.—The plans for the memorial hall at the Agricultural and Mechanical College here were accepted by the trustees today. The building will occupy the site of the conservatory. The latter has been removed. The excavation for the new building is being made and brick are being delivered. One hundred students are at work on it.

It is learned today that a lady formerly a resident of Raleigh is arranging to give all her property to the Oxford orphan asylum. Most of this property is in Washington, D. C.

At Christ church this morning, Mr. Charles Hancock, an assistant professor in the University of Virginia, was united in marriage to Miss Lucy Alice Jones, a daughter of the late Rev. T. M. Jones of Greensboro. Miss Florence Jones, a niece of the bride, was maid of honor, and Mr. Jonathan Hancock, a brother of the groom was best man.

The need for rain is becoming quite decided here.

Among today's arrivals were E. L. Daughtridge, Rocky Mount; E. J. Justice, J. C. Bird, Rutherfordton; Samuel Watkins, Henderson.

The Best Prescription for Malaria.
Chills and Fever is a bottle of Grov's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

312 Below Zero.
"Extremes meet," certainly, in one of the experiments performed next Friday night at the Liquid Air entertainment, where an electric carbon is burned at a temperature of over 8,000 degrees above zero in a tumbler made of ice and containing Liquid Air 819 degrees below zero yet with no injury to the delicate ice receptacle. This is but one of the many feats that are promised our expectant public.

I Know One Sure Remedy for an obstinate cold. Its name is Fry-Balsam.
Ice Cream Soda today at McSorley's.

Admiral Sampson Dead.
Special to Journal.
New York, May 6.—Admiral W. T. Sampson, lately put on the retired list, died at his home in Brooklyn, today.

Weekly Crop Bulletin.
For week ending Monday, May 5 1902.
In spite of one drawback, lack of sufficient moisture in many counties, the past week was reported as generally very favorable for farm work and the growth of crops. Many correspondents say that it was "an ideal week," or "weather all that could be desired." Work proceeded actively every day and a great deal was accomplished. The temperature during the week averaged about 6° above normal daily, and the maxima occurred generally on May 3d, when above 90° was reported in central North Carolina. The amount of sunshine was abundant. The rainfall was irregularly distributed, and, while very beneficial showers occurred on two or three days during the week in many counties, in others no rain fell, and drought is now beginning to be felt. The counties needing rain most are in the east: Brunswick, Pitt, Greene, Washington, and Gates; in the central portion: Alamance, Forsyth, Davidson, Guilford, Randolph, and Stokes; and in the west: Rutherford, Davie, Iredell, Rowan, and Caswell.

Over most of the State warm, gentle rains are needed to bring up cotton and corn and enable the transplanting of tobacco. Vegetation, however, made rapid progress, and even in the extreme west, forests are nearly fully clothed in green.

Rome's American Colony.
There is a large American colony in Rome, not only students, artists and persons who spend the winter, but many permanent residents. Several Roman princes and other members of the nobility have married American women.

Red in Flowers.
According to an English scientist, the red in flowers is a single pigment, soluble in water and decolorized by alcohol, but capable of being restored by the addition of acids.

Spinach.
The French, who eat with their brains, say that spinach is the broom of the stomach.

Cosmopolitan Constantimople.
It is claimed that there are in Constantinople representatives of every nation and every tribe upon the globe and that every language is spoken. It is common to see signs written in eight or nine languages on the fronts of the retail shops.

Our Forests.
The national forests reserved in the United States aggregate in area nearly 47,000,000 acres.

CLIMBED TO TOP.
Grape-Nuts Food Gave The Strength.
It is good thing to know of food that will add volumes to one's strength, for the strong can do things and accomplish work in this world while the weak must stand to one side.
A woman in Toronto writes: "I was in very poor health, a long time and got so weak and run down that I would often stop at the foot of the stairs and wonder how I could get to the top."
I began using Grape-Nuts and in a very short time that weak, broken down feeling entirely disappeared. I had formerly been forced to give up my household in order to give my stomach a rest, but when I got hold of Grape-Nuts I could eat breakfast for the food seemed to help digest other foods, and soon I began to gain in weight and strength.
I regularly use fruit and Grape-Nuts for breakfast and can work harder and for a longer time than ever before." Name given by Postum Co., Battle Creek, Mich.
