Doctor Talks About Food.

Dr. E. Barber of Laurel, Ind., concluded that coffee and badly selected food was the cause of his loss of weight from 124 pounds to 108 pounds with nerves impaired and general nervous break-down.

He did not give coffee up at once but began the use of Grape-Nuts and says, "Within a month I could see a wonderful change had taken place due to the use of the new food. I decided to give up coffee and use Postum in its place. He regularly for a time I have been on a breakfast made up of Grape-Nuts, a little Graham bread, and Protein Food Co. My weight has increased to 124 pounds, my stomach trouble has entirely gone and my mind is clear and vigorous as ever. Withing you try every means I try to assist you in my warm appreciation of Grape-Nuts and Postum."

In olden times it was the pressure of the thumb upon the wax of a document's seal that made the deed valid and binding instrument, and in verbal contracts the thumb ratified the bargain.
