Trustees to Award Contract for Orphanage Building.

Report of Trucking Agents. A Strong Case Against a Gang of Swindlers. Lt. Col. Craig to Take Command of the 8rd. Regiment.

RALEIGH, June 7.—Governor Aycock leaves here Tuesday for Farmville, where he will make a speech Wednesday in the interest of public education.
State Auditor Dixon went to Wilmington today, to look after some matters regarding bank taxation.
Rains fell here last evening, but appears to have been very local.
The trustees of the Methodist orphanage met here Tuesday and expect then to award the contract for the \$25,000 main building. They have \$22,000 in funds.
Rev. Dr. T. N. Ivey, the editor of the Raleigh Christian Advocate, returned today from the far west, after a month's absence, most of which he devoted to touring. He was in Colorado, and Arizona mainly and says the grandest thing he saw was the great Arizona canyon.
As was stated last week, the board of agriculture sent out two agents; one to Savannah, to make his way northward to this State, the other to start at Norfolk and go as far northward as New Jersey, both to report on the extent and quality and forwardness of the truck crops. William A. Graham, Jr., was sent South, William Green, North. Today, Graham's report on the Savannah and Charleston trucking sections was received, and secretary Bruner began its tabulation so that later in the day the summary could be wired for use by North Carolina truckers. The object of course is to give the latter information which will give them the true status of the crops elsewhere. Their dependence of course is to get in between Charleston and Norfolk.
The government has a very strong case against the gang of swindlers in Rutherford county who last year, under the guise of the Amos Owen Cherry Tree Company plundered so many people. The case will be called at Charlotte Monday. There are witnesses by the score. Two of these, are from the agricultural department here. One is State entomologist Franklin Sherman, who aided greatly in exposing this outrageous fraud. Three for the or more

of the victims were women and girls. Revenue officers made a raid near Wake Forest last night and captured two illicit distilleries. The operators escaped.
Lt. Col. J. N. Craig of Reidsville is ordered to take command of the Third regiment of the State Guard, of which Henry Perry resigned the colonelcy.
It is probable that quite a number of persons will visit Roanoke Island July 24, at which time prominent members of the State Literary and Historical Association will make a pilgrimage. Much remains to be done in the way of preparation for the great celebration of the anniversary of the first landing on the island. This celebration, it is now generally understood, is to be held in August, 1904.

BODY HEAT.

Reduced 20 Degrees in Summer.
Never eat heavy carbonaceous foods for the morning meal, for these foods should follow and not precede hard work.
The best morning foundation is Grape-Nuts and cream, a little fruit, a cup of Postum Food Coffee and possibly a couple of eggs prepared to suit the taste—this breakfast is sufficient to satisfy the hardest worker, either of brain or muscle, until the noonday meal.
Particularly is this true at the present season of the year, when meat and other fatty foods increase the internal heat of the body and make the summer day still more disagreeable.
Grape-Nuts comes to you from the grocer ready to serve, having been fully cooked at the factory by food experts and this saving in time and exertion is appreciated by the housewife as well as the economy for being a concentrated food, four teaspoonful is sufficient for the cereal part of a meal for one person and costs only one cent.
A booklet of excellent recipes is found in each package of Grape-Nuts from which many easy and delicious warm weather dishes can be made for luncheon and supper that are not only nutritious but pleasing to the palate.
A trial of the above selection of food for ten days will prove to anyone that health and vigor, an active mind and a keen enjoyment of the pleasures of summer will take the place of poor digestion, a dull brain and that heavy drabby feeling caused by improper food during the hot weather.
