THE NEW WOMAN.

Miss Alice Cohn, writes from 674 Eleventh Street, Brooklyn, N. Y., as follows:

"Having had poor health for a great many months and now having it restored makes me feel very grateful to Peruna. I suffered a great deal during my monthly periods, had severe pains, and was generally depressed, but can truthfully say that a few bottles of Peruna has removed all pain and made a new woman of me.—MISS ALICE COHN.

The coming of what is known as the "new woman" in our country is not greeted by everyone as if she were a great blessing. But there is another new woman whom everybody is glad to see. Every day some invalid woman is exclaiming, "I have been made a new woman by Dr. Hartman's home treatment." It is only necessary to send name, address, symptoms, duration of sickness and treatment already received to Dr. Hartman, Columbus, O., and directions for one month's treatment will be promptly forwarded. The medicines can be obtained at the nearest drug store.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving full statement of your case and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

RALEIGH, June 12.—The State Superintendent of Public Instruction has already received applications from five persons for the three N. C. scholarships announced as vacant in Peabody Normal College, Nashville, Tenn. They are from Lupton Strawn, Hollis, Rutherford county; Miss Mabel Absher, Obed, Ashe county; Miss Emma Williford, King's Mountain; Miss Lena R. Smyth, Greenville; D. M. Hall, Polson, N. C. These and all others applying will have to stand the competitive examination before their respective County Superintendents July 17 and 18th.

Mr. J. Hal Babbitt for many years a prominent business man and druggist here will go to Baltimore to live, he having organized a \$300,000 stock company there to manufacture and sell his famous rheumatism "Rhenumic Acid" on an enormous scale. Mr. Babbitt is president of the Babbitt and Wynne Drug Co., and the Norwood Cigar Co. here. Both concerns will continue here with Mr. Babbitt as a large stockholder.

The People's Transportation and Power Co. of High Point has been chartered for the purpose of operating an electric street railway system in that growing young city.

An unusually good record was made yesterday by the Raleigh fire department in fighting the fire which broke out in Kelly's livery stables. Not in recent years has there been a fire here which threatened such wholesale destruction but by prompt and heroic work Raleigh's volunteer firemen extinguished it before \$100,000 damage was done the buildings. The nine horses which perished were killed to death by the dense smoke. The people of Raleigh are enthusiastic

WILDWOOD.

Excellent Condition of Tobacco Crop. Large Yield of Honey.

June 8.—Mr. G. W. Ward, of Swansboro, the Saltier Path school teacher, and Capt. Jas. O. Pigott of Bogue, were in our place last Tuesday and Wednesday. They were on their way to the Teachers Assembly.

Mr. David Oglesby and daughter Flossie, of New Jersey, formerly of this State and county, are visiting their relatives and aged father, Capt. L. T. Oglesby.

This is a good week here as many visitors stop in passing to the Teachers Assembly.

Very dry and crops look somewhat bad in places, but the tobacco crop is good. Mr. W. T. Pelletier has 60 acres, D. Watson and brothers have about the same, Thos. McCabe and sons 10 acres, Lee Fulcher 4 acres, Thos Bell 4 acres, and many others near here, Messrs. Pelletier and Watson have the best we have seen.

Mr. Carl Watson has 24 bee hives in working order, he took 5 gums last Tuesday night and though of small size, he realized 8 gallons squeezed honey, about 175 pounds of fine comb, besides the wax we call that good bee taking.

Mr. Will Murdock is still teaching on Bogue Banks, western end, his school will close soon.

Mr. Thos. Tolson and family have the messes with them now, Miss Besie, his youngest daughter, and our nice little friend, had a severe case of them last week.

Mr. J. Stewart, the shad factory man, is making some fine scrap now at his place of business near Wildwood, he tells us, he readily gets \$1.15 per hundred lbs. for scrap now.

Mrs. Jenny Hines and her aged mother have had rather a hard time for some month's past, because of the serious sickness of the mother, we are glad to say both are now convalescent. Mrs. Jenny was not seriously indisposed herself, but her mother was expected to die for several weeks. She is 80 years of age.

Little Misses May McCabe, Carrie Pelletier, Gene Collins and Beale Tolson; were welcome visitors to see the writer last week, as they were pets of his in school last year.

Messrs. Ervin Oglesby, W. T. Pelletier, Thos. McCabe and sons, D. Watson and Bros., W. S. Bell Sr., and son, L. F. Fulcher, Elijah Oglesby and son, Jesse Bell, T. S. Bell and others are the principal farmers in and around Wildwood this year, nearly all of these farmers have more or less tobacco and the most of it look well.

These items are written in the busy absence of the Wildwood itemizer, with best wishes for his future welfare.
