FASHION HINTS.

A Dainty Theatre Bodice of Liberty Silk Over Taffeta.

With the signs of approaching warm weather our heavy and much trimmed satin and pean de sole waists are found too uncomfortable and we long for

lighter garments to wear to the theatre. A very dainty waist is of pale blue liberty silk over taffeta of the same shade and is trimmed with ribbon-run beading. It has something of a bolero effect, as the lower part consists of plaited chiffon which blouses slightly over the belt. An attractive chiffon jabot completes the garment. The stitching is all done with Corticelli silk. When finished this makes a very attractive waist.

Incorporation of Hayland Warren Lumber Company.

Reorganization of the Raleigh Baseball Team. United States Circuit Court Judge Purnell's Appointment of Deputy Clerks.

RALEIGH, June 14.—A charter was granted this morning to the Hayland-Warren Lumber Co., capital \$35,000. The principal office is to be either at Stump sound or Falkline near Wilmington. The incorporators are Frederick Hayland, Isaac W. Warren and Junius Davis.

After a meeting of the directors of the Raleigh Athletic Association last night continuing until past midnight it was given out that R. C. Rivers had resigned and a committee of ten of Raleigh's staunchest base ball retainers had agreed to take the Raleigh team and do what they can with it, appealing to the people of Raleigh for more liberal support. It was decided further this morning to elect W. J. Andrews president, Vance Scott Secretary and Treasurer and make Capt. Barney Kain manager of the team. Material improvements in the team are promised.

Judge Purnell of the United States Circuit court has issued reappointments to deputy circuit court clerks. They are Geo. L. Zonoffaki, Raleigh; John P. COOL FOOD

For Hot Days.

Better health comes with less meat and fat during the warm weather.

By proper and pleasant diet you can prepare the body for summer and feel from ten to twenty degrees cooler than your neighbor.

Grape-Nuts and cream, a little fruit and possibly a couple of soft boiled eggs is sufficient for the breakfast. An ordinary portion of Grape-Nuts contains sufficient nourishment to fully sustain the body until the noonday meal; being a predigested food, it does not overtax the stomach and contains areas of the heat supplied by the heavy carbonaceous foods.

Fully cooked at the factory by food experts, being fit to you ready to serve and does away with the heat of cooking and the time necessary to prepare ordinary food and its crisp palatability is pleasing to the palate of young and old.

Many delicious recipes are found in each Grape-Nuts package, so that the form of eating this wholesome food can be changed to suit the user.

These suggestions, if followed for ten days, will convince the most skeptical that a cool body, an active brain and an energy hitherto unknown will prevail and the general lassitude peculiar to warm weather will disappear.
