Eye Strain Cause of Sore Eyes.

Inflamed eyes, styes, and headache are symptoms which point conclusively to eye strain, and to cure yourself you must seek the cause, correct it and then your trouble will disappear, you can stimulate and help nature in curing the symptoms by various ways, but still the cause is there and liable at any moment to break out again; it seems like pouring water on the smoke to put out a fire, to pursue any other course than the proper adjusted glasses to correct the strain.

A normal eye is one which when in repose the rays entering it are brought to a focus on the retina, when they are not this way an extra amount of nerve force is demanded to make them focus correctly, the result, an overflow of blood causing congestion, styes, the leakage of nerve force, the headache; it is not hard to understand how a severe strain can soon exhaust enough nerve force to cause a general breaking down of the whole nervous system.

By the aid of the latest instruments we can adjust glasses to any one, children especially, letting them go about their studies without being seriously handicapped on account of eye trouble.

VANCEBORO.

June 17.—Miss Mattie Windley one of Beth's most fascinating young ladies left for her home last Wednesday after spending several weeks here with friends. We regretted to have her leave, but hope to have her visit our town again in the near future.

Mr. T. J. Roberts and Miss Carrie Henderson, of New Bern were here last week.

Mr. Ed Cox and Miss Bessie Garria, of Ayden passed through Vanceboro Saturday.

Mr. Tom Lindsey, of New Bern, was in town last week.

Mr. A. J. Gatlin and family left Wednesday for New Bern to spend the summer.

Mrs. L. F. Ewell of Beaufort, N. C., spent last week visiting friends and relatives here, and left for her home Saturday.

Miss Cora Dinkins spent last Wednesday in Washington, N. C.

Miss Nellie Smith is visiting in New Bern.

We are glad to know Mrs. M. D. Laughinghouse, who has been sick for the past few days, is improving.

Mr. J. B. Harve, spent Monday in Washington, N. C.

Mr. J. L. Parrott, of Kinston, spent several days here last week.

Mr. and Mrs. W. E. Brown have been away for the past two weeks, visiting Baltimore, Washington, D. C. and other points.

Dr. L. C. Covington returned Wednesday from Wilmington, he has been attending the State Board.

Mr. B. J. Lane returned Saturday from a trip to Pamlico and Beaufort counties.

Condensation.

"How did you happen to be so small?" asked the angular female who had accompanied her curiosity to the dime museum.

"My nurse stuffed me with condensed milk when I was a kid," replied the midget.—Chicago News.

Fitted Him.

"Young Brown is asking everybody what he shall call his new baby."

"Better call it Gimlet."

"Gimlet? Why, who ever heard of such a name?"

"Well, he's an awful little bore."

RALEIGH.

Base Ball Umpire McNamara Back in Business.

Hon. John Nichols Oldest Editor in the State Board of Dental Examiners in Session.

State Railway May be Ready in a Few Days.

RALEIGH, June 17.—McNamara, who was one of the first baseball umpires of the State league, but who went home, has returned and today umpired the game here.

Editor J. W. Bailey of the Biblical Recorder, has gone to Savannah to address the Baptist Young People's Union of Georgia.

The State charters the Pine Level Oil Mill Company, of Johnston county, capital \$15,000, with leave to increase to \$125,000. The company will make cotton oil, fertilizers, etc.

Gov. Aycock left this morning for Davie county, to make a speech at an educational rally.

Hon. John Nichols of this city is the oldest editor yet in harness in North Carolina. He began that work January 1, 1857, as editor of the Beaufort Journal and during the interval of 45 years has been on many papers. He is now the editor of the Oxford Orphan's Friend. He expects to become a member of the State Press Association and attend its annual meeting at Hendersonville.

The King's Daughters in this State are securing information from the other States regarding public and private reformatories and will use the information in furthering their plan for a reformatory in North Carolina, which they have taken upon themselves to establish. The State will no doubt aid them.

The North Carolina State Board of Dental Examiners, in session here, had a busy day. There are twenty applicants for license.

The sessions are held in the Senate chamber. The State Dental Association which also meets here this week, will have an unusually large attendance. The local dentists have made special preparations for it.

The railway map of this State for 1902 is expected to be out in a few days.

The corporation commission will not visit any of the counties this month, to instruct the officials, as the taxtellers in the various counties are all busy.

Keep Working.

The venerable Senator Pettus of Alabama remarks: "The secret of living long is to work. I am eighty-one and happy and healthy as a boy. I notice that all of my neighbors who got rich and retired are all dead. I never got rich, and I never retired. I tell you, young man, the most fatal disease I know of is to quit work. It kills every time. Keep working, and you'll keep alive."

Weekly Crop Bulletin.

For week ending Monday, June 17th, 1902.

Until the latter part of the week the characteristic feature of the weather conditions during the past seven days was the continued drought, accompanied by high temperatures, and intense sunshine; however, although not shown by reports of crop correspondents which are generally mailed Saturdays, copious showers occurred Sunday night and Monday over most of the State, which will no doubt repair most of the damage to crops reported this week. Although local showers fell on the 6th and 13th, with some hail in the western part on the latter date, the drought became quite serious and resulted in more or less damage to all crops. The temperatures were rather low early in the week, but rose very high during the middle portion, with maxima above 90 degrees, and the mean averaged two or three degrees daily above the normal. It is thought that the thorough cultivation given to the staple crops prevented much serious damage, and the placed them in proper condition to be benefited by the rains which have arrived in time.

Geo. H. White Colony.

Cape May, N. J. June 16.—Geo. H. White, the last colored man to sit in Congress, who was a member from North Carolina, in both the Fifty-fifth and the Fifty-sixth Congresses, is the head of a syndicate which has purchased from Senator Robert E. Hand 957 1/2 acres at Burlington, near the Pennsylvania and the Reading railroads, where a colored colony is to be founded from North Carolina.

The name of the town is to be Whiteboro. Already several avenues have been laid out. Each colonist is to buy a house on the installment plan, and is to be allowed ten years to pay for it. This is to be an agricultural colony, on the same plan as the Jewish colony at Woodbine this colony having been founded by the Baron de Birech fund trustees.

GO WAY BACK

Or Feed so You Can Keep Up.

People must be well fed in this world if they are expected to do good work. A carpenter with poor tools must take less wages and handle the poor jobs. So in life, the person with a weak, badly nourished body must get out of the way for the strong ones.

A school teacher writes from Vermont she has been compelled to take a little, backwoods school for small wages because she had not the strength to conduct a better school.

"Small appetite and poor digestion kept me weak. I had been compelled to rest at the noon hour and shut myself away from all company morning and night. In this way only could I work up to about a year ago, when a lady visiting here from California led me to share a dish of Grape-Nuts with her. During the winter I ate occasionally of the food, always with good results.

Last July it was necessary for me to attend the summer school for teachers. Being poor in purse and sick in body I could not pay the expense of boarding in a big place, so I rented a room and boarded myself. Grape-Nuts and cream tasted good and I lived almost exclusively on the food.

Gradually, to my surprise, toward the close of the second week the sort of mental haze that had been about me for a long time broke away and I grasped the thoughts presented with a clearness I had not known for a long time.

I came back to my school with better health and memory than I have known for 20 years, and now, while at work, I repeat, I have better nerve and brain power and better digestion than I have had before in 23 years.

There is a reason for this. Grape-Nuts Food is a pure, steady brain builder. It is made for that purpose and science can prove it by use. Name given by Postum Co., Battle Creek, Mich.

A booklet of excellent recipes in each package of Grape-Nuts.
