Eye Strain Cause of Sore Eyes.
 Inflamed eyes, styes, and headache are symptoms which point conclusively to eye strain, and to cure yourself you must seek the cause, correct it and then your trouble will disappear, you can stimulate and help nature in curing the symptoms by various ways, but still the cause is there and liable at any moment to break out again, it seems like pouring water on the smoke to put out a fire, to pursue any other course than the proper adjusted glasses to correct the strain.

A normal eye is one which when in repose the rays entering it are brought to a focus on the retina, when they are not this way an extra amount of nerve force is demanded to make them focus correctly, the result, an overflow of blood causing congestion, styes, the leakage of nerve force, the headache; it is not hard to understand how a severe strain can soon exhaust enough nerve force to cause a general breaking down of the whole nervous system.

By the aid of the latest instruments we can adjust glasses to any one, children especially, letting them go about their studies without being seriously handicapped on account of eye trouble.

Revenue Officers Raid an Illicit Distillery.

The 28th Annual Session of State Dental Society. Report in the Horace Haywood Pollock Case. Annual Meeting of Women's Foreign Missionary Society.

RALEIGH, June 19.—The 28th annual session of the North Carolina Dental Society began this morning. Dr. J. S. Spurgeon of Hillsboro presiding. Governor Aycock delivered the address of welcome. The society has 110 members, of whom 75 are present.

Revenue officers made a raid last night in Franklin county and captured two illicit distilleries.

The penitentiary is this year, for the first time in 30 years, making no brick. The brick making never paid well, but was the best means, it was thought, of utilizing the labor of certain convicts.

Two weeks ago Horace Haywood, colored, and his family, at Garner, this county, were poisoned. He died, but the others have recovered. His stomach was sent to Chapel Hill and its contents analyzed. Today the report on it was made to the State. It is that death was due to Paris green and ground glass. The analysis cost the county \$100. There is at least one suspect. Arrests may be made in a day or two.

Most of the talk is about Gov. Aycock's proclamation of reward, \$400 for each of the Salisbury lynchings. A statement is made that one of the negro boys lynched was only 11 years old and had no hand in the murder of the young white woman. A letter from Salisbury said toughs, concealed in rear lots, were the people who did the lynching, but it is also said that this statement was made to conceal the fact that some prominent citizens took part in the lynching. Gov. Aycock saw Solicitor Hamman Tuesday. The latter is actively collecting information. One man was heard to say here that he believed any person or persons who betrayed the lynchings would be murdered. The majority of the better people deplore the lynching, yet it is sanctioned by some people. The unthinkable portion of the population opposes the offer of a reward. It was at first said there were about 50 of the lynchings.

The State charters the Martin Furniture Co. of Hickory, capital \$50,000. Thomas J. Martin being the principal stockholder.

The 24th annual session of the Women's Foreign Mission Society for North Carolina began today in Edenton Street M. E. Church, Mrs. L. A. Cunningham of Greensboro presiding. Mrs. F. D. Swindell and Miss Blanche Fontress are the secretaries.

Supreme Court Opinions.
 Special to Journal

RALEIGH, June 19.—Supreme Court today filed the following opinions.
 Jackson vs Corporation Commission, from Wake, no error.
 Harkwood Log Co. vs Coffin, from Swain, petition to rehear, allowed.
 Curtis vs Railroad, from Burke, new trial.
 Johnson vs Machine Works, from Mecklenburg, error.
 Sparkman vs Tel. Co. from Durham, error.
 State vs New, from Sampson, new trial.
 Jones vs Commissioners of Franklin, no error.

The Supreme Court adjourned sine die at noon, the next term begins the 4th Monday in August. About a dozen cases go over among them the notable liberal and damage case, Gattis vs Kilgo.

The most important opinion filed today is that in the case of Jackson vs the Corporation Commission. Jackson, who is sheriff of Washington county, sees the commission to force it to tax the franchise of railways last year. The commission contended that this could not be done until 1903. The Superior Court decided that the commission was right and the Supreme Court affirms this.

UP IN MINNESOTA
 The Woman Knows How.

Voil, and good food is the right kind of foundation to build good health. A Minnesota woman writes, "I thought I would like to tell you of the good Grape-Nuts has done for me."

Last winter I got sick and kept getting weaker and weaker. I could not eat anything but some crackers and a little cup of beef tea for every meal, then I was put on Grape-Nuts and used it with some cream for breakfast. My stomach got strong gradually and before I had used three packages my indigestion was so good that I could eat all kind of food even cabbage, pastry, etc., and I noticed that my memory is very much better than it used to be.

On the 5th of July I weighed 109 pounds and two months later, after using Grape-Nuts, I weighed 123 pounds and was able to do my house work.

This is a good honest statement of facts about Grape-Nuts and you can publish my name if you like." Mrs. E. Fredrickson, Center City, Minn.

Delicious recipes for warm weather desserts in each package of Grape-Nuts.

An Iowa man being examined in Washington to determine his fitness for a consularship was asked, "How many Hessians did George III. hire to come to this country, to fight the Americans during the Revolution?" He thought for a long time. Then he said, "I don't know, but it was a darn sight more than went back."
