Why take any Chances  
with some new and untried medicine for such serious troubles as diarrhoea, cramps, dysentery, when you should know that for over half a century Pains-killer has cured millions of cases? Look out for imitations, there is only one genuine, "Perry Davis."

**July.**

RALEIGH, June 24.—The North Carolina Liquor Dealers' Association met here this evening. Frank O'Donnell of Asheville, who arrived this morning, is presiding. The sessions are secret. The members of the Association will only support those political candidates who favor the licensing of the liquor traffic.

President Winston of the Agricultural and Mechanical college says applications are coming so rapidly as to show that, despite the increase in dormitory room, there will be as much crowding as there was last season. Yet more dormitories are urgently needed—certainly for 500 cadets.

The weather is unreasonably cool but it is said that it is not injuring crops, the latter being well advanced and uncommonly vigorous.

The State Agricultural department today received special reports from its agent sent to Maryland and New Jersey trucking districts to ascertain the status of the truck crops. As to Maryland truck he says cabbages are bringing \$1.50 to \$4 per 100, and that the crop is 40 per cent below an average. The crop of beans is small. They bring 65 to 70 cents per bushel. Dry weather cut them off. He says as to Irish potatoes that the season will not begin until 2 weeks late. There are on sale in the markets potatoes which they call "Norfolk potatoes," but which he finds really come from North Carolina. These are selling at \$3 to \$3.50 per barrel.

As to the New Jersey truck he says the Irish potatoes are few. The season will not open until July 1. The tomato acreage is increased 10 per cent and the season will open earlier than usual. The sweet potato acreage is full.

The American Association of Instructors of the Blind meets here July 9, 10 and 11. It represents all the schools in this country, as well as those in Canada, Mexico, Central and South America. There are 44 of these schools in this country. About 100 delegates are expected. These will be entertained at the very large institution here. On the 10th the State officials and citizens will give them a reception. All the leaders in this department of public charity will be here, including Walt, of New York; Anagnos of Boston, Allen of Philadelphia, Morrison of Baltimore, Dymond of Canada, etc.

Trained Too Hard.  
"So Fitzgibbon failed to appear at the ring-side?"  
"Yes. He was unfit to fight. Both lungs were entirely wrecked by his efforts in telling reporters the easy way he was going to lick the other fellow."

**FEED THEM.**  
One Way to Make Lawyers.

You can dig up the lawyers and put them on their feet if you feed them right but they are like other people they don't thrive on poorly selected food.

A lawyer from Seneca Falls, New York says: "When I went into a law office I was in fine health having had much out-door exercise, but at the end of the second month's study and work I was disheartened to find myself in poor health and falling every day."

After reading a short time I would become so nervous that I would be compelled to stop nor could I remember, to any extent, what I read.

The study of law, which at first was a great pleasure, became a burden, and a first-class physician told me that I never would be able to serve a full term in a law office, and advised me to give it up if I wanted to enjoy life. When upon the point of doing so I was talking one day with one of the firm who advised me to make a change in food and recommended very highly your Grape-Nuts, saying I could get a package at any grocery and make the test.

The advice impressed me so strongly that I at once purchased and began using Grape-Nuts. I found that after using this food I was not troubled with the lingering pains in my stomach that had been with me for some time. Instead I was perfectly comfortable and I had not eaten the food for more than four or five days when I began to notice a change. My head became clear again and I began to enjoy my studies as well as I did on the start and could accomplish more in one week from that time on than I had in a whole month prior to that time. My blood which had naturally become bad, presently improved, my digestion also was better. The blotches on my face began to disappear and I felt better in every way.

I owe much to Grape-Nuts. Would rather you did not use my name, but if it will do you any good use it. Name furnished by Postum Co., Battle Creek, Mich.

Look for free recipe book in each package of Grape-Nuts.
