FOR FREE ADVICE
Every Woman Should Write Dr. S. B. Hartman, President of The Hartman Sanitarium.

Mrs. C. L. Byron, of 646 Lincoln avenue, Chicago, Ill., is President of the Chicago German Woman's Club. She has the following to say of Peruna, the great catarrh remedy, which relieved her of a serious case of catarrh of the bladder:
Peruna Medicine Co., Columbus, O.
Testimonial—“I was cured of a very severe case of bladder trouble which the doctors did not know how to reach. I had severe headache and dragging pains with it, but before the second bottle was used I felt much relieved, and after having used the fifth bottle life looked different to me. This was nearly a year ago, and I have had no recurrence of the trouble. I cannot praise Peruna too highly.”—MRS. C. L. BYRON.

Free Home Advice.
In view of the great multitude of women suffering from some form of female disease, and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.
Those wishing to become patients should address The Peruna Medicine Co., Columbus, Ohio.

GRIFTON.
June 27.—Mr. L. A. Cobb and J. R. Harvey left for New Bern Tuesday on business.

Mr. Joe Rasberry is here for a few days hauling insurance business.
Mr. D. C. McOotter of Vandemere, is in town on business.
Messrs. Bryan Gardner and Geo. L. Blunt spent Thursday in Kinston on business.
Capt. Dick Williams, of Greenville, was in town Thursday night.

Man and His Skin.
Keep the pores of the skin open and in good condition by frequent bathing. Man sheds his skin just as thoroughly as some of the lower orders of creation, but he does it more slowly and imperceptibly. The cells which compose the lower strata of the epidermis are perpetually renewed and pushed upward, and the outer layer must be constantly removed. This process, which is termed desquamation, is absolutely requisite to the health and beauty of the skin. The more rapidly this process is carried on the more clear and transparent becomes the epidermis and the more rosate and velvety the skin tissues which are constantly forming below.

Copper in Cheese.
The green color of certain kinds of Italian cheese is due to the milk having been kept standing in copper vessels. During this period of repose the milk takes up considerable quantities of copper. Indeed it is customary to estimate the degree of acidity attained by the milk by noting the gradual disappearance of the brightness of the highly polished metallic surface. Dr. Mariani examined twenty-five samples of green parmesan cheese from various places and has found that to about every two pounds of cheese there is present from .8 to 3.3 grains of copper.—Health.

RALEIGH.
Opinion Made as to the Result of the November Vote.

Rural Public School Fund New Electrical Power Plant. Preliminary Hearing of F. F. Dawson, Alleged Forger and Embes- zler.

RALEIGH, June 27.—There is a quite prevalent opinion that the vote in November in this State will be a light one. Such is now the outlook.
It is now settled that the annual convention of the colored brethren of this State, and the accompanying tournament, will be held here August 26.
A very good rain fell early this morning, and it the warm weather proved exactly the thing for the crops. No more rain will be needed for 10 days. The general opinion is that the crops of cotton and tobacco have very rarely been as good as they now are.
The last of the fund paid out by the State treasury, in keeping the rural public schools has been paid out. Seventy-five counties called for such aid and the total disbursed is \$69,798.89. The legislature set apart \$100,000 for this purpose. The balance is covered into the treasury.
The electrical power plant at Millburia, on Neuse river, 6 miles from here, has been tested. Everything works satisfactorily.
Today F. F. Dawson, formerly of Wilson, who was lately arrested in Mississippi, on the charge of forgery and embezzlement, appeared before a creditors' meeting at Wilson, for examination in them in bankruptcy proceedings. Many witnesses were also examined. The meeting of creditors and other interested parties was large. He is charged with embezzling about \$15,000 from Hickeys Bros. of Wilson. Since his return from Mississippi Dawson has been at Washington, N. C. on bail.
The coroner's jury returns a verdict in the shooting of John Dilling, S. A. L. employee, that the killing was due to the criminal negligence of Ogburn Kirby.
A charter is granted to the Old Fort Lumber Company, with \$30,000 authorized capital.
The corn crop is being very rapidly "laid by" in Johnston and other counties east of here.

HIS EYES DANCE
When His Good Drink Comes.

A coffee that will nourish and furnish all the food required to rear a baby is evidently easy food for an adult to digest and is especially applicable where ordinary coffee does not agree.
The wife of a Congressional minister gives an experience. "It is rather curious, the manner in which I came to adopt Postum for my baby. My husband used to be troubled greatly with bilious headaches and extreme nervousness. This was about five years ago. We concluded that coffee and tea were the cause of his troubles and so gave Postum Food Coffee a trial. At first we did not like it because it was not bottled long enough and seemed weak and tasteless, but after preparing it properly, and that is easy, we became very fond of it, and now can honestly say we prefer it to any coffee or tea.
The old headaches and nervousness have disappeared and we both enjoy very much better health.
When one of our children was a year old he would not drink milk so we tried him on Postum Coffee, and from the first he liked it and it agreed with him perfectly, so Postum has been his drink now for over four years.
About ten months ago a baby boy came to our house. I was, of course, anxious to have good nourishment for him and so drank from five to eight cups of Postum during the day. This with a little Grape-Nuts Food each day was all the nourishment I took, and although the baby weighed only five pounds at birth he weighed twelve and one half pounds at three months and at four months fifteen pounds. Now he weighs twenty-three pounds.
About three weeks ago the little fellow suddenly weaned himself much to our surprise. I tried him on cow's milk but he would not have it. I then tried a certain baby food, then another, but he would have neither. I fell very anxious about him, but remembering experimenting with another boy with Postum I gave him some which he drank with the greatest relish. It agreed with him perfectly, so he lived on it for one week when he had learned to eat a little other food but he prefers Postum Coffee to anything else, and looks perfectly delighted when he sees me coming with it. I said the other morning, "I wish the Postum Company could see baby drink their coffee, it would certainly please them." It agrees with him so perfectly that I shall continue to have him drink it to his heart's content. I don't like to have my name placed, but you can say I am a Good Postum's wife." Name and address given by Postum Co., Battle Creek, Mich.

One Who Gains.
"Do you think anything is ever really gained by litigation?"
"Oh, yes, indeed. The lawyer gains, doesn't he?"—Chicago Post.

MAYSVILLE.
The Town Continues to Boom. Successful 'School.

June 27.—The weather continues good and crops are O. K.
Mr. K. R. Hay has a very fine crop. Mr. Hay is one of the best farmers in Jones county.
Mr. W. F. Mattocks says that he has about 60 acres of average land planted in corn which bids fair to produce 200 bushels.
The tobacco crop around here is the best we have ever seen. Mr. Lewis Brynnum has some that will average high as a man's head.
Our town continues to boom, several new dwellings have just been completed.
Work has again resumed on the M. E. church, and it will soon be enclosed. Mr. James Koonce has the contract for building it.
Miss Annie Koonce's school will close this week. Hon. Charles L. Abernathy of Beaufort will address the pupils, and a large audience here Tuesday a. m. July 1st. That night, beginning at 8.30 o'clock, the commencement exercises will be held in the Baptist church. We understand that the program is complete. The pupils are spending the greater part of this week practicing their pieces.
Miss Annie Koonce, the principal, is an excellent teacher, and we know that the commencement will be perfect.
Mrs. C. H. Foy and Mrs. Heath returned from Kinston this a. m. They were accompanied by Henry Foy who has been spending a week at Kinston, under the care of Dr. Parrot. He is much improved and in a few days will be himself again.
The most of our young people will go to Beggs Banks on the 4th of July.
Mr. K. R. Hay is pushing work on his new dwelling at his farm. It will be a modern structure.
Mr. C. H. Foy made a flying trip to New Bern this week.
Mr. H. W. Freshwater passed through this week enroute to New Bern.
Tuesday night to the town party next Wednesday night. Don't forget the date, July 2nd.

Persons wishing lime for sanitary purposes can receive the same by calling at the City Hall.

OLYMPIA.
The Railroad Bond Issue Not Popular.

June 26.—We have had several good rains in the past week, which have done the crops much good, and we are most through hilling corn and seem to be up with their work in general this season.
Some of our farmers report cotton blossoms the 19th past, quite early for this section.
There are several of our people anticipating a nice water melon this last, melons are good through this section this year, but there is a small crop in acreage.
We are much pleased at the yield of Irish potatoes this season and at the good prices at which they sold.
Miss Ida Wayne has just returned from visiting friends at Chocowinity.
A goodly number of our people attended the children's day at Galilee Sunday afternoon.
Miss Myrtle Dickerson, of Reelsboro, has been visiting friends in Olympia for the past week.
The railroad question is the general topic of the day now, but we find but few that favor it under the present outlook, we people would like a railroad through the county but we don't want to have our county bonded for fifty thousand dollars and then be at least two years before we could have a ride on the road, we would have too much tax for little pay, besides it would be a tax that would be on us for years to come, and many would never see a free day any more for rail road tax, it seems to me that Pamlico county has had experience enough with railroad debts to keep her fingers out of the fire now, as she has never had profit enough out of what she has paid to haul a barrel of potatoes around the world twice.
Now if the Company only asks fifty thousand dollars stock of Pamlico. There are plenty of men that will take individual stock to consume the amount asked. Now why not let the men who want a railroad take the bonds and not bond other people who do not want a railroad. Some men are foolish enough to talk as if the railroad will haul money in the County and pour it out at every station. Now they don't stop to think that they haven't a son or daughter that can take the responsibilities of a railroad office to get one cent of the money. Now I hope the people who vote for or against the road, will not have treated the matter with light thought, and I trust they will do their own thinking and not let some capitalist think for them.
Be ye wise older heads and don't bring your sons under a bond that will wear out two or three generations to come, let your remaining days be free from a railroad debt and let your sons be free too, and repeat, let those who want a railroad, bear its burden, and not burden the liberty loving people of Pamlico county, with a few men's wants.
I trust as you to your voting boxes the 28th, you will cast your votes to keep the County of Pamlico free from the bond.

Teachers Wanted!
Three Teachers are wanted to fill vacancies in the White Graded School of New Bern. Applicants will be required to pass a competitive examination before the undersigned at New Bern on the second Monday of July next.
