Oh, So Good ! What makes our Soda Water

taste so good is its quality. Every thing used in the making is First Quality pure.

The water is pure and sparkling. The ice is pure and clean. The cream is pure and rich. The flavors pure and delicious. The fruits are the best and fresh

People who know our soda go out of their way, if necessary, to get it. It is so satisfying, so re-freshing, so full of what they want in good soda. They come and come again—that's what we're working for constantly, because we want regular customers who know our Quality.

How The Fourth Was Celebrated in

the State. Interesting Contest For Postmaster

at Monroe. Annual Report and Financial Statement of Penitentiary Issued. Suit of \$50,000 Against

a Railway For

Damages. RALEIGH, July 4 .- It was a scorching not Fourth; so hot that the small boy who was numerously at work making a noise as early as 4 s. m., wilted later in

the day. There was no observance of the day here, other than the closing of buildings and the display of flags. In the afternoon there was a baseball game, Durham against Raleigh and an excursion from Durham, and the evening a large lawn party in one of the parks, in aid of the baseball association.

The day was celebrated at several places in the State-at Southport, Weldon (with speeches by J. S. Carr and F. H. Busbee), at Burlington, at Morganton (with speeches by State treasurer Lacy and State Auditor Dixon). at Asheville, by the Elks, etc.

The withering heat will in a little while affect crops injuriously unless there is rain.

It is always regarded here as a rule that the home-grown water melon must be on sale in quantities by July 4. The rule is observed this year, and watermelons and cantelones are plentiful.

There is an interesting contest for the postmastership at Monroe. There are aspirants and each is said to have em ployed counsel. There are charges and counter-charges, and it is really a very pretty scramble indeed.

President Winston of the Agricultural and Mechanical College today addressed laboring men from the factories at Gas tonia.

The annual report and the financial statement of the penitentiary have not yet appeared. One of the directors says the excess of receipts over expeditures for the year was almost \$5,200. This year ended March 31.

Suit for \$50,000 is entered against a rallway here by a man who lost a leg and an arm. A man who was working on a track was killed and half a dozen lawyers wanted to bring suit, but the rallway paid \$250 and ended the matter quietly. It appears strange that persons working on a track can get damages, but the heirs of a lawyer got \$19.000 bccause he was killed that way.

### SUMMER COLDS

Produce Chronic Catarrh.

Mrs. Henriette C. Olberg, Albert Les.

Mrs. Henriette C. Olberg, superinten dent Flax and Hemp Exhibition at the Omaha Exhibition, writes from Albert Lea, Minn., as follows:

"This spring I contracted an aggre vating cold, having been exposed to the damp weather. Catarrh of my throa and head followed, which persisted in romaining, notwithstanding I applied the usual remedies.

"Reading of the merits of Peruna in the papers, I decided to try it and soon found that all that has been said of your medicine in such cases is true.

"I am very pleased with the satisfactory results obtained from using Peruna am entirely well, and consider it a mos valuable family medicine."
HENRIETTE C. OLBERG.

Summer colds require prompt treat ment. They are always grave, and ometimes dangerous. The prompt ness and surety with which Peruna acts in these cases has saved many lives. A large dose of Peruna should be taken at the first appearance of a cold in summer, followed by small and oftrepeated doses. There is no other remedy that medical science can furnish, s reliable and quick in its action as Peruns Address The Peruna Medicine Com pany, Columbus, Ohio, for a free book entitled "Summer Catarrh," which

treats of the catarrhal diseases peculiar
