Meeting of the State Society of the Cincinnati.

Street Railway Extension Work to Begin Soon. State Records Being Indexed. Crops Suffering Much From Heat.

RALEIGH, July 5.—There were no accidents here yesterday and no fires. The day passed off very well indeed.

The intense heat is affecting the crops. There is great need of rain along the Southern border of the State. The crop report is to be issued next Tuesday is not apt to be a good one. It is a critical period with several crops notably corn and tobacco.

It is said that the street railway here may be extended sooner than expected.

Stephen B. Weeks of Santa Fe, New Mexico, is indexing the colonial and also the State Records. His work will hardly be finished before the end of the year.

A letter from Greensboro today says the condition of State Superintendent Joyner, who has fever is not encouraging. Yesterday his temperature was as high as 104 degrees.

Mrs. Charles M. Busbee and Mrs. Ludlow Skinner of Raleigh are visiting Mrs. Henry M. Flieger at her summer home at Mamaroneck, N. Y.

THE CHRISTIAN SCIENTISTS.

In Annual Session at Boston. Representatives From Every State and Foreign Countries.

A notable gathering indeed was that of the Christian Scientists in annual session at Boston June 15-16. The session was known as Communion Service followed by the annual business meeting and Testimonial Evening on Wednesday at which were representative members, not only from every State of the Union, but many foreign countries, for the Journal directory now has practitioners in it from England, Wales, Scotland, Hawaii, Bahamas, France, Germany, Canada, Australia, Ireland, Italy, Switzerland, Philippine Islands, Mexico as well.

The Mother Church was soon filled to overflowing with standing room packed. So it was found necessary to hold the annual services in the largest auditorium in the city, and that accommodates only about 6,000, it was found best to have two services on Sunday, as it estimated that about 10,000 visiting Scientists were there.

Communion Sunday was most impressive, over 6,000 at each service, and what were they there for? To see some one personally; to hear some argument as to the best way to promote the cause? No, these worshippers were there to hear simple Scriptural reading from the Bible—all love, and to join in congregational singing; to follow the one prayer given us by Jesus the Christ, to hear a message from our Leader, Mrs. Eddy, and kneel in silent communion with Him who is all in all, our Father on earth as in Heaven.

On Wednesday at the business meeting the eager throng were rejoiced by successful reports from all over the world, the report of the clerk showing an increase in churches and societies to please the most sanguine. The total membership of the Mother church is now 34,278. In this church there are on file 1,928 letters received from former members of Evangelical churches, many expressing tender regrets at parting with faithful members, giving loving testimony to their high Christian character.

Since the last meeting in 1900 the

MAYSVILLE.

Pleasant Closing Exercises of Village School.

July 3.—Our little town has been the scene of much gaiety and pleasure this week in spite of old Sol's efforts to scorch us visitors from New Bern, Trenton, Pollocksville, Swansboro, and Jacksonville, besides lots of them from the country, have been welcomed by us. Many of these came to attend Miss Annie Koonce's school closing of which the many exercises were a grand success which gave conclusive evidence of the best tutored and disciplined school that this community has ever had, and to which much credit and many thanks are due the perseverant, patient and ideal teacher, Miss Annie Koonce of Richlands, Onslow county.

The exercises were opened Tuesday a. m. promptly at 11 o'clock by the school, which consisted of some excellent music, vocal and instrumental, suitable for the occasion, and some recitations. After which Mr. C. E. Foy of New Bern introduced the Hon. Chas. L. Abernethy, of Beaufort, who with his fine oratorical power held the school and audience spell bound for nearly an hour. His address for the most part was instructive to the pupils of the school, showing to them the responsibilities that life would soon bring upon them, and how to meet them courageously, and beat down the many obstacles that would confront them in this path way of life. Mr. Abernethy is a young lawyer of sterling character, a natural orator, and one who adheres strictly to Democratic principles.

We hope that the good seed sown down here by him may implant themselves in the young people's hearts and that the harvest may be a golden one. Following Mr. Abernethy's address a song, and then all retired for dinner.

At 8:30 p. m. the exercises were again opened by a popular march rendered by Miss Dinnie Koonce, the music of which brought the school from the campus marching each with banners to the beautiful artistically arranged stage, where with raised banners joined in the singing of the South's favorite air "Dixie Land."

Then followed a countless number of dialogues, recitations and songs which were delivered in a way by many pupils that did credit to their teacher, themselves and their parents.

We cash and every one appreciate the effort and success that Miss Koonce has made here in school affairs and hope to have her again next year for our teacher. A. F. M.
