Vacations.

Upon you rests the responsibility of getting your full allotment of brightness from your vacation. A vacation without a Kodak is a vacation wasted. Kodaks—there's none but Eastman's—cost from \$1. to \$10. every one good, add this to cost of film makes a total of from \$2. to \$17, which will be repaid by the nice pictures brought home as reminders of a pleasant outing. Come in and let us show these Kodaks—any child can take pictures with them. See our window this week.

BRADHAM'S PHARMACY, Agent for Eastman's Kodaks.

TELEGRAPHIC BRIEFS.

The order has been made at Washington that the Catholic friars who have been in the Philippines, must withdraw from the islands. The friars are priests and teachers, mostly Spanish.

The overdue ships steamer and Portland are reported safe. The Mohican is a training ship and was out from Yokohama 29 days. She was nearly out of fuel and food when she dropped anchor in Dutch Harbor, Alaska. The Oregon reported at St. Michaels, Alaska, several days late.

Senator Ben Tillman has very solemnly reiterated a vow that he will oppose his colleague, Senator McLaughlin's appointment to the United States court of claims bench; says he will fight him to the last ditch.

James Montgomery, a plumber of Charlotte, was fearfully burned Monday while at work by the explosion of a gasoline stove. The accident would have been much worse but for Mr. Montgomery's presence of mind in smothering the flames.

The U. S. Cruiser Brooklyn, bearing the late British Ambassador Paucot's remains has arrived in England.

King Edward VII improves in health satisfactorily and will soon go on the royal yacht where he will remain during the summer.

A fire in the Revolution Cotton Mill at Greensboro, N. C., Monday, destroyed bale cotton and waste to the amount of \$800.

The Republicans of the fifth and sixth Congressional districts of Maryland, have decided to run negro men for Congress.

Owing to faulty steering gear the battleship Illinois became grounded in the harbor of Christians, Norway and had to be taken back to England for repairs. She was accompanied by the cruisers Chicago and Albany.

The Venezuelan government has not subdued the insurrection and the Revolution party is gaining adherents.

The United States government has ordered the cruiser Marietta to proceed from Cape Haytien to La Guaira, Venezuela, in order to protect American interests there.

It is estimated that \$1,000,000 a day is lost to Chicago wholesale dealers on account of the strike. The public of that city are generally alarmed and the outlook is not at all encouraging.

Mr. Wu Ting-fang, Extraordinary and Minister Plenipotentiary to this country from China, has been recalled by his government and Sir Liang Chen Sung appointed in his place. Mr. Wu was very popular in Washington circles.

Lord Salisbury has resigned the premiership of England and King Edward has tendered the portfolio to Mr. A. J. Balfour leader of the House, who has accepted it. Mr. Balfour is very popular with the members of the cabinet.

The frail timid boy King, Alphonse XIII, of Spain, is developing into a strenuous, lively lad, after angling the military and antagonizing the ministry the other day he betook himself to the stunts of the city, and there danced the night away with a working girl. When his mother remonstrated with him because of his unkingly conduct, he ordered her from his presence and otherwise "assaulted" her, so the Madrid dispatches say.

COOL BODIES

Made By Appetizing Food.

You can feel as "fit as a Lord" in hot weather if you eat sensibly. If you aren't entirely happy in hot weather suppose you quit your way and try ours.

Take a cold sponge bath dress luxuriously and sit down to a breakfast of Grape-Nuts and cream, a little fruit and a cup of Postum Food Coffee. Don't fear, you won't starve on the contrary, that "Eardly feeling" will take possession of you by lunch time.

Grape-Nuts is a concentrated food and contains as much nourishment as bulky body heating food like meat, potatoes, etc. Its crisp delicateness will appeal to your palate and the result is a very marked difference in the temperature of the body and the certainty of easy and perfect digestion.

Quit coffee, it unnaturally stimulates the brain and nerves, heating the body and causing an uneven temper; use Postum Food Coffee, use a charming flavor when properly made and does not affect the nervous system, but assists the brain to work with ease and clearness.

Experience and experiment in food and its application to the human body has brought out these facts. They can be made use of and add materially to the comfort of the user during the hot weather.

Look through the recipe book in each Grape-Nuts package for delicious puddings, oatmeal, cereals and desserts.

RALEIGH.

Edward Poon Nominated for Congress From the 4th District.

Strange Fatal Accident to James P. Watson on S. A. L. Sentiment in Favor of Another Primary for U S Senator Growing. Report on Negro Education

RALEIGH, July 15.—The Democratic Convention of this Congressional District met at noon today, in the city hall J. R. Young presiding. It nominated unanimously Edward W. Poon of Smithfield. All the counties had instructed for him.

About 3 o'clock this morning engineer James P. Watson of the Seaboard Air Line was killed 3 miles north of here in a rather singular way. A car loaded with lumber broke loose from a train in the yards here and ran down grade to a bridge, then up grade. The passenger train, on which engineer Watson was going out ran into this car. A piece of lumber passed through the cab, broke his neck and was found lying on the tender. The front of the engine was badly wrecked. Watson was a very capable engineer. His age was about 45. He leaves a wife and several children. He had promised his wife a few days ago that he would quit railway work. One report in regard to the car which broke away is that several broke and that the yard master thought he had coupled all, but that this particular one went farther than the others.

Secretary of State Grimes, Treasurer Lacy and Auditor Dixon left today for Greensboro, to attend the Democratic State Convention. Gov. Aycock is unable to go.

It is asserted that sentiment in favor of another primary for U. S. Senator is growing.

Col. A. R. Andrews of the Southern railroad who left this morning for Hot Springs, N. C., was very frequently while at Atlantic City taken for ex-president Cleveland.

As yet the contract for lighting this city is not signed. The lighting company objects to the clause imposing a double penalty for failure to keep lights burning. The city insists on it.

A charter was today granted the Rocky Mount Steam Laundry Company.

A report on negro education in North Carolina shows that since 1873 \$5,301,633 has been expended. Last year \$233,000 were expended, while the negroes paid only \$118,000.

Four masked men held up the west-bound passenger train on the Denver and Rio Grande road near Chester, Col., Monday. The passengers were forced to line up along the track and hand over their valuables. The losses are very heavy as the victims were nearly all tourists, and had plenty of money. No capture of the robbers have been made.

Extra Fine Corned Tongue at Oak's Market.

Farmers Tobacco Warehouse.

We beg to announce to our friends that we will manage the up town warehouse this season. It will be known as the Farmers Warehouse, and is one of the most convenient warehouses in the State for the sale of leaf tobacco. It is well arranged for unloading and has plenty of room for wagons and carts. Connected with the warehouse is a well arranged stable with box stalls, where your team can be well cared for. The warehouse will be lighted at night with electric lights, so you can drive in at any time. We will have a sleeping apartment for any who may wish to spend the night at the warehouse.

It is our intention to have premium sales from time to time through the season, and the success of former premium sales will be a guarantee that your interests will be well cared for. The warehouse is so arranged that we can unload any number of carts at once, and there will not be that delay that formerly been a drawback, whenever a large sale was on hand. Mr. C. H. Richmond, who is well known to the farmers of this section will be associated with us as auctioneer and buyer. Having been on this market for several years, it is needless to say that he is a gentleman of integrity and will see that your tobacco brings its full worth.

There will be buyers on the market from the American Tobacco Company, and also the English Company, as the competition will be as sharp in this market as any, we see no reason why you should not bring your Tobacco to the Farmers Warehouse.

We will give you all our personal attention and we feel that we deserve a part of your patronage as it has been our aim to serve the farmers of this section to the best of our ability.

Bring us your tobacco and you will not regret it. We have made arrangements by which all checks will be cashed at the warehouse, which will save the trouble of going to the bank.

Yours for high prices,
J. N. HOWARD,
Mg., Farmers Warehouse.
C. H. RICHMOND,
Auctioneer.
