## TELEGRAPHIC BREVITIES.

Huntlers are busy in the west again. They are a class to be feared almost as much as the hold up men. At Lander, Wyoming, a band of masked men attacked a herder and killed him, slaughtering 2,000 sheep and drove 65,000 sheep into the mountains to be killed by wild animals.

A boom has been placed on the market for Senator "Billy" Mason, of Illinois, for the second place on the Republican National ticket in 1904. With strenuousness for the head of the ticket and a ten cent wit for the tail, the ticket will doubtless be a winner.

Two unknown negroes were lynched at Womelsdorf, W. Va., Wednesday night. The trouble grew out of the killing Chief Bud Welsch, on the same day. Both races are very much enraged and more trouble is hourly expected. The negroes are leaving by every train.

Three robbers held up a train on the Mexican Central road near Elroy, Texas and got off with \$50,000 in currency. The robbers have not been captured.

United States Ambassador to France Foster, Secretary of War Root, and General Leonard Wood called Thursday for Seville, France.

The price of coal was advanced at New York today at \$8.00 a ton, retail, on all sizes. The jump was 50 cents to the users of domestic sizes, and 75 cents to the users of steam sizes.

Alexander Tuten, the alleged slayer of John Canon is in jail at Washington, N. C.

Appropriations have been made for the improvement of the Neuse, Trent, Tar, Pamlico and other important rivers in North Carolina.

M. Constant, the French Ambassador at Constantinople was assaulted by a Turkish mob. The act will tend to give rise to more unpleasantness between Turkey and France.

J. E. Harding and Mrs. Stafford the couple who eloped from Greensboro were arrested just as they were to go on board the boat at Norfolk. They deny that they are the persons wanted. They have been identified however.

Use Hancock's Liquid Sulphur, for Eczema, Pimples, Ringworm, Dandruff and all skin diseases. For sale at F. B. Duffy's.

We are still selling meat at 12c per pound, not 30c as reported. Oaks Market.

## RALEIGH.

Rev. Dr. A. A. Marshall Dying of Cancer Trouble.

Spencer Firemen Celebrated to Soon, State Charter, No Requisition Papers Asked of Governor. Educational Rallies. Sell Tests.

RALEIGH, July 26.—The State today granted a charter to the Southern Cotton Delineating Co., of Rockingham, Richmond county, capital \$50,000. It is given power to buy undelinted seed and delint them, make oil and fertilizer, make yarn, cloth, etc. H. S. Ledbetter and others are the stockholders.  
Quite an amusing incident occurred today in connection with the visit of the firemen here this week. The Spencer reel team thought itself a sure winner with its time 34 seconds, and had a rooster on top of its reel, but when the Capital team of Raleigh out the time down to 23 1-2 seconds, the Spencer men let the rooster go. The latter wandered around in that part of the city and was taken in and fed by one of the trustees of the Methodist orphanage, who today asked the superintendent to come in and get the "orphane bird."  
J. C. Caddell, so well known all over the State, has been sick at Wake Forest, his home, for six months. He is now nearly well and goes to Georgia as the representative of one of the great book companies.

Rev. Dr. A. A. Marshall, pastor of the First Baptist church and one of the most talented men in that denomination, is dying at his home here, of cancer. He has been sick almost a year. Death may result at any moment.  
Six thousand pounds of leaf tobacco was sold on the warehouse floors here yesterday. The season is the earliest Raleigh has ever known. It does not regularly open until August 1.

Gov. Aycock never received any request for a requisition for Mrs. Stafford and Harding, her paramour. It was thought here yesterday that the elopers would be held and brought back. Mrs. Stafford was considered the handsomest woman in Greensboro, and had never been talked about prior to this escapade. Harding was a Sunday School superintendent.

At the examinations for admission to the Agricultural and Mechanical College which were held in the various counties this month, 125 passed. President Winston says the freshman class will number 200. The entrance examination takes place Sept. 3. He says there will be 500 students next term; all there will be accommodations for.  
Not so many society people are out of town this summer as usual. Most of the absentees are at the seaside.  
The programme and list of the series of educational rallies, covering a wide area of the States prepared today by Prof. E. C. Brooks, the secretary charged with the special duty of looking this new line of educational effort.  
State Chemist Kilgore says the soil test farms are proving valuable object-lessons. This State is taking up soil study with great zeal and is far ahead of any other in this section.  
The months of July and August are "black time" for the moonshiners, the officials say, and the reason given is that moonshiners are so bad in the west and along the streams that they sorely harass the moonshiners, while during the great heat the "wash" sours very quickly. Not many licensed distilleries are in operation. The latter perpetuate almost as many frauds as do the moonshiners.

**INDUSTRIAL NORTH CAROLINA.**  
The Hope Mills Manufacturing Co., of Hope Mills will enlarge and improve their plant and will expend \$100,000.

Messrs. Lowery, Sons & Co. will establish a knitting mill at Kernersville.

The Elizabeth City Hosiery Co., has been incorporated with \$10,000 capital. O. H. Robinson, D. B. Bradford and others are interested.

The Fremont Cotton Oil Co., at Fremont has been incorporated with nearly \$25,000 capital, which will probably be increased in the near future.

Mr. W. H. Koch has leased of the State Lumber Co., the Britain Shingle Mill near Hilton. The mill has a capacity of 15,000 shingles per day.

The Blocomb Cooperage and Veneer Works have purchased from the Wilmington Mill Co., its buildings, piles and lumber pen, and will remove them to their plant in Wilmington.

The Peoria Mattress Co., has been organized at Lexington for the manufacture of mattresses. Capital \$10,000.

Philadelphia capitalists are interested in the development of the Linville River Rapids water power. They will establish a \$2,000,000 power plant and among other things will develop a 25,000 acre tract of timber land.

W. Lewis Cotton Oil Co. has been incorporated at W. Lewis with a capital of \$25,000.  
The Valiant Hosiery Co. is building

the largest cotton gin plant in the world at Charlotte for preparing sea island cotton. The plant will cost \$50,000.

The dye works of J. N. Stevens formerly located at Petersburg, Va., have been moved to Williamsport, N. C.

## SWANSBORO.

Death of Two Prominent Men. Stung by a Stingaree.

July 25.—Very hot and very dry thermometer 105 in the shade Tuesday the 25th inst. Very healthy considering such warm weather.

Several visitors and commercial business men in town. The drummers will come, money or no money.  
Crops are very good considering the dry, hot weather.

Capt. Alex Moore and family of Look-out life station, are in town visiting parents and relatives.

Schooner J. H. Hargrave, Capt. Bonnett, cleared this port last Saturday, with \$25,000 feet of lumber for New York.

Schooner Missouri, Alex Moore, Capt. and owner, came in a few days ago, she is now in command of Lieut. David R. Hall, who is loading with water melons for Norfolk, Va. Capt. Hall wants 2000 melons for which he pays \$5.00 a hundred for.

Schooner Russell, John Thomas Master, just arrived for lumber from the saw mill here. The saw mill is in full blast old and new. The new mill will soon be ready for operation.

Another new immigrant this week, and Mr. and Mrs. E. B. Stanley are happy again. Ed says he will make a preacher out of this boy sure.

The little child of Mr. I. E. Rogers, Josie H., died last Monday 21st inst. It will be remembered that the wife of Mr. Rogers, Miss Josie Moore, died last spring leaving an infant only a few days old, this little girl died as above stated. We deeply sympathize with Mr. Rogers and the family, the little girl was 6 months old and was a pretty and healthy child until a few weeks ago.  
Messrs. John Frost and Henry Smith two of the most prominent men on Bogue Banks, merchants, died last week one of Bright's disease, the other of blood poisoning. Mr. Smith was a resident of Salter Path. Mr. Frost of Bogue Chapel, both leave families.  
Mrs. Mary E. Mattocks is visiting her brother, B. S. Gibson and family on White Oak farm.

Mrs. M. W. Hoody and family who have been visiting friends in Smyrna and Straits, Carteret county for three weeks, returned home today.

Mr. D. J. Moore, one of our merchants, is talking of moving to Oriental, Pamlico county.

Mr. H. H. Bell, of Cedar Point, has a fine crop of corn, as has Furney Taylor.

The young ladies of our place will give a lawn party here soon, notice and time will be given next week.

Not much good news, only politics, that is raging in our county, a new candidate nearly every day.

Messrs. A. H. Slocomb and D. G. Oats of Fayetteville, Frank Whitly and A. W. White of Pollockville, Revs. L. N. and R. W. Henderson, and S. A. Starling of Hubert, were our visitors last Wednesday and Thursday. These gentlemen came on a pleasure trip to the Banks fishing and bathing. Capt. M. I. Hill took them in his pretty sharp "Nellie" They caught lots of fish.

Mr. J. M. Jones saw mill Supt. who got severely hurt 4th of July, by falling on a pile of lumber, has set his crutches aside and taken a stick, he is getting better so the doctor says but can't walk much.

Capt. Jim Smith was stung by a Stingaree, (sting fish) yesterday while fishing we understood that Capt. Jim did some clean "houseing" at first, but when his partners told him not to do so that those kinds of words proved fatal sometimes, the Capt. turned sane and began to pray aloud and before he got home Capt. Jim was a good christian.

**JUST THINK.**  
You Can Think When the Food Makes Your Brain Work.

The mind does not work properly unless the right kind of food is furnished. A young man studying telegraphy said that his progress was very slow. It seemed impossible for him to pick up the art and understand it.

He suffered continually with stomach trouble and could not digest his food properly, and he finally got so he could do but little work and was tempted to give up his studies altogether.

About that time some one told him about the brain food Grape-Nuts and he went in for it. In a short time a very remarkable change took place. His stomach recovered and he became free from headaches. His hand was no longer nervous and trembling when he used the key, and the whole mystery of telegraphy untangled itself, for, as he says, "I had the mental power to master it, and the understanding came easy when the mind was in peace and strong."

He is now holding a responsible position as an operator.

This is but one of the many illustrations of the advantage of using food purposely manufactured for rebuilding the broken down gray matter in the brain and nerve centers throughout the body. The facts are these and can be proven to anyone making the trial.

Don't overlook the maple leaf in each package of Grape-Nuts.
