AROUND AND ABOUT.

There were 62 tickets to Morehead sold at this station Sunday. The excursion will be run from New Bern to Wilmington Monday August 11th by St. Cyrillus church. A separate car will be provided for white people.

Reverend O. C. King of Durham, will preach at the Free Will Baptist Church this evening at 8 o'clock. All are cordially invited.

Josh Ball a colored man plead guilty before the Mayor yesterday to the charge of carrying a deadly weapon. He was bound over to court under \$50 bond.

A large number of cowhides were shipped north on the Ocracoke. This is quite an industry here and the product generally commands a good price.

The heat yesterday was terrific. The thermometer registering 85 degrees. A thunderstorm occurred in the afternoon which cooled the atmosphere very perceptibly.

Mr. Ella Williams had a little experience yesterday while riding a wheel on Pollock Street. He ran over a large bull dog which resulted by biting him severely on the leg. No serious consequences are feared however.

The fire alarm cards issued by Mr. J. J. Baxter are in very much demand. The cards are not only a splendid advertisement for this enterprising dry goods store, but also a valuable means for Mr. Baxter to be prepared to give any citizen a card.

Subscribers to the Henderson Telephone Company will please add to their lists, Farmers Tobacco Warehouse on town, No. 318; Foy and Wood, No. 221; F. C. Roberts, residence, No. 228; J. M. Howard, residence, No. 228; C. B. Hill, field store, No. 260.

Rev. H. S. Bradshaw leaves today for a month's vacation which he will pass in Hillsboro. The prayer meeting services on Thursday evenings and the Sunday schools will be continued as usual. Teaching services unless otherwise arranged for will be discontinued.

An excursion passed here yesterday from Raleigh going to Morehead City. It was mostly composed of white people, but the crowd was not very large. A number of old soldiers were aboard and appeared to be enjoying the trip. There were some from the Soldiers Home.

It was confidently asserted, Saturday evening, by those supposed to know that the tramps had been scared and driven from the city. It transpires that they are still with us, and it is up to the police force, how long they are going to allow them to remain.

Mr. Owen G. Dunn has issued a neat business card, on one side of which is the number and arrangement of the new fire alarm system and on the other, an attractive advertisement of his business. Mr. Dunn will distribute his card in a few days.

Officer A. L. Bryan shot a dog yesterday morning on Middle street that had every appearance of being mad. The animal was first noticed in front of Mr. Phillips harness shop and as it ran down the street, it created some excitement but did no damage as it was soon dispatched.

Mr. Paul Delemar has been made manager of the Pamlico Lumber Co., which has selected a site for a mill on Nelson's Bay and will soon begin work on the building which will be ready for operation by early winter. The company has a large tract of timber to work on and the plant will be very large.

Dr. L. W. Perkins of Newport was in town yesterday to procure medicines for the treating of a case of small pox at Havelock. Dr. Perkins said that the case mentioned had been isolated and was in a fair way of recovery, but feared the spread of the disease as no precautions had been taken until a day or so ago.

A bundle of peaches was found in this office yesterday which is believed to have been grown on the farm of Mr. Freeman Brant, the size and delicious flavor resembling some that were known to have come from the same source. The Journal, however, is obliged for the treat.

Strangers visiting New Bern remark the extravagant use of explosives by the juvenile part of our people, especially the colored boys. The violence of language used by the boys of both races is something awful, and not only shows a lack of good manners, but indicates something materially wrong in their training. Are the religious and moral in business asleep?

Death of Mrs. Fritchard. Mrs. J. C. Fritchard, wife of the United States Senator from this State died at the Clinches Barker hospital at Hillsboro Saturday morning. Cancer was the cause of her death. Some time ago she had an operation which brought only temporary relief and a few days ago she was removed to the hospital where it was found that a second operation would be necessary. Mrs. Fritchard rallied from it well, but Friday night a relapse occurred from which she could not recover and she passed quietly away early Sunday morning. The funeral took place at Marshall yesterday.

Resolutions will be presented for the teachers at reasonable rates.

Small Pox. Four Cases of the Dread Disease Reported by Dr. Street. Health officer, Dr. N. H. Street, reported officially on Sunday that there were four cases of small pox in New Bern. They are negroes and live far from the center of the city. The cases were all quickly quarantined and there need be no cause for alarm.

People generally should assist the physicians in checking the spread of this dangerous and infectious disease by being vaccinated. There should be no fear regarding the vaccination thus urged as it is a practical preventive against small pox.

There is one case also reported at Havelock which was communicated from Merrimion where it is said there have been a few cases.

STATE FAIR. Resolution as to Character of Entertainments to be Permitted on Fair Grounds. The following resolution was adopted by the Advisory Board of the Agricultural Society as to the character of entertainments to be permitted at the next State Fair.

RALEIGH VS. NEW BERN. Game Played Yesterday Between Colored Teams of Raleigh and New Bern. Easily Won by Home boys.

The colored base ball team from Raleigh came on the excursion train yesterday and crossed bats with the New Bern boys. The Raleigh boys were well charged with ginger or some such stimulant, and many explosions of hot air took place. The untried New Bern team, however, took the bat at about five o'clock, and the ardor of the Raleighs began to cool.

At the ninth inning the score stood New Bern 8, Raleigh 1, with a very fairly played game. The batteries for New Bern were Orum and Hendricks, while Raleigh used Big Jim and Charlie. Morton umpired.

The features of the game were the fielding of Snead, who also did some good tapping, Allen fielded well and Stanly held down first base strong. Another game will be played at the Athletic Park this afternoon, commencing at three o'clock.

APPOINTED TO CADETSHIP. Matthias E. Manly, of This City, is appointed Cadet to Annapolis.

Under a recent law delegating to each United States Senator the power to appoint a cadet at Annapolis, Senator Simmons has honored Craven County and New Bern, by naming Mr. Matthias Manly, son of Mrs. Neta Manly, to that position. The young man is well known and popular here and he is to be congratulated that he has acquired so fine a position.

The law requires that five attendants also be named and Senator Simmons has appointed four of these. They are: Joseph B. Cheahire, of Wake; Ed. M. Hinson, of Mecklenburg; Wm. T. Mallison, of Beaufort; and a son of Rev. J. L. Meyerberg, of Wayne.

ATTEMPT TO WRECK TRAIN.

Two Rails Removed During Night. Watchfulness of Engineer Averted Great Disaster. The passenger train on the Washington and Plymouth road was wrecked about eight miles from Plymouth Saturday morning. Two rails had been tampered with during the night, and but for the watchfulness of the engineer, the passengers and train crew would have probably been dashed into eternity.

The engine was completely derailed and thrown some distance from the track, being considerably damaged. The engineer stuck to his post and by almost a miracle escaped injury, as did all on board.

Hurricane Branch, the detective, will endeavor to locate the miscreants who committed the act with his bloodhounds. No clue to the perpetrators, however, has yet been discovered.

CASTORIA. The Kid in Him Always Sought. Castoria. ATLANTICS WIN OUT.

A Spirited Contest For The Baxter Speaking Trumpet. The speaking trumpet contest which has been conducted by J. J. Baxter for several weeks past was concluded Saturday night and the result was a victory for the Atlantics.

That the voting was eagerly participated in is evident from the figures and especially those of last week which were more for both companies than all the preceding weeks. The Atlantics received last week, 3,484 votes, making a total of 4,917 votes. The votes cast for the Buttons was 2,281 making a total of 9,900.

The trumpet is a handsome silver plated instrument richly engraved and it is well worth the efforts that have been put forth for it. It was Mr. Baxter's gift to the successful vote getters and his generosity is highly appreciated by the Atlantic Company.

VOICE OF THE PEOPLE.

First Township For Gulon. Editor JOURNAL.—We saw in Saturday's issue of the Journal a communication from Clinton presenting the name of Mr. O. H. Gulon for the Legislature.

No. 1 township most heartily agrees with Clinton, as we all know exactly how Mr. Gulon was defeated two years ago, and we also know that Mr. Gulon would have gone to the Legislature than had he given the word, but instead of this what did he do? He said, boys there must be harmony and let us one and all put our shoulders to the wheel and elect the elector as declared nominated by the primaries.

We all know what effective work Mr. Gulon did in the campaign. Under these circumstances it seems to us that Mr. Gulon is the only man for the place this time, if we adhere to true Democracy. Of course we know it would be a great personal sacrifice for Mr. Gulon to go to the Legislature and we feel a little delicacy in asking a man of his ability to accept such an office, as it is so far below what he deserves.

It would look more like the true O. H. Gulon if we were presenting him for Supreme Court Judge, or Governor of our dear old State, but some of these good things are surely in store for him in the near future.

As this is the second time, since the war, Craven county has had an opportunity to send a Democrat to the Legislature, both pride and necessity demand that we send a man of Mr. Gulon's type. He would fill the position with credit to himself and with honor to dear old Craven as did Gaston Stanley and others before the war.

Let us have harmony by nominating and electing Mr. Gulon. The old reliable 1st, Township is for Gulon first, last and always, and we are going to vote for him anyway.
