**LOOK OUT!**

I have just arrived from the Northern Markets with a Fine Selected Stock of **DRY GOODS AND CLOTHING**, which I will open up in the Store at 75 Middle Street, next to Gashill Hardware Co.

Respectfully,  
**S. COPLON.**

**Celery Headache Powders.**  
 There is not any better remedy for headaches than these powders. They never fail to relieve. Made and sold only at Davis' Prescription Pharmacy.

**THE INTERNATIONAL ACCEPTS.**  
 The Telephone Co's. Request Being Treated Down They Accept the Conditions of the Franchise.

The city council has received a communication from the International Telephone Co., stating that the company accepts the franchise as originally voted by the Council.

It will be remembered that last month the council voted to grant a 25 year franchise to this company which was to conduct business on entirely new ideas. Later the Company's agent asked for an alteration in the condition of the franchise so that the \$10,000 bond would be inoperative when the telephone should be in perfect working order; and also to give the Company permission to erect terminal poles where necessary. Both of these requests were rejected, which action put the company on the requirements of the franchise as first granted. The company was given 30 days to make answer.

Fresh Grape-Nuts, Postum Cereal, Saratoga Chips and Oat Flakes at J. R. Parker, Jr's.

**A Safe Summer Beverage.**  
 By Amos Gray, M. D., in United States Health Bulletin.

During the heated season people need a cooling and bracing beverage. Such a palatable tonic must at once quench the thirst and also revivify the energy that has become dulled by the high temperature of the blood.

To satisfy these requirements many kinds of drinks are offered the public, such as lemonade, composed principally of tartaric acid and water; the carbonated product known as soda water, that is so difficult for the stomach to assimilate, and very many more, that our limited space does not permit enumerating.

Popular usage has decided that a malted beverage best supplies the proper stimulation to give a tonic strength, to overcome summer lassitude. The best beverage we have found to be pure beer. Not cheap beer, that may prove an overtax on the liver and thus cause headache, but pure beer, that in itself combines these good features so much desired in a summer beverage.

These United States Health Bulletin, being the highest American authority on all matters pertaining to health, sanitation and hygiene, have just completed an unbiased and disinterested examination and analysis into many brands of beer, and the result of laboratory investigation has proven the proper beer to drink and the purest and best to be the beer from the Prospect Brewing Company of 11th and Oxford streets, Philadelphia, Pa.

This beer, therefore, has the full editorial and official endorsement of the United States Health Bulletin. Our Staff of Physicians have found that this beer yields the greatest tonic strength so much desired to assist digestion, that it keeps down the temperature and thus prevents sunstroke and establishes that proper perspiration that promotes mental and physical activity thus counterbalancing the effect of summer heat.

For home use it excels as a table beer, being of value to wives and children. As a preventative of disease it adds tone to the system and thus many forms of ailments are happily overcome. To the convalescent it is a tonic, adding new strength and hope, while as a summer beverage it is par excellence. The above beer is carefully brewed, and from first to last the utmost cleanliness is maintained. It is filtered and refiltered and before being offered for sale it undergoes a final treatment that produces the best sterilizing effect, entirely eliminating all danger of germs and assuring the customer the purest and ripest of beer.

**RALEIGH.**  
**To Investigate Alleged Incendiary Fire Case.**  
**Local Republicans Undetermined. Personal of Officials. Attendance at County Institutes Compulsory.**  
**Cooler Weather. Great Year for Partridges.**

RALEIGH, Aug. 12.—Fire in the suburbs of Redville burned the stable and barn of R.P. Richardson, valued at \$5,000 and on which there is only \$2,000 insurance. It is alleged that the fire was of incendiary origin, and today insurance commissioner Young sent a detective there to make a full investigation.

State superintendent J. Y. Joyner left today for Hickory, to participate in the great educational rally there. Gov. Aycock goes there tomorrow and will not return here until early in September.

The local Republicans do not appear to know what to do. There are two factions among them—one Pritchard, the other anti-Pritchard. They decline to talk at all freely and reveal their plans.

State Auditor Dixon returned today from a tour during which he made speeches in the interest of the great public education movement.

Secretary Bruner of the agricultural department has returned from a trip to Stokes county, where he photographed tobacco farms. He says the crop there is very fine.

The conductors of farmers' institutes leave here in a day or two to hold the first ones this year. The list has been published, but three additional appointments are made. Dr. Tait Butler and Prof. W. F. Massey will conduct institutes at Boone, Jefferson and Sparta.

An amusing incident occurred here today. Attendance of public school teachers at county teachers' institute is compulsory. One teacher was so careless as to forget to attend the institute held here last week. Today he found he could not get his pay unless he did attend, so he hurried to see the county and State officials and left on the first train for Clinton to attend the institute at Clinton.

The cooler weather which came today is beneficial to the crops here, as the effect of intense heat after the rain was feared.

This will be a great year for partridges. There was never a summer more suited to the growth of the young birds.

The weather bureau officials say the present summer is the most pleasant in this section in five years. This is due to the low percentage of moisture in the atmosphere, which was on some days as low as 44 per cent.

**PLEASANT FOOD.**  
**The Kind That Brings Health to Old Age.**

When people have ruined health by the use of improper food, and then change to the right kind and get well, they feel like shouting it from the house-tops.

"I wish I had power to tell every fellow being who is suffering, the story of my deliverance and persuade them to avail themselves of the same means that I used," says a lady of North Cuba, N. Y. "I am 61 years old. From earliest girlhood it has seemed imperative during the waking hours for me to constantly eat at work. In the getting up of my meals, the paramount consideration was pleasing the appetite rather than the preservation of health.

As was to be expected, years of toil and careless living resulted in the gradual 'break-down' of my whole system; I did not realize it until three years ago, when I was such a wreck, mentally and physically, that life was a burden. I had frequent attacks of severe headaches, accompanied by nausea terrible to endure, sluggish liver and kidneys, circulation weak, appetite gone, digestion seriously impaired; I was on the verge of total nervous prostration, and my condition seemed hopeless.

A friend who had suffered from stomach trouble and indigestion, told me of the great benefit she had received from Grape-Nuts, and I decided to try the food, and I am thankful for the impulse that led me to do it. I began by using three teaspoonfuls of Grape-Nuts softened in milk three times a day. In a week, I was conscious of renewed vigor. My aches and pains lessened, the nervousness disappeared; the fog that had enveloped my brain and obscured my memory was lifted, and in place of restless wakefulness, came refreshing sleep.

I continued to improve until at the end of three weeks, I could add to my breakfast and supper a baked apple or a dish of some kind of fruit, and ate more hearty food at the mid-day meal. I have had no relapses; my recovery of health is of constant surprise and unbounded thankfulness to me and mine. I have not found the fountain of eternal youth, but I have found something that so nourishes and strengthens my vitality, that I can endure as great an amount of fatiguing labor, and accomplish as much as my woman of my age can reasonably expect." Name given by Postum Co., Battle Creek, Mich.

**Began Items.**  
 Aug. 11.—Miss Elizabeth Knott gave a birthday party at her home August 7th to a goodly number of invited friends and relatives, among the ladies were Misses Inara Jones, Estelle Humphrey, Lydia Weeks, Ota Barker, Eloise Humphrey, Mamie Ocala and Beatrice Weeks. The gentlemen present were Messrs. Grin Weeks, L. E. Humphrey, Chas. Barker, Jesse Watson, John Jones and Messrs. Ben Weeks, Jerry Watson and Willie Humphrey. It was a successful occasion and all enjoyed themselves highly.

There were three successive thunder squalls Wednesday afternoon which resulted in heavy rain falls. The crops are very much improved by the refreshing showers.

The farmers have begun sowing fodder and feed that corn is cut off considerably.

Little Lora Taylor and Rita Sanders have been very ill with fever, but are able to be out again.

Mr. Chas. Barker and sister, Miss Ota, passed through today enroute for Bechtel to visit their sister, Mrs. Morison.

Mr. and Mrs. Moore of Vanceboro are visiting Mr. and Mrs. J. W. Guthrie of Wagon.

Mr. C. G. Dennis of Cedar Point went to Morehead City yesterday.

Dr. J. W. Sanders of Bechtel, is kept quite busy visiting his patients.

Mrs. Della Parker of Bechtel is visiting her sister, Mrs. Willie Matlock of Bechtel.

Little Miss Beula Taylor is visiting her aunt, Mrs. W. G. Bell of Broad Creek, W. H. E.
