STANDARD PASSENGER RATES

For All Railroads in North Carolina. Order of Corporation Commissioner.

SPECIAL TO JOURNAL. RALEIGH 13.—The Corporation Commissioner issued an order today, that the Southern Railway apply the commissioner's standard passenger rates of 3 1/2 cents per mile first class, and 2 1/2 cents per mile second class, on all roads of the system in the State, including the branch lines.

This order reduces the fare from 8 1/2 and 3 cents, on the following roads of the Southern system: Western N. C. Asheville to Murphy 124 miles. Statesville and Western, Statesville to Taylorsville, 20 miles; State University Station to Chapel Hill, 10 miles; North Western North Carolina, Winston to Wilkesboro, 85 miles; North Carolina Midland, Winston to Mooresville, 54 miles; Oxford and Clarksville, Oxford to Virginia State Line, 50 miles; Yadkin Railroad; Salisbury to Norwood, 41 miles; Atlanta and Yadkin, Sanford to Mt. Airy, 41 miles.

The Standard rates already apply to all roads, Seaboard Air Line and Atlantic Coast Line.

It understood that the Southern will accede to the order, and put it in effect October first.

Labor Day Appointed. Special to Journal. RALEIGH, Aug. 13.—Governor Aycock today issued a proclamation appointing Monday, September 1st, Labor Day.

Quarantine. Quarantine was first established against infectious diseases in the tenth century.

When Styles Ran Riot. During the reign of Elizabeth English duces wore shoes three feet in length, the toe pointed and fastened up to the garter with golden chains, to which little bells were attached.

Lemon Sherbet. For a lemon sherbet take a pint of lemon juice, a quart of water, a pound of sugar, whites of six eggs. Stir in latter after other ingredients have been partly frozen.

Fresh Grape-Nuts, Postum Cereal, Saratoga Chips and Oat Flakes at J. E. Parker, Jr's.

NOTICE! The Democratic Primaries will be held at the various election precincts of Craven County, on Wednesday, the 3rd day of September, 1902, in accordance with the following plan:

Plan for holding a Democratic Primary for Craven County.

1. There shall be provided at each voting precinct one box for each office for which candidates present themselves.

2. The chairman of committee for each voting precinct shall appoint a clerk who shall keep a poll book, and register each Democratic voter of said precinct.

The name of each voter shall be checked when his vote is cast. Said clerk shall receive, as compensation \$3.00 for his day's service, to be paid by the candidates.

3. Each candidate shall have the privilege of selecting some Democrat at each voting precinct to represent his interest there.

Such representatives shall have the privilege of witnessing the conduct of the primary, noting irregularities, and reporting same to his committee for adjustment.

4. The poll shall open at 7 a. m. and close at 7 p. m., when the clerk in the presence of the representatives of the various candidates shall canvass the vote and make his returns together with the poll book to the chairman of the County Executive Committee to be canvassed by the Executive Committee at its meeting called for this purpose.

5. The clerk before entering upon the discharge of his duty, under these regulations, shall be sworn to faithfully and honestly conduct the primary and make honest returns of same.

Wednesday, September 3d was fixed as the day for the primaries, and the Executive Committee shall meet at the Court House on Saturday the 6th day of September at 11 o'clock for the purpose of canvassing the votes and declaring the results.

There being no further business, on motion the committee adjourned.

A Safe Summer Beverage. By Amos Gray, M. D., in United States Health Bulletin.

During the heated season people need a cooling and bracing beverage. Such a palatable tonic must at once quench the thirst and also revivify the energy that has become dulled by the high temperature of the blood.

To satisfy these requirements many kinds of drinks are offered the public, such as lemonade, composed principally of tartaric acid and water; the carbonated product known as soda water, that is so difficult for the stomach to assimilate, and very many more, that our limited space does not permit enumerating.

Popular usage has decided that a malted beverage best supplies the proper stimulation to give a tonic strength, to overcome summer lassitude. The best beverage we have found to be a pure beer. Not cheap beer, that may prove an overtax on the liver and thus cause headache, but pure beer, that in itself combines those good features so much desired in a summer beverage.

These United States Health Bulletin, being the highest American authority on all matters pertaining to health, sanitation and hygiene, have just completed an unbiased and disinterested examination and analysis into many brands of beer, and the result of laboratory investigations has proven the proper beer to drink and the purest and best to be the beer from the Prospect Brewing Company of 11th and Oxford streets, Philadelphia, Pa.

This beer, therefore, has the full editorial and official endorsement of the United States Health Bulletin. Our Staff of Physicians have found that this beer yields the greatest tonic strength so much desired to assist digestion, that it keeps down the temperature and thus prevents asthmalgia and establishes that proper perspiration that promotes mental and physical activity thus counterbalancing the effect of summer heat.

For home use it excels as a table beer, being of value to wives and children. As a preventative of disease it adds tonic to the system and thus many forms of ailments are happily overcome. To the convalescent it is a tonic, adding new strength and hope, while as a summer beverage it is per excellent. The above beer is carefully brewed, and from first to last the utmost cleanliness is maintained. It is filtered and sterilized and before being allowed for sale is undergone a final treatment that produces the best sanitizing effect, entirely destroying all danger of germs and soothing the customer the process and steps of beer.
