

New Bern Daily Journal.

VOL. XX—NO. 123

NEW BERN, N. C., FRIDAY MORNING, AUGUST 22, 1902.

TWENTY-FIRST YEAR

TELEGRAPHIC BREVITIES.

Mimic war fare is being carried on along the Eastern Coast from Boston to New York. Three battleships, nine cruisers and seven torpedo boats constitute a line of defense and the object is to prevent their boats which represent the foreign squadrons from bombarding the land forces. Admiral Pillsbury is commander of the foreign fleet and is to make a landing at any point between Boston and New York between August 20 and 27. Admiral Higginson is in command of the defending fleet. The battle is conducted under instructions from the navy.

The factional fight which has existed in the Republican party of Delaware was renewed in a convention at Dover by the Adkins faction which has many times vainly attempted to get supremacy was again defeated and the regular republican candidates were nominated.

Bishop Mulligan and Brooks, desperate criminals in the Kentucky penitentiary wanted to make their escape but the warden hastily formed a squad of the guards and frustrated their plans. They displayed considerable agility and when one of them Bishop made a motion as if he was going to shoot, one of the guards shot and mortally wounded him. The other two were shackled and put into solitary confinement.

Winston suffered a bad fire Wednesday. The damage is estimated at \$80,000.

Joe Cole, the negro, who shot and killed road master Stevens on the Seaboard Air Line train protests his innocence of the deed. The men are kept under strict watch.

A pontoon containing a detachment of Russian Infantry crossing the river Amar in Russia sank and 30 soldiers, five officers and 70 Chinese camp followers were drowned.

By the explosion of two pulp digesters in a paper mill at Wilmington, Del. nine men were killed, six are missing and three were badly injured.

A Correction.

ED. JOURNAL.—I wish to correct a statement made by Mr. Green in Friday's issue in regard to myself.

He said I was not the choice of this township and that I knew it. This he had no right to say, for I did not know it, or I never for a moment would have thought of offering myself as a candidate for any office.

I would never ask support of any other township, knowing I could not get it in my own.

The vote of 1900, as we all know, was not a correct expression of the sentiment toward any candidate but was the result of that unfortunate division which got into our ranks at that time.

But in the opening of this campaign a number of those who were against me then were kind enough to volunteer their support in case I should be a candidate. This led me to believe that I could get the support of my people.

D. P. WITFORD.

To the Voters of Craven County.

Why Freeman S. Eral is a candidate for sheriff. It is because he was endorsed by the executive committee of No. 1 and No. 2 townships. F. S. Eral is the choice of the majority of the Democratic voters of the north side of Neuse river. Any office asked for Nos. 1 and 2 townships was promised two years ago by the Democratic mass meeting held in the Court House in New Bern.

When we put Mr. Eral out we believed he would be endorsed by the county, but this we find not. So we have only this to say to the voters of Craven County we believe we are entitled a place on the list of Craven officers. If we are not entitled to it, show our indebtedness and we will try to pay it. In conclusion we expect recognition as Democrats of Craven County.

SUMMER COMPLAINT.

Proper Food Will Prevent It.

When the bowels go wrong in adults or children, quit all food but Grape-Nuts and a little cream or milk. The experience of many women will be read with interest by many mothers who pass anxious days over little ones and become alarmed because the food does not agree with baby and he daily wastes away.

Mrs. W. H. Mansons of Little Falls, Minn., writes, "I want to tell you the good Grape-Nuts Food has done for my baby boy. When he was 10 months old he was taken with summer complaint and I could not find any prepared food that agreed with him. I was giving him doctor's medicine all the time but he continued to lose in weight until he weighed 15 lbs., having weighed 55 lbs. before he was taken sick. Finally, the doctor told me that unless I could get some real nourishing food for him he could not live many days and he advised me to get Grape-Nuts Food which I did, and in five days he gained 4 ounces and in five weeks he weighed 55 lbs. If any mother reading this letter wants to write to me personally I will gladly answer and tell her the full particulars respecting baby's sickness and the good Grape-Nuts did for him."

RALEIGH.

The Last Mortars From Fort Macon Arrived.

Peabody Scholarships. State Guard Inspection. First Brick Laying Methodist Orphanage. Negro Murderer. State Weather Report For July.

RALEIGH, Aug. 21.—Today the examination papers of the various applicants for Peabody scholarships were received by State Superintendent Joyner. There are 18 applicants. The three ranking highest will get scholarships.

Two 10-inch mortars arrived here today from Fort Macon, near Beaufort, to be placed on the grounds of the Soldiers' Home. These were the last cannon remaining at that fort.

Inspector-general Bain has completed the annual inspection of the State Guard with the exception of one regiment. The inspections are more rigid than ever before.

Next Monday morning the first brick will be laid in the new building at the Methodist Orphanage here. This is the \$80,000 main building. In making the excavation for the foundation granite was struck.

Congressman Charles R. Thomas is here. There is no doubt of his reelection. It does not appear that the opposition will make any opposition save in the 5th and 10th districts. In the east the Republicans cut no figure at all.

The deal by which the Neuse river electric power company, which has its plant on that stream, 6 miles from here, may combine with the Raleigh street railway and lighting company is not yet consummated. It has been on some time. The power plant has cost some \$90,000, it is said. The original purpose of its owners was to utilize it for the cars and for lighting. It is of course the cheapest and best power. Its lines are now complete to this city.

Bob Foster, a negro murderer under sentence to be hanged at Lenoir, has now been in jail here an entire year, for safe keeping, pending appeal to Superior Court. He escaped from the jail at Lenoir, but was recaptured the next day and at once brought here.

This city's superintendent of health says the healthfulness of Raleigh is exceptionally good and the death rate very low.

Col. Thomas S. Kenan has returned from a trip of a month's duration, to Virginia and the north.

It is by law made the duty of the corporation commission to send to the Governor its suggestions and recommendations in regard to taxation, in time for the Governor to send it in his opening message to the legislature. Virtually it is the duty of the commission to prepare the revenue bill.

The weather bulletin for this State for July was issued today. It says the average rainfall was 3.74 inches, which shows that the rainfall was the smallest since 1872. The nearest approach was in July 1888, when it was 3.72 inches. The temperature was far above normal, and maxima of 100 to 107 degrees occurred several times from the 4th to the 10th, and 16th to 20th, doing damage to crops.

The mean temperature for the State was 78.6 degrees, or 1 degree above normal. The highest mean was 84, at Washington, the lowest 66 at Linville. The highest absolute temperature was 107 at Chapel Hill; lowest 44 at Linville.

JACOBS' Raleigh Rye Whiskey is the best. Middle street.

VANCEBORO.

Satisfactory Prices Paid For Tobacco Personals.

Aug. 21.—Quite a number of our people are in New Bern attending court this week.

Mr. J. E. Akins who has been home on a furlough for a few weeks, returned to Norfolk Monday where the company is in barracks.

The farmers are very hopeful over the prices they are getting for tobacco. Mr. Ed Little sold 400 lbs of sand lugs last week for \$50.00, the tobacco was raised on the farm of B. F. Dinkins. This was a good price.

We are having a good many tobacco drummers now, each one soliciting trade for his house.

Mr. Paul Brooks, of Grifton, was a visitor in Vanceboro Sunday.

Mr. J. W. Dally of Washington, was here Monday.

Mr. C. S. Hill and son, of New Bern, is visiting at Mrs. Thos. Stanglary's this week.

Mr. L. H. Cox, of Coxville, was here one day this week.

Dr. L. C. Covington left Wednesday afternoon for New Bern accompanied by Mr. T. L. Smith.

We were glad to see Mr. John Ormond of Washington, in town Wednesday.

Mrs. A. M. Williams is having a new addition built on his store.

We are having some very warm weather but we have nice showers.

ZORAH.

A Plesant Picnic and Successful Enterprise.

Aug. 21.—Notwithstanding the inclemency of the weather on the morning of the 10th, our picnic was a complete success.

There was a large representation from the counties of Beaufort, Pitt, Onslow, Jones and Pamlico.

In the forenoon we had addresses by Superintendent Brinson and Miss Leah Jones. In a short but eloquent address Mr. Brinson compared the conditions of the Southern States with those of the North and East, showing clearly why the country districts should have more and better schools.

He then introduced Miss Jones, who took us into the schoolroom with the little ones and pictured them sitting hour after hour on straight back seats, with feet dangling above the floor, surrounded by bare unsealed walls trying to learn the lessons assigned them. A picture with which we are all too sadly familiar. She then told how our houses might be improved and beautified so that school life would become a pleasure to the child instead of being abhorred as is now sometimes the case.

The result was an organization for betterment of schools was perfected with Mrs. Grace Whitford president, and Mrs. Rosa Whitford secretary.

After a bounteous repast we had a very interesting game of ball between the Reelsboro team and what remained of the Zorah nine together with a few players of visiting clubs. The result was a shutout for the visitors, the home club scoring nine runs.

The Reelsboro boys played good ball but made a number of errors which allowed the score to be augmented considerably.

The game was umpired by Mr. Geo. B. Waters, Zorah's candidate for register of deeds.

Sheriff Biddle was also present and was cordially greeted by the many friends which he has at this place.

While some played ball others were hopping the light fantastic, and not being satisfied with the sports of the day they met at night and continued their amusement for some hours longer.

Ice Cream Soda today at McSorley's.

TIVOLI

HOFBRAU.

Our Special Brand of Export Beer.

For rare purity and excellence of preparation, this beer is the peer of any, domestic or imported. Brewed from the finest grades of Bavarian Hops and Canadian Barley Malt, as a beverage, it is highly esteemed by connoisseurs for its exquisite hop flavor, and as the best of tonics its use is recommended by physicians to all sufferers from nervous and weakening ailments. The remarkable hop strength of this beer is of great medicinal value in its sedative effects upon nervous and excitable temperaments. The contents of one bottle will frequently produce the most refreshing sleep, even in severe cases of insomnia. Being thoroughly fermented, and when bottled, scientifically "pasteurized," this beer is particularly adapted for shipment to tropical countries, where, under the most severe climatic conditions, it will keep almost indefinitely, retaining to the last its clear and sparkling appearance. Pale amber in color. Sold only in bottles. Every bottle sealed with the Crown Cork Stepper.

CERTIFICATE OF INSPECTION. Laboratory of State Assayer & Chemist, Richmond, Virginia.

The following results were obtained in my examination of the Tivoli Hofbrau Beer, manufactured by the Robert Porter Brewing Co., of Alexandria, Va.:

Specific gravity, 1.0158. In 100 parts: Alcohol, 3.55 (in volume, 4.46); Malt extract, 5.00; Ash, 0.31 (original wort, 13.5). Also tested for reputed adulterations of beer, such as salicylic acid, phoric acid, borax, bicarbonate of soda, alum, chalk, etc., and none were found.

I find that it is pure and, in all respects, of excellent quality. It is unexceptionable as a beverage, and I can sanction its use for medicinal purposes.

W. H. TAYLOR, M. D., State Chemist.

Fresh Grape-Nuts, Postum-Cereal, Branettes Chips and Oat Flakes at J. H. Parker, Jr's.
