## REPUBLICANS AT SEA.

The State Party Without Definite Plan for Convention.

Next Agricultural Report to be issued September 1. Five Negroes Narrowly Escape Lynching. Report of Corporation Commission. New Ornamental Cannons.

RALEIGH, Aug. 22.—The local Republicans have not the slightest idea of what their convention at Greensboro next Thursday will do. They admit as much. One of them says only Senator Pritchard and one or two of the other leaders do know. He added that the convention will be composed of delegates named by the county committees in many cases, as in Wake for instance, and that of course these will simply follow directions and do as they are told to do. This appears to be a quite accurate view of the status of affairs.

Senator Simmons left today for Washington, D. C. to be there several days.

Col. A. B. Andrews of the Southern R. R. who is spending this month at Hot Springs, N. C., went to New York Tuesday. He will come here tomorrow and go at once to Hot Springs.

Auditor Dixon has returned from a tour in Mecklenburg, Gaston and Cleveland, looking after taxation of corporations. He stopped a day at Greensboro to attend the Confederate re-union at Greensboro, which he says was the largest yet held in the State, there being 3300 registered and at least 500 not registered. He goes to Warrenton tomorrow to make an address at a Confederate re-union and educationally rally.

The commissioner of agriculture today sent out the inquiries to which the 1300 correspondents will give the crop report for September. The report will give the condition of all crops September 1.

The five negroes who were brought here last night from Henderson in order that the one who shot train porter Mitchell might identify the one who shot him, would have been lynched at the Johnson street station of the Seaboard Air Line here if a leader of a mob could have been found. There were plenty of men, white and black, there present, who were ready to lynch the negroes, certainly the two Coles, father and son, had a leader been found.

K. B. Finch of Charlotte is trying to get an option on the State swamp lands in Craven county, at 50 cents an acre. A cash offer of 33 1/2 cents an acre for these lands was refused today.

The report of the corporation commission on State, private and savings banks up to July 16, is made public today. The total resources are \$18,791,294; loans and discounts \$12,810,408; deposits subject to check \$11,978,887; capital stock \$3,306,408; surplus \$674,729; undivided profits \$375,663.

The addition to the Pilot cotton mill here, which will double its capacity, is nearly completed.

The revolutionary cannon presented by the town of Edenton to the State museum have arrived here. The cannon from old Fort Caswell are expected next week, and will be at once placed in the Capitol square.

It is said that the Porto is becoming more polite and pliable to Uncle Sam's demands, and has signified its willingness to restore certain papers, and rebuild certain missions that were destroyed during the American massacre.

HIT A SOLDIER.

The Experience of One of Our Men.

The soldier boys who fought during the Rebellion went home as a rule in pretty bad shape, caused by exposure and improper food and the use of quantities of coffee which left its mark in the wreck of many a stomach. Merrill Hutchinson of Reading, Mass., tells his experience.

"I am an old soldier, who served all through the war of the Rebellion and my coffee drinking commenced when I enlisted. I drank it three times and and at the close of the war returned home almost a wreck.

For years I had dyspepsia of the worst kind, and could not drink anything but warm water or warm milk, not eat enough to hardly keep a man alive. After suffering this way for years, and half living, I was told by a friend of your Postum coffee.

At first I refused, to even try it for I thought it must more suffering for me, but at last I consented, and it did taste mighty good, for I was a dear lover of coffee.

I waited for the distress in my stomach that always came with common coffee, but it never came. I drank it at first very carefully and then got reckless and wanted it every meal and for over five years now have been drinking nothing else. I have no dyspepsia now, no trouble about eating anything. My weight, when I began using Postum Cereal Food Coffee, was 135 pounds. I am now 235 years old and weigh 160 pounds and am as solid as a rock and able to do a day's work with any of the boys. Now I do not sleep that Postum Coffee is a medicine but in my own case it is both a tonic and drink. I think that when Postum Coffee is properly made it is far ahead of coffee.

## A PRETTY POSTMISTRESS NARROWLY ESCAPES DEATH.

Was Given Up to Die--Eight Doctors Failed--Po-ru-na Saved Her Life.

THOUSANDS of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart and heavy feelings in the stomach.

Then begins a series of experiments with medicine. They take medicine for sick headache. They take medicine for nervous prostration, for palpitation of the heart, for dyspepsia. None of these medicines do any good because they do not reach the cause of the complaint.

Peruna at once mitigates all these symptoms by removing the cause. Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function. No permanent cure can be expected until the systemic catarrh is removed.

This is exactly what Peruna will do. Miss Alma Cox, Assistant Postmistress of Orum, S. C., writes:

"I have been a great sufferer from chronic disease and dyspepsia for five years. How I suffered no tongue can tell. I tried eight or ten of the best physicians without receiving much benefit, also tried lots of patent medicines. But still I suffered with sick headache, cold feet and hands, palpitation of the heart, and such a heavy feeling in my stomach and chest. At times I would be so nervous I could not bear anyone around me. I had been given up to die.

"One day a friend sent me one of Dr. Hartman's pamphlets, and I decided to write to him. He advised Peruna and Manalin, and after taking the medicine two weeks I felt greatly relieved. My head did not pain me any scarcely, and my stomach was relieved of its heavy weight.

Dr. S. B. Hartman, President of The Hartman Sanitarium, of Columbus, O., gives advice to women free during the summer months.

## WOMEN BALL TOSSERS.

The Chicago Stars to Cross Bats With New Bern Team Next Thursday.

What is Said of Them.

A gentleman who spent several weeks in Atlantic City and saw the Stars play there said: "As usual a game of this kind is a farce, and the team pitted against them do not try to play ball, but the game I saw was one of the fastest that ever took place on the diamond in that city. All of the women play fast ball and the pitching of Miss Mand Nelson is wonderful. With every motion of a professional she stands in the pitcher's box facing the batsmen and with lightning speed she delivers a ball over which she has perfect control.

She stands in a graceful position and fields well the ground that she has to cover. She signals the catcher the kind of curve she is going to throw, and not like most women, does not change her mind at the last moment and deliver the ball regardless of her signs.

The infielders are very strong, especially the short stop and third baseman.

The first baseman has a hard time of it, for when a man is on the base the pitcher does not hesitate to throw without a signal to try and catch the runner.

In the outfield the women play excellent ball and it takes a very heavy hitter to get the ball beyond them, for they are feet footed and can throw from center field to the home plate as well as a man. All of the players keep their eye on the ball, and the second baseman has caught many men sliding to the base on a throw by the catcher.

When their turn comes to bat they stand up to the plate like professional, and handle the stick cleverly. They are very batters, and unless the pitcher has unusual curves and tremendous speed he will very likely be lashed all over the field.

The women on the team are from Chicago, and come from well connected families and have their family records with them.

## TIVOLI HOFBRAU.

Our Special Brand of Export Beer.

For rare purity and excellence of preparation, this beer is the peer of any domestic or imported. Brewed from the finest grades of Bavarian Hops and Canadian Barley Malt, as a beverage, it is highly esteemed by connoisseurs for its exquisite hop flavor, and as the best of tonics its use is recommended by physicians to all sufferers from nervous and weakening ailments. The remarkable hop strength of this beer is of great medicinal value in its sedative effects upon nervous and excitable temperaments. The contents of one bottle will frequently produce the most refreshing sleep, even in severe cases of insomnia. Being thoroughly fermented, and when bottled, scientifically "pasteurized," this beer is particularly adapted for shipment to tropical countries, where, under the most severe climatic conditions, it will keep almost indefinitely, retaining to the last its clear and sparkling appearance. Pale amber in color. Sold only in bottles. Every bottle sealed with the Crown Cork Stepper.

CERTIFICATE OF INSPECTION.

Laboratory of State Assayer & Chemist, Richmond, Virginia.

The following results were obtained in my examination of the Tivoli Hofbrau Beer, manufactured by the Robert Portner Brewing Co., of Alexandria, Va.

Specific gravity, 1.0153. In 100 parts: Alcohol, 4.58 (in volume, 4.40). Malt extract, 5.90. Ash, 0.21 (original wort, 1.5). Also tested for reported adulterations of beer, such as salicylic acid, picric acid, borax, bicarbonate of soda, alum, chalk, etc., and none was found.

I find that it is pure and, in all respects, of excellent quality. It is unquestionable as a beverage, and I can conscientiously issue for medicinal purposes.

W. H. TAYLOR, M. D., State Chemist.

## Farmers

## LOOK TO YOUR INTEREST
