OUT OF SORTS.
Pleasant Way to Drive Away the Blues.

A food that will bring back health and rosy cheeks to the sick as well as please the palate of the healthy is a pretty good food to know about. A lady in Minneapolis says, "I am such an enthusiast upon the subject of Grape-Nuts that I want to state a few instances of its value that have come under my personal experience.

I was taken ill with a serious stomach trouble, so ill that the slightest movement caused me pain and could take nothing into my stomach or retain even medicines or water. I had been two days without nourishment when my husband suggested trying Grape-Nuts.

The nurse prepared some with warm water, sugar and cream and I took it with fastidiousness at first until I found it caused me no pain and for ten days I took no other nourishment. The doctor was surprised at my improvement and did not resent my attributing the speedy cure to the virtues of Grape-Nuts. He said he had a case on record of a teaching lady who grew rosy and fat on the same diet.

Grape-Nuts are so dainty and delicious that it appeals to the whole household and when either husband or I feel generally 'out of sorts' we try confining ourselves exclusively to the food for a day or two with the happiest results.

For a year I have had for a neighbor a delicate girl—an epileptic—when I first knew her she was a mere shadow weighing 70 lbs. and subject to fearful attacks having as many as 15 and 16 convulsions in a day. At such times she took no nourishment whatever. She had never tried Grape-Nuts and as my food seemed to increase her trouble at such times it was with difficulty I persuaded her to try it. But I told her of my experience and induced her to try a few spoonfuls.

The taste delighted her and ever since she has made it her chief article of diet. The result has been wonderful; her improvement is the subject of remark with all who know her. The attacks are less frequent and violent and she has gained 70 lbs. since her November and her family attribute her improvement solely to Grape-Nuts." Name given by Puritan Co., Battle Creek, Mich.

RALEIGH.

Income Tax Law to be Strictly Enforced.

King's Daughters on Reformatory Work. Condition State Institutions. Disappointed Nominees Seek New Party Formation. Democratic Field Work.

RALEIGH, August 23.—The Corporation commission will rigidly enforce the income tax law. It will see that all federal office-holders whose incomes exceed \$1,000, pay it as other people do. The law is rigid. It makes no exceptions. None of the federal office holders have returned incomes for taxation.

Chairman McNeill told your correspondent the above today. He was then asked if the commission would virtually draft the next revenue act, and replied no, but that it would make both the Governor and the legislature a full report making recommendations as to objects of taxation, and the best methods of raising taxes, etc. It will be the first report ever made and will of course be of the highest value. The commission alone has this information in hand.

The King's Daughters will take active steps to push the reformatory movement. What is desired is a State aided reformatory, on a farm.

The State board recently appointed to visit, inspect and report to the Governor and the legislature the condition of all the State institutions met here today. It will begin its work in a few days. Dr. J. P. Jeter of Morganton is its chairman. Capt. T. W. Patton of Asheville is the republican member.

Mention was made two weeks ago of the fact that several democrats who failed to get nominations in this county had started an independent movement and would have a mass meeting. Now they call this to be held Sept. 4. The regular nominees laugh at the movement. They may well do so. The independent movement which was attempted to be started in the State will be as flat a failure. It is hardly apt to last longer than the end of August.

There will be in the next 30 days be a large increase in the rural free delivery routes in this State. There are six inspectors now at work in this State. This county will have six new routes within 30 days. One will be from Apex, one from Wakefield, and one from McCollers. This is quite a lively competition among the Congressmen to get the most routes.

It is said by commissioner of agriculture Patterson that there will be next term at the Agriculture and Mechanical College here five times as many agricultural students as there were 2 years ago. Active work is now in progress at Democratic State headquarters here. Secretary Field is sending out the appointments for speakers. A great deal is to be done in the next 60 days. The State will be thoroughly covered.

State baseball league officials met here last night to an accounting as to the funds on hand, to be divided among the three clubs which stayed in.

VOICE OF THE PEOPLE.
BECAUSE OF FITNESS.

EDITOR JOURNAL.—Sheriff J. W. Bidle was placed in the Sheriff's office by the Commissioners of Craven county, only because of his fitness for the position. His administration of the office has been satisfactory not only to the Democratic party but to all the citizens of the County. He has spent as much time and money for the success of the party as any other man in the County with a few exceptions, and he is competent, faithful and trustworthy. Why should we turn him down for another man? To do so would declare to the world that he is incompetent or unfaithful. Very few Democratic office holders have ever been denied a second term.

Let all Democrats vote for him at the primaries to be held September 3, and by so doing show their appreciation of his services.

BELLAIR.
August 21.—Fodder saving is the order of the day with the farmers. Croquet, etc. with the young folks.

G. T. Richardson has returned from Seven Springs with a pleasant smile on his face and a new supply of flesh on his bones.

Guy S. Lane is taking his summer vacation at home.

Miss Nellie Freeman of Spencer and Miss Bertha May of Kinston are visiting friends at Bellair.

Mrs. H. W. Holt of Spencer is at her old home at Bellair.

The very warm weather makes us farmers rest all we can, but some of us are called off to court this week, and we find courting on the west side of Craven county's court house in the afternoon a very unpleasant job.

Waldo Richardson who has been sick with malaria fever for some time has slightly improved but is yet very poorly.

Dr. Brindall preached for us at Beech Grove Sunday night last.

An Unjust Report Corrected.

EDITOR JOURNAL.—In reporting the action of the Republican convention, held in this County on the 21st inst, the correspondent for the Raleigh Post has given an inaccurate and garbled statement of the proceedings which answered might to great injustice to the parties concerned. The young man was evidently in ignorance of the fact when he sent in his "special" or else he obtained his information from his bosses S. W. Hancock postmaster and Robert Hancock, money order clerk, through whose efforts largely he obtained the position he occupies as letter carrier, all of that portion of the communication referring to a free fight, etc., is a misrepresentation coming from some one's fertile imagination. No one was expelled from the floor of the convention and not a blow was passed. The facts are that the regular delegates seeing that Robert Hancock who had usurped the function of County Chairman, with the aid of his black secretary, W. W. Lawrence totally ignored them and recognized only his bogus delegates, and his son S. W. Hancock. They then withdrew from the Opera House to Stanley Hall where they organized, elected delegates to the several conventions and passed resolutions endorsing the administration of President Roosevelt, and Senator Pritchard, etc.

The following are the names of the white men who refused to be bossed by Robert Hancock and his minions from the Post office.

I W. Toler, W. R. Knox, G. L. Toler, Charles Tripp, W. K. Rowe, John Gattlin, J. A. Morton, R. P. Williams, R. O. Kehoe, John U. Smith, Capt. A. C. Thompson, J. W. Smith, W. R. Dixon and W. T. Weeks.

While the white men who remained at the Opera House were the Hancocks, father and son, the Biddles, father and two sons, the sons being employed at the post office. The Hancocks with two others holding bogus credentials from the negro wards of the city and county precincts where no primary meetings had been held.

The 4th ward, Bern precinct, and Pleasant Hill precinct were the only ones represented by colored delegates, from this it will be seen that it was the white delegates that refused to be bossed by Hancock & Son, the colored delegates forming a minority of those who left the Opera House for Stanley Hall.

TIVOLI HOFBRAU.
Our Special Brand of Export Beer.
For rare purity and excellence of preparation, this beer is the peer of any, domestic or imported. Brewed from the finest grades of Bavarian Hops and Canadian Barley Malt, as a beverage, it is highly esteemed by connoisseurs for its exquisite hop flavor, and as the best of tonics its use is recommended by physicians to all sufferers from nervous and weakening ailments. The remarkable hop strength of this beer is of great medicinal value in its sedative effects upon nervous and excitable temperaments. The contents of one bottle will frequently produce the most refreshing sleep, even in severe cases of insomnia. Being thoroughly fermented, and when bottled, scientifically "pasteurized," this beer is particularly adapted for shipment to tropical countries, where, under the most severe climatic conditions, it will keep almost indefinitely, retaining to the last its clear and sparkling appearance. Pale amber in color. Sold only in bottles. Every bottle sealed with the Crown Cork Stopper.

CERTIFICATE OF INSPECTION.
Laboratory of State Assayer & Chemist, Richmond, Virginia.
The following results were obtained in my examination of the Tivoli Hofbrau Beer, manufactured by the Robert Porter Brewing Co., of Alexandria, Va.:
Specific gravity, 1.018. In 100 parts: Alcohol, 3.89 (in volume, 4.46); Malt extract, 6.50; Ash, 0.51 (original wort, 12.5). Also tested for reputed adulterations of beer, such as salicylic acid, picric acid, borax, carbonate of soda, alum, chalk, etc., and none were found.
I find that it is pure and, in all respects, of excellent quality. It is unquestionably as a beverage, and I can recommend its use for medicinal purposes.
