"ANY ONE TO BEAT HIM."

The Congressional nomination in the Sixth North Carolina district, which was made last week at Fayetteville, seems to have been one of considerable local bitterness, judging from reports.

To one who is and has been familiar with the politics of this district, and more especially with the men who have been identified with the Democracy of the district, it seems singular that such an expression as "any one to beat him," supported by the effort to a successful conclusion, should have been directed against John D. Bellamy of Wilmington.

As a Congressman, it is not shown that Mr. Bellamy, had committed any act, which should have made him a target for Democratic darts of spleen from his people of the district.

Yet "any one to beat him," is not a pleasant situation for a man to face, particularly for a man of the Bellamy type. Not that John D. Bellamy is fearful of any political contest, but it has been the history of the Bellamys that this family has been illustrious in its political fights against the enemies of Democracy, rather than in those affairs which have taken place within the party's ranks.

Again to one intimate with the inside of political matters in the Sixth, it is not hard to remember when a Bellamy was eagerly sought at each election, and easily in every political campaign, to lead his time, energy and brain, and give of his money, to promote and aid Democratic success.

But perhaps these things are too old to be remembered by those who would prefer to look at today, when a nomination means easy political running, and not recall the time when nominations went unsought when it meant individual sacrifice, not personal glory, to become a Democratic nominee in the Sixth district.

And to one who remembers, it is not by any means forgotten that there was a Bellamy in those days, and that meant a great deal to Democracy.

Surely Democracy has greatly advanced in the Sixth, when the slogan can be "anyone to beat Bellamy!"

Forest Items.

Aug. 21 - The Forest School, seven miles north of New Bern, has been called and greatly improved by Mr. Noah Fulcher and some others who take an interest in the school. Last Wednesday we were aroused and highly edified by the lecture of Mr. Brinson and Miss Leah Jones, daughter of the widely known merchant, Mr. K. R. Jones, of New Bern. They both made splendid talks on education. Miss Leah gave us valuable information on beautifying the school room and how to assist teachers to have a good school, what we so greatly need.

She formed an association of what people were there to do all they could to the upbuilding of the school. They nominated Mrs. Laura V. Gaskins president, Miss Lena Fulcher, Secretary. Our P. O. New Bern, R. F. D.

All Were Saved.

"For years I suffered such untold misery from Bronchitis," writes J. I. Johnson, of Broughton, Ga., "that often I was unable to work. Then, when every thing else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, still it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at C. D. Bradham's.

The Plymouth Rock.

A school teacher in one of the charming rural suburbs of Philadelphia, where fancy gardening and the raising of "Philadelphia fowl" are general among the residents, recited to the class the story of the landing of the pilgrims, and, as the children had been taking up the work, she requested each scholar to try to draw from the imagination a picture of the Plymouth rock. Then it was that the little fellow got up and raised his hand.

"Well, Willie, what is it?" asked the teacher.

"Please, ma'am, do you want a hen or a rooster drawn?" came the unexpected reply.

His Sight Threatened.

"While plonking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison of his hands into his eyes and for a while we were afraid he would lose sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of Counterfeits. F. S. Duffy.

Tennyson's Thoughtlessness.

Several stories are told of Tennyson's thoughtless speeches. "What fish is this?" he once asked his hostess when he was dining. "Whiting," she replied. "The meanest fish there is," he remarked, quite unconscious that he could have wounded any one's feelings. Yet his kindness of heart was such that when his partridge was afterward given him almost raw, he ate steadily through it for fear his hostess might be vexed.

On one occasion Tennyson was very rude to Mrs. Brereton, a neighbor at Freshwater. The next day he came to her house with a great cabbage under each arm.

"I heard you like these, so I brought them," he said genially. It was his idea of a peace-offering.

Scatters all Records.

Twice in hospital, F. A. Gullidge, Vero Beach, Fla., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers Aches, kills Pains. Best salve in the world. 25c. at C. D. Bradham's drug store.

A Musical Beat.

The Courier de Paris relates that a party of men, sitting in front of a boulevard cafe, were recently approached by a man who had a clarinet in his hand and who said: "Gentlemen, excuse me. I have to make my living, but I suppose you would rather give me a sou not to hear me." They took the hint. He repeated this performance several times till one day of the men said he felt like hearing a tune and asked him to play. "I am sorry," said the man with the clarinet, "but I cannot play a note."

A Necessary Precaution.

Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Always inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. F. S. Duffy.

Friendship's Pay.

When Dr. Blank of Fourteenth street, who isn't the most patient of men at any season of the year, goes away for a vacation, nothing infuriates him so much as the sight of an invalid. A month ago he went to Atlantic City for a few days' rest, and he had no sooner settled himself into the condition of being an ordinary mortal than a chronic patient of his appeared on his horizon. He endured her complaints all of one day in silence, but the next morning she accosted him while he was smoking his pipe on the veranda after breakfast. "If you will," he now declares that she isn't married, and she hasn't a father, so she didn't know what she was doing when she heeled in on a man's smoke.

"Oh, doctor," said she, "I do wish you'd tell me what to do. I just can't sleep at all. Why, last night I didn't close my eyes." The doctor glared at her. "I didn't close my eyes," she went on. "I do wish you'd tell me what to do." The doctor glared again. "Good Lord, woman," he thundered, "try closing your eyes. Sleep on with so you expect to sleep if you don't!" - Washington Post.

FRENCH PROVERBS.

A good intention makes but a short ladder. To be happy one must have nothing to forget. The first and worst of all frauds is to cheat oneself. The slave is not she who is sold, but she who gives herself. Happy is he who is not obliged to sacrifice any one to duty. For all misfortunes there are two remedies - time and silence. The greatest, the strongest, above all the cleverest, man is he who knows how to wait.

"Yep. They gits bothered by fool cranks." - Life.

Extraordinary. "I have noticed," said Willie Spunker, "that a felt slipper is not felt so much as one which is not felt at all." - Judge.

Choice of Evils. As Mabel promenades these days "It's hard to make election If she shall fade her parasol Or freckle her complexion." - New York Press.

Just Look At Her. When once that sprightly step, faint lean skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Musical Snails. A French naturalist claims that there are few if any animals which have a higher appreciation of music than snails. Place some snails on a pane of glass, he says, and they will find that if they move over it they will make musical sounds similar to those which a person can produce by wetting his finger and then rubbing it around a glass tumbler. Complete airs, he points out, have been played on tumblers in this way, and he expresses the opinion that quite as good results can be obtained by using snails instead of fingers.

Prickly heat cured in one application by using of Hancock's Liquid Sulphur. It will also cure Eczema, Pimples, Ringworm, Dandruff, Cuts, Burns, Old Sores, and all skin troubles in a short time, when used as directed. For sale at F. S. Duffy's Drug Store.

Firmness. Jones - Dear me! You say you often lay down the law to your wife. How do you go about it? Bones - Why, all you need is firmness. I usually go into my study, lock the door and do it through the keyhole.

There are three things about the North pole that have never been discovered - exactly where it is, what it is and why it is.

Take a bath in Hancock's Liquid Sulphur. They are superior to those of the most celebrated Sulphur Springs, having the additional advantage of being made as desired strength. They will cure Prickly heat, Eczema, and all skin diseases. For sale by F. S. Duffy.

Our Republic. The American republic must live. Popular commotion and partisan fury may wash their mad waves against it, but they shall roll back shattered, spent. Persecution shall not shake it, fanaticism distort it, nor revolution change it, but it shall stand towering sublime like the last mountains in the deluge, while the earth rocks at its feet and the chambers put above its head majestic, luminous, magnificent - Wendell Phillips.

Baltimore, Pa., October 10th, 1901. The Hancock Liquid Sulphur Co., Baltimore, Md.

Gentlemen - I have had Eczema over thirty years, have tried many remedies prescribed by various physicians, but to nothing has the disease yielded so readily as to Liquid Sulphur. I think it very properly is undoubtedly a specific for Eczema. I have prescribed it for others with most satisfactory results. I consider it the best remedy for cutaneous affections I have ever known, and regard it as the greatest medical discovery of the age.

Respectfully yours, W. A. HEARD, M. D.

Don't Worry. DR. PIERCE'S FAVORITE PRESCRIPTION WILL CURE YOU. IT MAKES WEAK WOMEN STRONG. SICK WOMEN WELL.

Liked the Old Way Best. "Bridget," asked Mrs. De Leon, "can you cook on scientific principles?" "Sure, ma'am, what's the matter with cooking in a range?" asked the sensible Bridget.

Look Pleasant, Please. Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by C. D. Bradham, druggist.

Wanamaker on Honeymoon Trips. John Wanamaker returned from a visit to the far east last spring and has been giving interesting opinions upon the subject of honeymoons. In an address on "India," delivered in Philadelphia early in June, he said: "This is the month when marriage appears to be in the very air. Let me tell you, then, where to go for an ideal wedding trip. India first. Stay there three months. Spend the next two months in Burma, Siam and Java. Then cross over into the land of blossoms and babies - Japan. In that way you will have given your wife a chance to get acquainted with you, while you have stood before backgrounds absolutely the most alluring in the world. If she is ever to learn to admire you, it will be under these conditions."

Then there was a moment's pause. Then the great merchant, realizing perhaps how useless was such advice to the average young man, smiled as he continued, "There is a possible objection to all of this in that such a trip would cost a good deal of money, so if you feel that you cannot afford it perhaps you had better decide to spend Sunday at Niagara." - Baltimore Morning Herald.

It Needs a Tonic. There are times when your liver needs a tonic. Don't give purgatives that grip and weaken. DeWitt's Little Early Risers expel all poison from the system and act as tonic to the liver. W. Scott, 531 Highland ave., Milton, Ia. says: "I have carried DeWitt's Little Early Risers with me for several years and would not be without them." Small and easy to take purely vegetable. They never gripe or distress. F. S. Duffy.

Marvellous History. While we read history we make history. Every great crisis of human history is a page of Thermopylae, and there is always a Leonidas and his 300 to die in it if they cannot conquer. And so long as liberty has one martyr, so long as one drop of blood is poured out for her, so long from that bloody sweat of the agony of humanity shall spring hosts as countless as the forest leaves and mighty as the sea. - George William Curtis.

To My Friends. It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had the dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it. - Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. F. S. Duffy.

A New Life. The directness of the life's light is proverbial. The shortest distance between any two given points is called a bee line. Many observers think that the impulsive eyes with which the insect is furnished greatly assist it in not entirely account for the arrowy straightness of its passage through the air.

YOU KNOW WHAT YOU ARE TAKING. When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure - no pay. Price 50c.

VOYAGES.

There are about 600 to 800 volcanoes on the globe. These estimates include merely live volcanoes which within recent times have been in action. If we should count the many mountains scattered over the earth which show today signs of volcanic action in more remote past, the estimate would have to be increased by many hundreds.

Volcanoes would seem to be arranged with more or less symmetry in belts circling the great oceans. A ring of fire surrounds the Pacific. Starting at the South Shetland Islands, several hundred miles south of Cape Horn, a belt of volcanoes extends up the west coast of South America, Central America and North America; from Alaska it crosses the Pacific along the Aleutian Islands to Kamchatka; thence it follows the east edge of the Pacific through the Kurile Islands, Japan, Formosa, the Philippines, the Moluccas, the Solomon Islands, the North Hebrides, New Zealand and finally ends in Mounts Terror and Erebus, on the Antarctic continent. - Geographic Magazine.

Our First Cotton Mill. The first cotton mill in this country was established in Beverly, Mass., in 1787. It was designed to manufacture cord and bed ticking.

Women and Jewels. Jewels, candy, flowers, man - that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at F. S. Duffy's.

Eczema, Psoriasis, Salt Rheum, Fetter and Acne. Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an insupportable itching and burning, and the yellow, watery discharge forms as a crust or sore or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance, again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antitoxes the Uric and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral. Write us about your case and our physicians will advise without charge. We have a handsomely illustrated book on skin diseases, which will be sent free to all who wish it. THE SWIFT SPECIFIC CO., Atlanta, Ga.
