IS IT DEMOCRATIC EXTRAVAGANCE?

If the State deficit in its treasury funds of \$453,000, is to be charged against the Democrats, and every sign points to this being a leading issue in the coming campaign, then the Democratic administration and its friends should meet the issue frankly, honestly and unflinchingly.

The Journal disagrees with the esteemed Raleigh Post, in the latter's argument, offsetting the alleged State Democratic Administration's extravagance, by pointing out as extra extravagant the administration of the Nation's affairs, by the Republican party.

The State Democratic administration must stand or fall upon its own record. The present administration is responsible for three great appropriations, \$900,000 for educational purposes, \$100,000 additional for soldiers pensions, \$300,000 for permanent additions in way of improvements on State institutions.

These are magnificent appropriations, but is there a dollar to be clipped from these amounts, which might be termed extravagant, hence demanding that it should be saved to the taxpayer?

If it cannot be maintained that a dollar of these appropriations is not justly needed for the use it was appropriated for, how can the claim of extravagance be urged?

An extravagant State administration is one which first makes unwise appropriations for State affairs, and then pays out the money collected for these objects, over freely and unwisely.

There is no question but State appropriations and State expenditures have reached a large figure, but it should not be forgotten that the growth and development of the State demand the increase, if North Carolina is to keep up with the world's progress.

If the Democratic party's intent was for the State's interests, and the appropriations were so made and so expended then let it stand upon its record, prove its capability by so financing that the State's indebtedness may be met, and the great purposes of education and State development shall not be checked, but continue towards greater beneficial results for all the people.

Let not the present State administration, or people of North Carolina shrink from the demands of the times, in taxing themselves today, when by so doing the returns shall be many fold tomorrow and hereafter.

There is an economy which might be practiced in State affairs, vastly more damaging than the alleged extravagance of the present State Administration.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me.

Aitar of Roses. In trade the rose is very valuable, as the attars of India and Persia sell at a very high price, and there are large districts of rose gardens in which men and women are employed, the harvest months being March and April. In Turkey also rose farming is largely carried on, and a very fine attar is got from the rose grown in Kashmir.

Even rosewater is a luxury which is by no means to be despised as to price, but the attar of roses is immensely costly, and it takes an enormous number of flowers to distill even a few drops.

The attar is said to have been first discovered by the favorite wife of Jehan Jeer, through whose garden ran a canal of rosewater, on the surface of which the begum found a few drops of the precious attar or oil floating.

BACKACHE

Is only one of many distressing symptoms which point to the presence of womanly diseases. If women thoroughly understood the relation of the local womanly health to the general health, they would understand that backache, headache, nervousness, sideache, dizziness, faintness and similar feminine ailments, cannot be cured until the womanly health is established.

Dr. Pierce's Favorite Prescription

Dr. Pierce's Favorite Prescription cures diseases peculiar to women. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness.

Dr. Pierce's Favorite Prescription

In curing these local diseases, it cures the ailments which they cause; backache, headache, sideache, dizziness, faintness, nervousness, and other ills peculiarly feminine.

Dr. Pierce's Favorite Prescription

"I wrote you for advice February 4th, 1895," writes Mrs. Loma Halstead of Cherokee, Cherokee, N. C.

"I was racking with pain from the head down to my feet. Had hemorrhage for weeks at a time, and was unable to sit for ten minutes at a time. You answered my letter, advised me to use your valuable medicine, and in sixteen hours I was at home."

Weak and sick women are invited to consult Dr. Pierce by letter free. Address Dr. R. V. Pierce, Buffalo, N. Y.

WANTED.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia, and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous feelings, headaches, despondent despondency, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try one bottle first. We have never known of its failing. If so something more serious is the matter with you. Ask your druggist.

The Cat Column.

One of the features in which English periodicals for women differ from American magazines of the same class is in the "cat column." The English edition devoted to cat gossip in many of them, in which well known cat-wives are described, the good points of their inmates and the methods of their owners set forth and the troubles of correspondents discussed, all with unconscious gravity and a dignity of style which approaches the humorous in American eyes.

His Sight Threatened.

"While plucking last month my 11-year-old boy was poisoned by some wood or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burn, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of Counterfeits. F. S. Duffy.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Eucalypti Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by C. D. Bradham, druggist.

YOUNG RAVENS

When they are the ravens of the forest, they are the ravens of the forest.

I have not learning enough to know whether in the earlier times ravens were accounted "unlucky." If so, why were they chosen from among all the birds of the air for the merest of birds of carrying bread to Elijah in the wilderness? Did they steal it? They are given to theft. Also in the written word we are assured that "God breatheth out upon them." And nothing of this is said of doves or of any other white or heavenly kind of bird. An explanation is given in the Egyptian commentary on the Bible in the Coptic language by Epiphanius, A. D. 368-401. The passage is certainly very curious, and I am permitted to transcribe it here: "Why, then, did the evangelist mention no name among the birds except ravens only? Because the hawk raven, having laid her eggs and
