Hot Because Unscathed.

GREENSBORO, Aug. 28.—Ex-Congressman O'Hara of Craven was bitter and outspoken in his denunciation of the convention for unseating the colored delegates. As soon as he ascertained the action of the committee in reporting adversely to his contest he went out on a side porch and unburdened himself.

"The colored people," he said, "are as glad to get rid of the white Republicans as they are of us. We certainly do not need the rag-lags. We are not for any set of men, but for principle, and when principles are repudiated we know what to do."

Pritchard and no one else can make a contract for me. The colored people would be led in any such manner as this. We can organize the negroes if they organize against us. We are under no obligations to the white Republicans and owe them nothing. We will not vote for any ticket that emanates from here. Our people are not all poor and we have got some money and can make a campaign if necessary. I pledge that ten colored votes will be cast against the Republican party for every Democratic or Independent vote that it captures. The colored people will be heard from; they will not vote for a party that kicks them out. I'll go in every county in the State where there is any ghost of a show for Republican nominees and secure enough negro votes to bring about defeat. There are many white Republicans who feel as we do."

"A little tighter every day," summarizes the anthracite coal situation in Chicago. Some dealers are demanding as high as \$11 per ton.

THE LANDLADY'S SON

Set Right By a Boarder.

Most people are creatures of habit. The person who thinks he cannot get along without his morning drink of coffee is pretty hard to convince unless he is treated like Mrs. Clara Hoffman of Portland, Ore., treated her landlady's son. She says, "Having suffered with stomach trouble for several years I determined to discontinue the use of coffee and try Postum Food Coffee."

I carefully followed directions for making and the result was a beverage very pleasing to the taste. I induced my husband to give it a trial and soon noticed the improvement.

He complained of heart trouble but as he drank coffee I felt sure that this was the cause. It proved to be so, for after having used Postum for about three months his heart trouble completely disappeared.

Last year we went East and while there boarded with a private family. Our landlady complained of sleeplessness and her son of obstinate stomach trouble. It was a plain case of coffee poisoning in both. Knowing what Postum had done for me I advised a trial but the son declared he wanted none of that "weak western stuff." Well I had been making Postum Coffee for myself and husband and next morning I offered him a cup and he drank it. Not knowing what it was, "Well," he said, "You seem to like Postum after all. What," he exclaimed, "that was not Postum, why, that tasted like Postum!"

"Mother if you learn to make it like this I will always drink it." The next morning she watched me and I explained the importance of allowing it to boil long enough. After that we all drank it regularly and our landlady and her son soon began to get well. They continued to use it after we returned and recently wrote me that they were improving daily.

Presence of Military Prevents Lynching

So Said of Henderson Situation. Political Gossip. Cotton Damage. Personal. New Insurance Company Admitted. New Theatrical Company.

RALEIGH, Aug. 29.—Adjutant General Royster writes here that the presence of the Henderson military company at the Vance county jail unquestionably prevented the lynching of the five negro prisoners there who on Tuesday were placed in the penitentiary. It appears that all the plans were made to lynch the men, not by Henderson or Vance county people but by others.

Some of the Democrats express their fear of the Independent movement, not so much for what it will amount to this year, which is apt to be very little, but for what it may become two years hence. Others say they think the movement will be so crushed this year that it will not figure in 1910.

More reports of damage by lice to the cotton crop come in here. It is said that a large farm a couple of miles west of here, several acres of cotton shows no bolls, the lice having completely destroyed the latter.

It is admitted here that the Republicans played their cards well and showed wisdom at their State Convention yesterday.

The company this evening gave the first full dress rehearsal. The play will be given for the first time at Charlotte, in the new theatre, which is a very handsome one.

The executive committee of the trustees of the State University met here yesterday authorized the making of some improvements of the chapel. The water supply of the University is taken from a stream and the owner of a mill below claims damages. The matter will be decided by arbitration.

Mount Pelee, on the island of Martinique is again said to be in eruption.

It is said a syndicate of Baltimore capitalists is back of the scheme of consolidation of the Portland Street Railway lines, and that the gas and electric companies will be included. "PE-RU-NA NECESSARY TO THE HOME."

(Says Prof. Talford Smith, of Georgia.)

PROF. TALFOURD SMITH.

Professor Talford Smith, Principal Silem High School, Silem, Ga., writes: "With much pleasure I recommend Peruna to all who may be suffering with any trouble of the respiratory organs. I have been using it in my family for the past five or six years and find it to be almost a household necessity. Peruna is truly a grand catarrh remedy and general tonic and will do all that is claimed for it by the manufacturers."

---PROF. TALFOURD SMITH.

Catarrh is inflammation of the mucous membrane. It may be in the mucous membrane lining the eyes or the pelvic organs, throat, stomach, liver, bowels or kidneys.

Catarrh is catarrh wherever located. Peruna cures catarrh wherever located. Peruna is an internal remedy; not a local application.

Catarrh is a systemic disease, not a local disease. If Peruna will cure catarrh in one place it will cure it in any other place, because Peruna is a systemic remedy. It reaches the disease through the circulation in each organ. It eradicates the disease by eradicating it from the system.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

To The Democratic Voters of Craven County.

The many friends of Sheriff J. W. Biddle desire to present his claims to the voters of Craven county for renomination and reelection. The county has never had a better officer; he is courteous, accommodating, faithful and in every way thoroughly competent.

When a vacancy occurred in the office of Sheriff, on account of the resignation of ex-Sheriff Kinsey, the Board of Commissioners endeavored to ascertain two things: first, who was the most competent man in the county for the office, and second, who would be most acceptable to all the voters of the county. They finally selected Sheriff Biddle as they were satisfied that he filled these two qualifications better than any other man in the county. He has only been in office a part of one term, and it would not seem right to refuse to endorse his administration the first time he comes before the people. The people are fair and just and would not intentionally dishonor any man without cause. It has been claimed that all of the candidates are from the town of New Bern except one. This is not strictly correct; three of the County Commissioners are from the country, and two years ago No. 1 Township had a most excellent candidate for Register of Deeds who would have been elected if his own township had supported him properly. Sheriff Biddle was born and raised at Fort Barn well and lived there until the war came on, when he entered the service of the Confederate States and was a most gallant and faithful soldier. The people can not do too much for the men who suffered and fought for the South during the war. Of all the candidates upon the ticket Mr. Biddle is the only representative of the soldier vote. It is true a man ought not to be selected to fill an office because he was a brave soldier, but when he is in every way competent, the people ought not to forget such services as these. While Mr. Biddle lives in New Bern, he was born and raised in the country and still owns the lands where his father lived before him.

We do not wish to disparage any other candidate, as all the candidates for office in this County are good and true men, whose past services to the Democratic party merit recognition and entitle them to aspire to any office in the County. But we do say that we do not wish to cast any reflection upon Sheriff Biddle by refusing to elect him when he has only served a part of one term. We have never heard of an instance where a good man capable and competent, who had been appointed to the office of Sheriff had not received the nomination at the hands of his party at the succeeding Convention.

In submitting the claims of Sheriff Biddle to the people of Craven county we are only actuated by a desire to see justice done to a good officer, and we have every confidence that the people of Craven county will treat Sheriff Biddle fairly, and will accord him a nomination at the coming Primaries.
