TELEGRAPHIC BREVITIES.

D. R. Terry, the millionaire seed grower, of Detroit, Mich., will contest Hon. R. A. Alger's candidacy for the Senate to succeed the late Hon. James McMillan.

Idaho Democrats have endorsed W. J. Bryan for the Presidency.

Seaside resorts report the best season they have ever had.

Western packers are sending large quantities of meat to Germany.

The German war boat, Panther sank a Haytian war vessel Sunday. International troubles may arise on account of the affair.

President Roosevelt was accorded an enthusiastic reception at Chattanooga, and was made an honorary member of the Brotherhood of Locomotive Engineers.

The election returns from the State of Maine show a decided falling off from the usually heavy Republican vote. Gov. Hill is re-elected by about 85,000 majority.

An interesting case is before the treasury department at Washington in the capture of a moonshiner's outfit near Atlanta, Ga. The whole still can be packed in a valise, and is said to be the smallest whiskey manufacturing concern in existence.

AN "EXPANSIVE" GIRL.

Not Necessarily an Expensive One.

A little Kansas girl is called an "expansive" because her clothes require "letting out" so often. She lives mostly on Grape-Nuts since recovering from a sick spell caused by too much greasy food.

Almost all ailments of children (and grown folks as well) are traceable to the wrong kind of food, and the sweet corn is so quit the old sort, this greasy, pasty undercooked or overdone things, that ruin the stomach and bowels.

Put the children and adults on the perfectly cooked food Grape-Nuts. It is digested by the weakest stomach. Has the delicate sweet flavor of the Grape-Nuts and surely and quickly rebuilds the body, brain and nerves.

There's a reason.

RALEIGH.

Sale of Vedder Lands in Jones and Onslow.

Public Interest Aroused in Piedmont and Western Sections. Joseph H. McRee Dies Suddenly in Wilmington. Croatan Indians Move to Edgcombe.

RALEIGH, September 9.—The State board of education has sold for \$25,000 its interest in the lands known as the "Vedder lands," lying in Jones and Onslow counties. There was a suit, and by the terms of a compromise the Vedder heirs were to pay by 1904 the sum above named for the State's interest. J. T. Shells of Port Norfolk has bought this interest and is to pay the \$25,000 by January 1, next.

Governor and Mrs. Aycock left this morning for Seven Springs, near Goldsboro, and will remain there two or three days.

J. Y. Joyner, State Superintendent of Public Instruction returned today after three weeks absence, mainly in the piedmont and western sections. He says he is greatly pleased with the enthusiasm regarding public education. At Lexington there was an audience of 2,000 and in the northern part of Buncombe county there was an audience of 2,000 by actual count.

Four infantry companies of the State Guard have been disbanded since July 1, upon recommendation of the inspector general. It is said today that another company will no doubt share the fate of those. The vacancies will not be filled unless good organizations, at suitable locations are offered.

There are three Croatan Indians in Edgcombe county, those having moved there from Robeson county, and they want a separate school. The law provides separate schools for the Croatians in Robeson. It forbids their intermarriage with whites and their attendance at white schools. It does not forbid their inter-marriage with negroes and their attendance at negro schools. Croatians do marry mulattoes, not negroes, though their people object to such marriages. There will be no separate school for the Croatians. If they insist on one they will have to return to Robeson to get it.

The special committee of the Grand Lodge of Masons met here today, in called session, to take up again the question of the location of the "Temple." Raleigh was agreed on as the place, but Greensboro objected on the ground that its bid had not been received by the committee and considered.

Rain began falling last night in this section—the first in several weeks. The fall so far is light.

John B. Cunningham of Person county, who is here, says that in two weeks the tobacco crop in that county and adjacent ones, will be housed; that it is a large crop, and of good quality, and that the high prices are very encouraging to growers.

Application for a new lodge of Odd Fellows at Ellensboro is in grand secretary Woodell's hands. Application for a lodge at Belhaven is granted.

Two boys, quite young, were brought to the penitentiary today, to serve 2 and 2½ years for throwing stones at a train.

Much regret is expressed at the office of the State superintendent of public instruction at the death of Joseph H. McRee, engineer to the State Board of Education, who was found dead in bed this morning at Wilmington, his home. He was greatly esteemed as a careful, zealous and competent engineer and was doing a great deal of good work in making the re-surveys of the State's "swamp lands."

Among today's arrivals were, W. W. Clark, M. D. W. Stevenson, D. L. Ward, New Bern.

Senator Hoar is invited to address the State Literary and Historical Association here in October.
