Shipping News. Protracted Meetings. Temperance Talk.

September 10.—Mr. D. S. Aman and wife of Palo Alto were our visitors last week. Dave is as big and fat as ever, and just as lively.

Miss Emily Atkinson of Wilmington, came on a short visit last Tuesday. She is a clerk in the big dry goods store of J. H. Rehder & Co., Wilmington.

Mr. S. Killee, a noted hunter and fisherman for sport, of Wilson, gave our people a call for several days last and this week, showing us how to fish and hunt.

Mr. Fred Nelson and family of White Oak, are down this week for their health.

Mr. Harvey Smith, the Jeweler and watch maker from Onnes, county, has moved to our town to try his fortune.

Sheriff D. J. Sanders came in last Sunday, and seemed in a great hurry about something, he might have been looking for Goliath, the way he hurried through.

Mr. D. G. Ward, Jr., and wife, went on a visit to Hubert and Dr. W. J. Montfort's last Monday.

Miss Eureka Young, who disappeared so suddenly from our midst lately has been located, so we hear. She is, so said, at Lambert Point, Va., employed in a silk factory, from what we hear we don't expect to see "Reedy" any more, a pretty single girl.

Mr. J. A. Pittman went to New Bern last week; he purchased a nice line of dry goods while there.

Schooner C. Hay, Capt. Gus Pittman, broke the record we believe, in quick trips to New Bern and return. She made it in two and a half days, 150 miles.

The minstrel troupe of S. Handeman and wife, of Beaufort, gave two shows here last week, owing to bad accommodations for ladies, the show was poorly patronized.

Rev. D. D. Bally, M. E. church preached for us last Saturday and Sunday, three interesting and instructive sermons, his first time at this place.

Schooner Anderson, Capt. Smith, just cleared port with 225,000 feet of lumber for N. Y.

Schooner, B. Russell, Capt. Thomas, just arrived, to load with lumber. She carries 100,000 feet.

Sharple Bossie Ellis Capt. Sewell, arrived yesterday from New Bern loaded with goods for Starling & Co. at Hubert (Queens Creek).

Sharple Lulu, Capt. Tolar, came in today from New Bern loaded with goods for the Lumber Co. here. Most all the merchants are receiving their fall stock of goods.

Rev. B. H. Matthews and wife are visiting Dr. Montfort and family this week at Wards Mill.

A protracted meeting going on this week at Enon Chapel and Queens Creek churches, by the Baptist and Methodist brethren, Rev. C. B. Paul from Wilmington, at Enon chapel, Rev. Beeton and others at Queens Creek.

We people around here ought to be good people, we ought to be christian people, but we can't seem. Now we have a nice barroom near here, that is near enough to get our drinks easy, and yet our people talk of good sober officers needed, they would vote for the greatest drunkard out of jail, just so he was nominated by his party, then talk about good sober government men, nearly 9-10 of all the men elected as officers now days are either lawyers or drunkards, and sometimes both, and they legislate to suit themselves and you have got to vote for them, or be called scoundrels, rascals, bolters, disorganizers or something mean, then talk about good government, Bah! The poor people are in a bad fix in this country, and it seems they won't learn to vote as they think, not as others think. W.

RALEIGH.

Big Increase Over Last Year in Cotton.

To Examine Sites For Public Buildings. Picking Cotton on State Farm. Increase in Rural Free Delivery Routes.

RALEIGH, Sept. 12.—United States district attorney Harry Skinner has been directed to examine the sites for public buildings at Goldsboro and Durham. The Goldsboro site is what is known as the Kirby property and is to be purchased; while the site at Durham is a gift by the town.

The cotton receipts here since August 31st are 1183 bales, against only 881 to the corresponding date last year. Prices fell off yesterday from 81 to 84 cents, the latter figure being the price on the same day one year ago. The farmers, who know well the real shortness of the crop do not like the drop in price, which they know is due to speculation alone. Many of them are forced to put their cotton on the market, as they are in debt and creditors are pressing.

Active farm work in the way of plowing is now in progress. For weeks this had been impossible, so dry and hard was the ground.

In his speech at Fayetteville today State Auditor Dixon, referred to Senator Pritchard's act while in the legislature in 1885 in voting against the pension bill and all the amendments thereto.

Thirty six convicts were yesterday sent from the penitentiary to the State farm near Weldon, to pick cotton, which is opening with remarkably rapidity.

Senator Simmons left today for Hertford, to make a campaign speech.

At the Agricultural and Mechanical college work is now being pushed on Pullen hall, but the building can hardly be finished in less than three months. It ought to have been ready September 1st.

The increase in rural free delivery routes is now quite rapid. There are 168 and in twenty days the number will reach 200.

Henry Grady, Jr., of Atlanta, who was reported missing was found Thursday morning in New York city in a bad mental condition.

The Russian government will not allow foreigners to remain in Manchuria. This step is said to be made to especially exclude English tradespeople who menace the Russian commerce.

The Hungarian government is considering means to keep the native people from leaving the country.

Russell Sage, the aged financier, who has been seriously ill at his home in New York City, is able again to look after his business affairs.

The U. S. battleship Iowa, is aground off the coast of Brazil. A Brazilian vessel has gone to its relief. The injuries to the Iowa are said to be severe.

Must Have Thought, Her Old.

Miss Clara—I declare I was never so insulted in my life. Oh, how I hate him!

Miss Angie—Whom?

Miss Clara—That young snip of a Daahway.

Miss Angie—What has he done?

Miss Clara—Why, he asked me this afternoon if I thought there was much difference between the people ten years ago and now. Just think—ten years!

A SIMPLE CHANGE.
Made a World of Difference.

The Health Resort does not always bring back health, but the Health Resort and proper food make a pretty sure combination.

Mrs. E. Kennett, Springfield, Mo., writes—"I was pronounced a consumptive and sent to Asheville, N. C. for my health. I just could not eat without a cup of coffee, and my stomach was in such a condition that I could not drink it. I was almost in despair when the lady of my boarding house said that if I would drink Postum Food Coffee, I would find it would take the place of coffee and agree with me. She made so delicious that I enjoyed every meal I ate, and gained in flesh and strength so rapidly that I was able to come back home and live.

I give Postum more credit for my return to health than climate or anything else. I am sending you this letter for the benefit of those who are having a hard time living, and I am sure that if they will use Postum, their lives will be prolonged."

NERVOUS PROSTRATION
CURED BY PE-RU-NA.

J. A. SIMPSON,
[Secretary of Education, San Francisco.]

Hon. J. A. Simpson, Secretary of the Board of Education of San Francisco, Cal., writes:

"I have found Peruna an ideal tonic. Some months ago I suffered with neurasthenia (systemic catarrh), caused by too close application to office work. My system seemed worn out and I felt far from well. I found Peruna benefited me very much. It built up the entire system and made me feel like a new man. I believe it is well worthy the high praise bestowed upon it."

J. A. SIMPSON.

Systemic catarrh always gives fair warning of its approach, and can be easily warded off by the proper treatment. Floating brown specks before the eyes, mental confusion, fits of nervous headache, sleeplessness, flashes of heat, chilly sensations, palpitation, irritability, despondency; any of these symptoms or all of them should be promptly met by the use of Peruna.

Congressman E. V. Brookshire, from Washington, in a recent letter from Washington, D. C., says:

"From what my friends say, Peruna is a good tonic and a safe catarrh cure."

E. V. Brookshire.
