A jury in the criminal court at Carlisle, Pa., rendered a remarkable verdict last Thursday in which they declared an old woman on trial for obtaining money under false pretenses of being a witch. An old law long out of use was dug up and put in force.

With only a dozen small places to hear from, Governor Hill's plurality in Maine is 28,479.

#### RALIGH.

Tobacco Will Be the Favorite Crop Next Year.

State Grants Charter. Dissolution Charter Elizabeth City Mill. School For Blind. People Indifferent On Politics.

RALIGH, Sept. 13.—Governor Aycock returned today from Seven Springs. Mrs. Aycock will remain there some days.

A charter is granted by the State to the Elkin Veneer and Manufacturing Company, which will make veneers and articles from fine woods.

The State today was notified of the voluntary dissolution of the charter of the Elizabeth City Milling mill.

The increase in tobacco acreage from this county eastward will be very great next year. Yesterday there were 300 farmers here with tobacco and as many with cotton. The contrast in profits made a great show in favor of tobacco. One man sold what is known as a "one horse crop" of tobacco for \$750. The cotton growers went to the tobacco warehouses and saw the breaks and were simply astonished. All the tobacco growers have plenty of corn. Tobacco it appears is to become the money crop in this section.

State Treasurer Lacy has returned from New York.

Principal John E. Ray of the State School for the blind here now says there will not be less than 350 pupils present on the opening day, this being 100 more than last year at the opening.

Insurance commissioner Young will devote most of next week to the work of investigating an incendiary fire.

It was the comment today of a man from another county who was here: "I never saw the people so careless about politics. I don't know why this is so, but they appear to have lost interest."

#### PULPIT AND PEW.

Methodism has gained in New York city nearly 47 per cent since 1873.

Bishop Terreglino of Australia is said to be the heaviest prelate in the world, his alleged weight being 294 pounds.

Rev. Martin B. Bird, pastor of Hope Congregational church, St. Louis, both preaches and gives solos to his congregation, playing on the cornet.

Rev. Dr. Edward Everett Hale is passing the summer at Mantunuck. He says that the chief charm of the place is that "it is five miles from a doorbell." He is in good health and continues to bear his eighty-one years with ease.

#### LIKE A PROVIDENCE.

A Floating Box Changed a Man's Life.

Things drift into our lives in a curious way. A man was visiting the seashore while an invalid and one day a little empty Grape-Nuts box floated to him. The food facts he learned, changed his whole life—but let him tell his story.

"The doctors said it was acute indigestion or gastritis. There was really nothing that I could eat and enjoy, and when one cannot enjoy his meals, he may as well be dead. There was a time when I could eat and digest anything, but for two years previous to last Spring, I was in a wretched state. I tried everything I heard of, took all kinds of medicines, almost enough to float a ship, but with no lasting purpose.

Last Spring, I had to give up work and went to Atlantic City. One day while strolling along the beach, I noticed a box being tossed about on the breakers and finally thrown up on the sand. I sat down on the sand and looked at it idly at first, but after reading a few words on the box, I got interested. It told how Grape-Nuts food was prepared and all its good qualities, and I made up my mind then and there that I would try it.

I have not taken a drop of medicine from that day to this, but used about a half package of Grape-Nuts each day for two months. Then I gradually began eating meat and vegetables and fruit, and now I can eat anything I care to without it distressing me but I still cling to Grape-Nuts food, as I am fond of it prepared in various ways and never a day passes that I don't have it in some form.

After the first two months of using Grape-Nuts I weighed myself every 15 days, and found I gained from three to five pounds each time. I have been working every day since, and can say I never felt better. Thanks to Grape-Nuts I now have an appetite like a billy goat and am no more troubled with a bad stomach.

I wish I could talk with everyone troubled as I was. I know a good many people say, 'Oh, I tried everything I see used of trying,' etc., but I say, 'Don't give up until you try Grape-Nuts food and you will soon regret it.' Have given by Postum Co., Battle Creek, Mich.

#### A RELIABLE MERCHANT.

Mr. J. J. Baxter One of New Bern's Hustling Business Men.

One of the energetic business men of our city is Mr. J. J. Baxter.

Merchants of his class are those who materially help a city and give it a standing with its sister cities and towns.

Mr. Baxter has returned from the northern market he where purchased a splendid line of dry goods and clothing which he is placing at reasonable prices. A special lot of goods that he bought are wall pictures that are gems of art and are sold at the extremely low price of ten cents. They are worth twice the price. These with other lines of fine novelties are well worth the inspection of the public.

#### SHORT STORIES.

The total capital invested in railroads and canals in Canada is \$1,100,000,000.

Twenty states in this country made pig iron last year as against twenty-one in 1899 and 1900.

The average daily output of the New York state pulp mills is 2,000 tons, or nearly half the total American production.

In the estimation of a South Carolina paper the southern people consider Robert E. Lee "the greatest figure" of the war and Jefferson Davis the figure "most typical" of the lost cause.

The Rocky mountain locust, or grasshopper, in 1874 destroyed \$100,000,000 worth of crops of Kansas, Missouri, Nebraska and Iowa, and the indirect loss was probably as much more.

In recent experiments with a submerged bell for signaling to ships from dangerous coasts an eight hundred pound bell was struck with a fifty pound weight falling a foot. The sounds were startlingly distinct on board vessels a mile away.
