**SWANSBORO.**

Considerable Sickness in Town. Shipping News. Hot Stuff.

Sept. 17.—Mr. Pete Smith and wife of Trenton, were visiting here last week; they were the guests of Mrs. J. T. Barley.

Mr. B. H. Hatcher and sister, Miss Berta, of Faison's, were the guests of Rev. L. M. Hobbs and wife, last Friday, Saturday and Sunday.

Miss Josie Hobbs, sister of Rev Hobbs here, is visiting her brother and wife who still continues on our sick list, though much better at this writing. She has had a severe case of malarial fever, with a little typhoid thrown in.

Mr. Willis Ward and Master Cannon Preitzyman are both quite sick with malarial fever.

Dr. F. H. Blount is kept very busy attending the sick, but seems to understand his business well.

Your scribe is under the weather considerably this and last week not being able to jump about much, he has so said, the "Topsy valves,"—guess you know what that is, if not, ask Commodore Geo. R. Young, he has the same disease.

Schooner Benj. Russell, Capt. Jno. Thomas, cleared today with 100,000 feet of lumber for N. Y.

Schooner Joseph, Capt. Ed. Foster, shored off her ways here last Friday looking new as a brass pin, and left today Tuesday 16th inst., for Wilmington for goods and brick for Marine and company of this place.

Lots of goods now in our berg, most all the merchants have most of their fall stock, but it seems they "don't" much care whether they sell them or not, as they never advertise them in the papers.

Sharple Besse and Ellis, Capt. Sewell and C. Hay, Capt. Pittman made quick trips this week to New Bern and return, in three days, and head wind one way.

Improvements still going on; the mammoth mill building is nearing completion fast, and but for the sickness of Mr. T. M. Woodhull, who is not able to get out much yet, the steam launch just finished would have been running on time. Mr. Woodhull, has some iron work on the launch to do, that others here can't do.

We had a right big Snow in town last Sunday night, in the person of Rev. C. P. Snow our former Methodist Circuit preacher, who filled the pulpit for Rev. F. S. Beeton, the pastor here, who was conducting a protracted meeting at Queen's Creek church, to a large congregation. Bro. Snow gave us a good talk and we were very glad to see him here.

Rev. C. B. Paul of Wilmington, came out to assist Rev. L. M. Hobbs of this place, in a protracted meeting at Knott chapel last week.

Mr. J. A. Pittman has a fine cow that gives one gallon at a milking, he has more than one good milk cow.

Mrs. Bessie Pittman, Jenny Davis, Sude Bell, and Henriette Farrell went to Queen's Creek last Tuesday to the protracted meeting there, they reported six joined to date.

"Any one desiring a windy discourse upon the rosy prospects of electing independent candidates in this county next November would do well to correspond with George Washington Ward the gaso ominded father of all political failures" Such is the paragraph in the big four horse double eyed rammoth shodded bull dog of a celebrated weekly so called news paper in Onslow county so said, at Jackson ville, we don't know who the author of the above was, but we do know he needs a mother's love and a father's care, better learn some common sense my little man, before you start out to criticize, especially those who have forgotten more sense than you will ever know.

Our place opened with two good schools last Monday morning the 15th inst. Rev. B. H. Matthews in the Baptist church and Miss Katie Pittman in the school house, both private schools and right well attended. We don't know when the public school will begin here, we say hip, hip, hoo rah for Swansboro, we soon will have our redwood.

**RALEIGH.**

Permanent Registration Roll Sent to Clerks.

Wake County Independents. Charter to Company to Bore For Oil. College Notes. Farmers Congress in Georgia. Queer Fashion Application.

RALEIGH, September 18.—The secretary of State is sending to the county election boards copies of the act of 1901 providing for a permanent roll for the registration of voters, in compliance with the terms of the franchise amendment to the constitution, ratified in August 1900, and which became effective July 1 of the present year. There are also sent out the roll books and the certificates of registration which are given to those who are decided to be entitled to registration.

The independents in this (Wake) county held their primaries today and Saturday will hold their county convention. It is said that there are already two or three factions among these independents and that their movement will amount to but little.

A charter was granted today by the State to the Union Real Estate Company of Monroe, of which Frank Armfield and others are stockholders, and also a charter to the Smith Furniture Company of High Point, of which W. T. Smith of Greensboro is the principal stockholder.

The charter to the Glendon Mining and Manufacturing Company is of more than passing interest, as it gives power to sink oil wells. It was said some weeks ago that oil wells would be sunk near Asheville, but no reference to that matter has since been seen. There are excellent indications of oil in the vicinity of Glendon, which is in the soft coal district.

Among the callers at the executive office today were president James A. Bryan and State's proxy, J. W. Grainger of the Atlantic and North Carolina railway.

The number of pupils at the State school for the blind and the colored school for deaf mutes and blind already reaches 350.

This State will be represented at the Farmers' Congress at Macon, Ga., by Prof. Burkett and Prof. Massey of the Agricultural and Mechanical College; J. Van Lindley, Gen. W. R. Cox and Benjamin Cameron.

President Charles E. Taylor of Wake Forest College tells your correspondent that the quality as well as the student-body this time is gratifying and that the new medical department has opened with 10 students.

Auditor Dixon is greatly amused at an application received from a man who wants to be put on the pension roll and says his trouble is "disability, because a man stepped on my heel during the war." Dr. Dixon thinks the man must have outran him and stepped on him.

Among today's arrivals was F. W. Barnes of Wilson.

The latest arrival at the park "200" here is a 6 ft. alligator captured in New River, Onslow county by several men one of them from Raleigh. There is another alligator from Wilmington.

Ex-Senator Marion Butler is here and it is asserted by some that he is again taking interest in North Carolina politics. He will not live here this winter, but at Washington and it is said will make that his home.

**CASTORIA**  
For Infants and Children.  
The Kind You Have Always Bought  
Bears the Signature of *Dr. J. C. Watson*

TELEGRAPHIC BREVITIES.

The steamboat Kron Prinz Wilhelm, of the North German Lloyd line made a trans Atlantic trip in 5 days, 11 hours and 57 minutes breaking the record.

The Duchess of Marlborough, who has been the guest of her mother, Mrs. O. H. Belmont, at Newport, has returned to her home in England.

Work on the repairs of the White house has been delayed by a strike. Carpenters, masons, painters, decorators and their assistants are out.

There is a report that the Pope expects to place a second cardinal to superintend the interests of the Catholic churches in the United States.

The National Brewmaster's Convention met this week in Milwaukee.

Over 300 Catholic missionaries in China are said to have been murdered by Boxers.

Miss Rebecca Taylor, the young woman discharged from a clerkship in the war office at Washington because she talked too much, has failed in her attempt to be reinstated.

Three volcanoes on the Philippine Islands are active. They are Mount Taal and Mount Mayon.

**STRENGTH AND FOOD.**  
The First Comes From the Last

When proper food is used in sickness the recovery is much more rapid and sure, and a food that is good and easy of digestion is right for anyone.

Mrs. H. L. Gordon of Corry, Pa. was taken down with nervous prostration and heart trouble about a year ago and for weeks it seemed that she could not live.

She says, "The medicine I took for my nerves and heart injured my stomach and I grew steadily worse until I could retain nothing. For weeks I was kept alive on one teaspoonful of beef tea and one of lime water every hour and after a while I could not even continue that. I grew weaker and weaker and finally was compelled to use sweet oil to feed the bowels, until one day my daughter suggested that I try Grape-Nuts dry, as I could not retain anything moistened. After the third day I began to steadily mend and the weeks and months I ate them, three times a day.

"When I began eating Grape-Nuts I weighed 75 lbs; now I weigh 110 and am doing my household and eating nearly any and everything. I tell everyone I have complete of good stomach to try Grape-Nuts and carry here on the strength of my nerves."
