RALEIGH.

Recovery From Ex-Clerk Martin's Surety Company.

An Interesting Salt Wayne Negroes Said to Vote Democratic. Third Soil Test Farm. Fruit Nursery Report. New Penitentiary.

RALEIGH, Sept. 19.—It will be remembered that a Baltimore surety company was the bondman of W. H. Martin, the ex-clerk in the State treasury who stole \$17,000 of the funds of the penitentiary while W. H. Worth was treasurer and that Worth sued the company for the amount of the stealings. The company was on the bond for \$5,000 a year and Worth's belief was that the bond was cumulative. This company denied Worth's counsel advised him that he could get only the amount of the bond for one year. The company was prepared to fight this, but now a compromise is effected by which Worth gets \$4,000 from it. Worth has also suits against 4 more who were on Martin's bond during the first year or two of the latter's clerkship, before the bond was given by the Baltimore company. Worth paid to the State all the amount of Martin's stealings.

It is said by a Goldsboro man that 80 per cent of the negroes who vote in Wayne county will vote the Democratic ticket.

Convicts have cut down the oak trees in capitol square which died this year. The taking away of the trees makes a bad gap.

The agricultural department will soon have a third soil test farm. There are now two; one near Tarboro, the other near Red Springs. The third will be in Fredell, Catawba or Lincoln county. There will probably be a fourth farm beyond the Blue Ridge. It is the belief that these four farms will well illustrate the soils and their treatment.

It appears that the registration for the November election will begin October 2 and end October 25.

State estomologist Franklin Sherman today completed the annual inspection of fruit nurseries. He says, "They are not a good average. The weather has been too dry. They are therefore not up to the standard. They are comparatively free from insect pests; gratifyingly so when compared with the trees in some other States."

The State pension board has not rejected any of the widows who have applied for pensions. The latter have only three objections to answer, these being whether they married a soldier prior to April 1, 1865, have never re-married and are worth less than \$500. There will be about 2,000 new pensioners.

PE-RU-NA WOMAN'S BEST FRIEND, IS THE So Says Mrs. Rose, of New York City, And Tens of Thousands of Other Women.

Mrs. Jennie Rose, 362 W. Twenty-Second Street, New York City, writes: "The Peruna Medicine Co., Columbus, O."
 Gentlemen: "Peruna is a blessing to suffering women. I suffered with female trouble since I began menstruation, and every month I suffered two and three days of untold agony, and had to arrange my work and duties so as to be in bed every month for two days at least."
 "My brother was cured of Bright's Disease from the use of Peruna and so I determined to try it for my trouble."
 "Imagine my great joy when I found that it relieved me quite a bit the first month and I was entirely without pain during that period after having used Peruna only four months."
 "This is about two years ago and all during that time I have suffered no pain. I can now come and go as I like and consider Peruna woman's best friend and wish that every suffering woman might know that she can find relief through the use of this medicine."
 Truly yours, MRS. JENNIE ROSE.

Mrs. Ellen Thompson, Battle Town, Ky., writes: "When I wrote you for advice I was very bad off. When I received your letter I commenced using Peruna and it did just what you said it would. I have had a cough for about fifteen years and your medicine has done me more good than anything I have ever used. I am so thankful to you for your advice to me."—Mrs. Ellen Thompson.

Mrs. James Elghmey, Grape, Mich., writes: "I have been troubled with pain before and during my monthlies ever since I was seventeen. I was also troubled with other female weakness. I took your treatment, and am now well, and thank you for your kind advice."—Mrs. James Elghmey.

Mrs. John Meyers, Erhart, O., writes: "I have been a sufferer from chronic catarrh for years and have thereby lost the sense of smell entirely. I had four of the best physicians in this vicinity without receiving any benefit whatever. 'Now I am once more a well woman. I find Peruna to be the best medicine in the world as it has done me more good than my physician could have done for me. My friends say I look ten years younger. I tell them that Peruna did it. I can't thank you enough for your free advice.'—Mrs. John Meyers.

Mrs. Ida Baker, Portsmouth, O., writes: "I am glad to say that I am well. I have taken Peruna and feel better than I have for ten years; have gained twelve pounds and am still gaining. When I wrote to you for advice I had given up all hope of being well again, and I feel that it has saved my life."—Mrs. Ida Baker.

Allice Scott, of Franklin, Ky., in a letter to Dr. Hartman, says: "For seven long years I had been a constant sufferer from catarrh of the pelvic organs which resulted in displacement of the uterus. I wrote you telling you all my complaints from the beginning to the present, made happy and much encouraged every time by your kind and fatherly letters of advice and instruction. I am now a strong woman weighing 148 pounds."—Allice Scott.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

TELEGRAPHIC BREVITIES. AN ENTERPRISING CLOTHIER.

The Chinese Boxers have begun another reign of terror in China and warnings have been sent to foreigners in that country.

The report of the consolidation of the English and American Tobacco Companies has been emphatically denied in London.

A man went into the Canadian Bank of Commerce at Skaguay, Alaska and demanded \$30,000 of the bankers or he would blow them to pieces. He had a dynamite bomb in one hand and a pistol in the other, they employes of the bank attempted to get into a place of safety but before they could do the man threw the bomb and wrecked the bank. The man was killed and the persons in the bank seriously injured.

ABOUT EYES.

Glasses are not Always Necessary.

Parents are often advised to get glasses for their children by the school authorities who attribute the weak, watery condition of the eyes of the child to some defect in the vision, and do not realize that the trouble may arise from the common practice of coffee drinking.

A case in point, Mr. C. R. Knapp of Elyria, O., says, "Six months ago we were a family of invalids; my husband, myself and two children were all afflicted with stomach trouble. I would get so fatigued before it was time for regular meals and after eating had pain and distress in the stomach, which felt as though there was a hard lump in there. I felt drowsy and stupid most of the time. If I was out in the wind my eyes would water so it hindered me from seeing."

My son was the worst afflicted. His eyes blurred so they hindered his progress in school and we thought it would be necessary to have them treated. His teacher finally had him bring his reader home with word that I have him read an hour each day out of school. He could not read a paragraph without stopping to wipe his eyes or close them. We were great coffee drinkers, especially my boy, but never thought that was the cause of our trouble until I read an article on the subject in the Cleveland paper.

We were drinking it at table one day and my daughter said, "I know it is coffee that hurts you for when I do not drink it I do not have that lump in my stomach." My boy said, "A lump is nothing, every time I drink coffee my fingers twitch just as though they were asleep." I was both scared and astonished at such information, and told them I had made the last cup of coffee I ever would for home use. I got a package of Postum Food Coffee and tried it for our next meal and we soon learned to like it and think it better than coffee.

We have none of us been troubled with our stomachs since we commenced to use it. Our eyes do not water any more when in the wind, our cheeks and lips are red instead of blue or purple when we are out in the cold, the drowsy feeling has left and the prickly feeling has entirely left my son. We use it twice a day and give it freely to my 30 months old babe. We find it better and cheaper than coffee. We cannot speak too highly of its merits for we know we owe the change in our health to Postum Food Coffee."

Railroad Survey Complete.

A special in the News and Observer from Bayboro yesterday states that the survey for the new railroad between that place and New Bern has been completed and that it is hoped that the road will be finished in six or eight months.
