Cream of Roses
Is a harmless liquid preparation for removing Sunburn, Freckles, Tan and improving the complexion. When applied it is invisible and cannot be washed off. The dark line around the neck, caused by wearing tight fitting collars, is removed by Cream of Roses. 25c. at BRADHAM'S PHARMACY.

Style, Durability and Finish

mark all the turnouts we offer. No question about it--trial proves our statement and we beg to trial. We have a practical knowledge of the carriage business, we have the proper vehicles and all are at your service. Look over our stock.

We put Rubber Tires on your old or new wheels. We shrink your loose tires in a machine without cutting them. Everybody is invited to see the work of all the machines putting new bolts in same old places.

A Secret Marriage.
Society is all agog with curiosity and a lively upheaval threatens to overtake our upper ten when all the facts come to light. A certain gallant gentleman stole away between two days and made a runaway match with a beautiful young widow. For certain reasons the affair has been kept a secret but lively developments are promised in the near future and it is a safe prediction that by this time next week every one will know all about the runaway match.

Choice Venison steaks and Roasts at the Oaks Market today.

Craig-Pritchard Discussion.
On account of the Craig-Pritchard political debate to be held at Kinston, Monday September 22 the A. & N. C. railway will sell tickets at one first class fare for round trip. Stations east of New Bern will sell tickets by train No. 4 and return by train No. 3.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of *W. A. Parke*

Progress of Christian Science.
We now have a Christian Science Church in our city. The Society which has been doing its work quietly for several years has disbanded and a Church has been organized, to be known as First Church of Christ, Scientist, of New Bern N. C.

The Society consisted of seven loyal Scientists who have stood all tests brought to the work in its pioneer efforts, and when ready to form into a church organization, found twenty-one active workers to unite even more firmly and faithfully, to establish the teachings which they believe will free mortals from sin and sickness and eventually from death.

The Society turned over to the Church all its possessions--including money left in treasury, also furniture, pictures, organ, and a complete Library of Christian Science Literature, which is opened free, daily, to the public. All literature will be for sale here also.

Their very attractive and daintily furnished rooms at 87 Craven St., Christian Science Hall, beautifully decorated with palms, ferns and fall roses, were well filled last Sunday when a number came to join in their simple, yet impressive services, and to inaugurate the Church movement established by them on August 18th. Many lingered after the service at night to sing the beautiful hymns used by them, congregational singing being an especially enjoyable feature of their services.

This church as all of this denomination, is a branch church of the First Church of Christ, Scientist (known as the Mother Church) of Boston, Mass, and although individual in its government, its services are the same. Two readers conduct these services, while it is recognized all over the world, that the Bible and Science and Health, with key to the Scriptures by Mary Baker Eddy, is the only preacher or pastor of Christian Scientist Churches.

Visitors and Christians of all denominations, also those not professing Christianity will always find a welcome with the Christian Scientists in their church worship, and their reading rooms, at the same address, are open daily to all enquirers.

There are now four Christian Scientist Churches in North Carolina, Asheville having had one for several years. Wilmington, Kinston and New Bern having formed theirs this summer, and it is quite worth noting that nearly all have about the same membership.

A TRUE SAYING.
"Most Men Dig Their Graves With Their Teeth."

The wrong kind of food fills more graves than any other cause. It is easy to retain good health by the use of proper food and it is pleasant too. The Rev. G. M. Lodge of Iowa City, Iowa, makes a successful experiment.

"I am 65 years of age and a preacher. Last winter I went to Kansas and had charge of two churches. A little use of Grape-Nuts food made me believe it to be a true tonic and nerve builder; I wanted to experiment further with it so I used Grape-Nuts for breakfast and supper for more than three months with the best results. I not only never had better health in my life but the effect on my brain was wonderful. I had become forgetful of names and persons and things, was often unable to recall even the names of old friends.

After using Grape-Nuts for two weeks forgotten names came to me and as the days and weeks passed my memory was wonderfully quickened as to names and dates, and mental ability in general. I could preach without manuscript or notes as never before and in a month or less I said to myself, 'Grape-Nuts is a brain food,' and as such I now recommend it.

It also gives health and blood, nerve and muscle. Cheerfully and earnestly I advise students, clergymen, teachers and all mental workers to use Grape-Nuts steadily and systematically. If you wish to extend in mental and literary work, renew your eyes and feet well. It is the best nerve and brain food I have ever known."

It also gives health and blood, nerve and muscle. Cheerfully and earnestly I advise students, clergymen, teachers and all mental workers to use Grape-Nuts steadily and systematically. If you wish to extend in mental and literary work, renew your eyes and feet well. It is the best nerve and brain food I have ever known."

RALEIGH
Heavy Damages Awarded A. F. Seawell by the Court.

Registration From Oct. 2 to 25. J. Y. Joyner Will Not Enter Active Political Campaign.

Streams Running Low. Farmers Slow in Picking Cotton.

RALEIGH, September 2.--The verdict of the Moore county jury in awarding H. F. Seawell \$4,500 damages against the Seaboard Air-Line because some employees of the latter threw eggs at him at the depot in Shelby occasioned some surprise here. The railway will take the case to the Supreme Court.

Attorney general Glimmer gave the opinion that, as was stated yesterday, the registration for the November election should begin October 2, and end October 25. The Democratic and Republican State chairmen announce the fact of their assent to this view.

Although it is against the law to shoot doves before November 1, pot-hunters are shooting many of them. One man the other day killed 60.

Water melons of great size continue to come in here. For example one wagon load today of 22 melons, weighed 1,240 pounds, an average of nearly 60 pounds.

The dancing club of the Agricultural and Mechanical College gave its first german last night at Roney hall.

Prof. Henry M. Wilson of the Agricultural and Mechanical College and Miss Mary Archer Turner, daughter of Dr. Vines E. Turner of Raleigh will be married at Christ church Oct. 22. It will be the most notable of the autumn weddings.

An arm of a young white man, John Richardson, was torn off by a cotton gin near here and he died last evening in a hospital in this city.

The climate bulletin for this State for August, issued today, says the mean temperature was 73 degrees, which is half a degree below normal. The highest temperature on any one day was 105 at Chapel Hill, the lowest 39, at Linville. The average rainfall was only 2.93 inches which is 1.92 below normal. The greatest was 8.91 inches, at Kinston, the least nine-tenths of an inch, at Lenoir. The greatest deficiency of rain occurred at Wilmington and Lenoir.

State Superintendent of public instruction J. Y. Joyner, decides that it is not proper for him to make political campaign speeches, but to devote himself to educational work. State Chairman Simmons concurs in this view of the matter.

Hundreds of streams are dry. The soil is dry to an unusual depth. This city is taking practically all the water from Walnut creek, its source of supply. There is an ample supply for the city however.

The farmers continue to be slow in picking cotton. A rain storm will do them great damage. Much cotton is hanging very loosely from the bolls.

Some people from here will go to Kinston Monday to hear the joint debate between Senator Pritchard and Locke Craig.

IN MEMORIAM.
Joseph Arminius Paris was born in the State of Virginia, near Buffalo Springs on Oct. 19, 1865, and died in New Bern, N. C., Sept. 19, 1902.

His father, the Rev. John Paris was a minister in the Methodist Protestant Church, and after having served it at numerous places went to his rest from La Grange, N. C., and left a numerous family, among the younger members of which was the subject of this sketch. At an early age he went to work and displayed the same vim which has characterized him since, and by strict attention mastered the details and fitted himself for a larger field. This was found here about ten years ago when he entered the employ of Mr. C. S. Hollister one of our leading grocers. Three years later we find him in business on his own account, having associated with him, Mr. E. K. Bishop: Since that time the firm name, "J. A. Paris & Co." has become a familiar one with the business world and has established an enviable reputation through his personal efforts.

But there was another side to the man which his many friends will remember him by, and especially regret his loss. His ready wit and "glad hand" were welcomed in all circles to which he aspired.

A member of the Chamber of Commerce, he was ever ready to do his part towards the advancement of his adopted home.

Soon after coming to the city he connected himself with the Presbyterian church and lived a life consistent with its doctrine, and died in its faith.

Mr. Paris was strictly a just and honest man. He was also very charitable--not the kind that gets in the papers. His family learned most of this about him during his last sickness, from people whom he had helped in various ways, causing to inquire about him and wish for his recovery.

On January 20, 1895 he married Miss Mattie Maria Bynum. His widow and three children--the youngest not yet a month old, survive him, and have the sympathy of our entire community.
