Cream of Roses

Is a harmless liquid preparation for removing Sunburn, freckles, Tan and improving the complexion. When applied it is invisible and cannot be washed off. The dark line around the neck, caused by wearing tight fitting collars, is removed by Cream of Roses. 25c at BRADHAM'S PHARMACY.

"Knocked the Stuffing out of it."

and broke it into splinters, may have been the fate of your carriage when it was run into by something, but "there is balm in Gilead," or there is pleasure in knowing that is, our shoes you can have it made good as new. We do all kinds of repairs and blacksmithing in a skillful and superior manner.

We put Rubber Tires on your old or new wheels. We shrink your loose tires in a special machine cutting them. Everybody is invited to see the work of the machine making new tires in same old place.

RALEIGH.

Chief Dawson's of Elizabeth City, Libel Suit.

Two Thousand New Pension Applications. Very Young at Marriage. Political Forecast

Mrs. Bunch Buried. Missionary Pledge Given.

RALEIGH, Sept. 24.—State Auditor Dixon today completed the examination for the State pension board of the more than 2,000 new applications for pensions.

The State board of examiners of public instruction met here again today. It is composed of W. P. Wood, J. P. Jeter and T. W. Patton. It had a conference with the Governor today.

Chief of Police Dawson of Elizabeth City sued a self-formed "citizens committee" there for libel, growing out of a publication made by it regarding him and the Cropper case. The court below held there was no libel. The Supreme Court sustains this and says no special damage resulted and that the words used by the citizens committee did not impute to Dawson unfitness to perform the duties of his office or want of integrity.

A charter was granted today to the Piedmont Electric Company of Asheville.

Among today's arrivals were M. E. Manly, New Bern; Edwin A. Holt, Burlington.

Rev. W. C. Newton of the Baptist church at Greensboro, goes to China as a missionary. Piedmont Association has pledged itself to bear his expenses. His own church promised him \$500, but gave him \$750.

The age of two large oaks which died in the capitol square and were cut down this week was found to be 160 and 170 years respectively.

Some of the applicants for widows pensions give their ages at from 44 to 50 years, and this in spite of the fact that in order to receive pensions they must have married a soldier prior to April 1, 1865. The one who gives her age as 44, was therefore only 7 years old at that date. Of course all such applications are rejected.

Secretary of State Grimes and State treasurer Lacy spoke in the campaign in Harnett county today and will make three more speeches in that county.

State labor commissioner Varner, who arrived today from Lexington, says he has been all over the 7th Congressional district and that there is less of the independent movement there than in any other district. He says the Democrats will sweep every county except Yadkin and Davis and that there is a prospect of their carrying Davis, while the Re-

publican majority in Yadkin will be reduced.

This afternoon Mrs. T. V. Bunch, the wife of station-master Bunch of the Union passenger station here, and mother of Mr. R. E. L. Bunch, ex-general passenger agent of the S. A. L., was buried here. Her age was 69. Two weeks ago she fell from a step ladder, breaking her hip and sustaining internal injuries which caused death.

THE COTTON EXCHANGE.

The Enlarged and Improved Facilities of J. E. Latham & Co., a Great Advantage

One of the busy places of the city is the J. E. Latham & Co's Cotton Exchange, where in addition to the buying of cotton for the market and conducting a general stock jobbing business, they do an extensive wholesale business in meats.

They have made some changes in their business this week, having instituted a private direct wire from New York and Chicago thereby enabling them to get more complete daily market returns and quicker service.

They now quote the stocks on several corporations. The upper story of the building is for the exclusive use of their telegraphic business.

An office has recently been established in Norfolk where Mr. Latham is located and they are placed in touch with one of the leading cotton markets of the country.

These changes enable the firm to serve their patrons better and they are equipped now to do business on a much larger scale and their customers will have a great advantage also.

GOES TO GERMANY.

Particular Travelers Demand the Importance of American Articles.

"I had drunk coffee since babyhood, and although I was very nervous and dyspeptic, could not and would not believe that coffee had anything to do with it," writes an American lady now living in Munich, Germany.

"My physician finally convinced me that coffee was at the bottom of all my troubles, and I tried many things to take its place, but nothing satisfied the craving for real coffee. At last one day in a half-hearted, despairing mood, I bought from the grocer some Postum Food Coffee. My grown-up daughter, who by the way had inherited my taste for coffee and also my nervousness, laughed and said, 'Don't you know that nothing can take the place of well made coffee, half Java and half Mocha, with plenty of cream?'

"I firmly believe it," I replied, "but a drowning man will grasp at a straw, and I am getting more nervous every day and eat hardly anything at all, and Dr. E. L. Haughton has returned back home from an extended visit to relatives at Pittsboro.

Miss Bertha Tucker of New Bern is teaching school at this place. She is especially liked by the children and also by the older people.

Dr. O. J. Bender is visiting his brother here this week, but will leave for Pamlico county in a few days.

We are glad to see that Mr. John E. Mattocks has been appointed Vice President of the Asheville College.

Sept. 23.—The farmers are selling their cotton early this season, most of them are selling as fast as they get it ready.

Mr. E. L. Haughton has returned back home from an extended visit to relatives at Pittsboro.
