Cream of Roses

Is a harmless liquid preparation for removing Sunburn, Freckles, Tan and improving the complexion. When applied it is inviolable and cannot be washed off. The dark line around the neck, caused by wearing tight fitting collars, is removed by Cream of Roses. 25c. at BRADHAM'S PHARMACY.

"Knocked the Stuffing out of it"

and broke it into splinters, may have been the fate of your carriage when it was run into by something, but "there is balm in Gilead" or there is pleasure in knowing that in our shop you can have it made good as new. We do all kinds of carriage repairing and blacksmithing in a skillful and superior manner.

We put Rubber Tires on your old or new wheels. We shrink your loose tires in a machine without cutting them. Everybody is invited to see the work of the machine putting new bolts in same old places.

North Front St.

RALEIGH

North Carolina Day in Public Schools.

Rules For Filing Briefs. On Trial For Murder. S. A. L. Wreck Cleared. Pension List. Needed Rain Fall.

RALEIGH, Sept. 25.—State Superintendent of Public Instruction Joyner will in a few days designate the day which will this year be observed as "North Carolina Day" in the public schools. Last year the day selected was too early, as many schools were not open. He will in all probability select the Friday after Thanksgiving day. Then all the schools will be open. There will be special exercises.

The Supreme Court today announced a rule amending the rules regarding the filing of briefs. Printed briefs are now required in all cases, except in paper appeals. The appellant must file his brief on Thursday before the call of the district to which the case belongs, and the appellee must file his on Monday of the week of the district. Printed copies of the above amended rules will be sent to the clerk of court in each county and to attorneys practicing in the Supreme Court.

In the Superior court here today, Lorenzo Morris, white, said to be about 35 years old, was put on trial for the murder of Mrs. Osharline Bailey, whose age was over 60. She was killed in the yard of her home, 23 miles from here, near the Granville county line, and was found lying on the ground with her skull split open and a bloody axe a few feet away. Your correspondent had a talk today with a man who married a sister of Morris', and this man said Morris was not bright as to intellect; that he and Mrs. Bailey once walked all the way to Raleigh to marry, but that after she gave him \$5 with which to buy the license he decided not to marry and they walked back. She broke down 14 miles from here, and there Morris left her and walked home. Later he said if she would pay for a buggy he would take her to Oxford and they would marry. She gave him the money, but they never went. She wanted to marry him. She had some property. He was teased a great deal about her and was heard to say that he would go over to her house and kill her some day. After his arrest he claimed that Lawrence Davis, a young man of Granville county, had hired him to kill the woman and had promised him \$50 for that work. Davis' arrest followed but he was quickly released on bail, as the story was not believed, but people were sure Morris was the murderer.

Counsel for the defence suggested and solicitor accepted murder in the second degree, as Morris was clearly partially unbalanced mentally. The judge thereupon sentenced Morris to 30 years in the penitentiary.

The Seaboard Air Line trains blocked by a wreck near Harry Oaks yesterday morning, got through this morning. The loss by the wreck, to cars and private property is heavy.

State Auditor Dixon finds that there were 2186 new applications for pensions of these about \$500 passed. Of the new applications \$47 were by widows and \$2561 by soldiers. During the year 99 widows and 166 soldiers are reported to have died and this number will reach 303. There were last year 9930 pensions. The net gain this year will be about 3000. Auditor Dixon says this is, in his opinion, the high water mark, and that hereafter the number will grow less and less. The law provides that when the pensions are proposed the reduction shall apply more particularly to the 4th class soldiers and to widows. Last year the 4th class and widows got \$90 annually; this year it appears they will receive \$15.

Each needed rain set in today. Streams are very low. For several days this city's water supply has taken nearly all the flow of Walnut creek.
Governor Aycock and Commissioner of Agriculture Patterson left here this morning for the piedmont section on a ten days campaign tour.

HON. CHARLES R. THOMAS

CONGRESSIONAL NOMINEE THIRD DISTRICT

News-Observer, Sept. 21st.
Hon. Charles Randolph Thomas was born in Beaufort, N. C. August 21st, 1861. He is a son of Hon. Chas. R. Thomas, who twice represented the New Bern district in Congress. He was educated at the New Bern Academy, the Emerson Institute of Washington City, and the University of North Carolina, graduating at that institution in 1881. He began the study of law under his father and finished his course at Dick and Dillard's law school in Greensboro, and was admitted to the bar in 1883. He has continued without interruption the practice of his profession. He was a member of the House of Representatives from Carteret county in 1887; was county attorney of Craven from 1890 to 1896; was presidential elector of his district in 1896. In 1898 he was elected to Congress and was re-elected in 1900. At that convention of his party he was recently unanimously re-nominated.

In the 56th Congress as well as in the 57th, Mr. Thomas has been constantly in attendance upon the sessions of the House. His record shows that he has seldom been absent from his seat and has never missed a vote upon the important questions or failed to speak upon the floor in behalf of the interests of his State and district.

In the 56th Congress among other important matters of legislation he passed

the Life Saving Service; bill for improvement of the Cape Fear River between Wilmington and Fayetteville, and upon sundry other subjects, not only of local, but of national importance.

In the 57th Congress the Representative of the Third District has secured the passage of a bill establishing a Life Saving Station at Bogue Inlet, Onslow county, North Carolina, which means the appropriation of more than twenty-five thousand dollars for the construction of said station, and an annual pay roll of about six thousand dollars for captain and crew to man the same. He secured a public building for Goldsboro.

He also secured in River and Harbor Bill liberal appropriations for all the rivers and harbors of his district, including survey of New River, Onslow county; Neuse River, from Goldsboro to New Bern, and Carol Island Slough, involving and expenditure by the Government of several hundred thousand dollars.

In connection with the Representative of the First District, Mr. Small, by personal influence and advocacy of the same upon the floor secured the incorporation in the Urgent Deficiency Bill of an additional appropriation of twelve thousand, five hundred dollars for the Marine Biological station at Beaufort, North Carolina.

He also secured a favorable report for

HON. CHARLES R. THOMAS.

ed the following bills for the Third District:

Bill appropriating six thousand dollars for repair of roadway to the National Cemetery at New Bern, N. C.

Bill to establish terms of the United States Circuit court at New Bern and Elizabeth City, N. C.

Bill increasing the pay of Surfmens in the Life Saving Service.

Bill making an appropriation to pay the New Bern Masonic Lodge for the use and destruction of its property during the Civil War.

Bill to pension Irving Johnson, Mrs. Mallard, of Jones county, and others.

He secured in the River and Harbor Bill appropriations and surveys for every river in his district.

He secured an incorporation in the Omnibus Bill to pay Southern War claims of every bill presented by him on behalf of his constituents.

In accordance with his party's platform, he opposed the Republican policy of imperialism in a speech highly commended.

He also made speeches, in behalf of the Masonic Claims Bill; bill for repair of roadway to the National Cemetery at New Bern; bill increasing pay of sur-

the construction of a revenue cutter of the first class to be constructed at the cost of one hundred and seventy-five thousand dollars, to navigate Pamlico and Albemarle Sounds and Neuse River.

He also secured favorable reports upon sundry pension bills and other claims.

In the matter of Rural Free Delivery routes Congressman Thomas has also been exceedingly active and diligent, and has succeeded in having a large number of such routes established in the Third District.

For Carteret county the Representative of the Third District has been authorized to say that he will secure an additional Life Saving Station, for which an appropriation has already been made by law to be situated at Beaufort. This station was authorized sometime ago, but there was some controversy as to the location of the Old Topsail Inlet. Mr. Thomas presented, after diligent search such proofs in the Superintendent of the Life Saving Service as to convince him that this station should be built at or near Beaufort harbor.

Fig Feet, Fresh Trips and Boneless Fig Hooks at the Oaks Market.

We are prepared to furnish in any quantity and on short notice
